City Manager's Budget Message

\$47.5 Million minus \$38.7 Million = \$8.8 Million or 19% Less

The economic downturn has affected the City of Rancho Cordova like most cities throughout California and the U.S. The impacts of falling revenues, particularly from sales taxes, building permits, and decreasing property values, has required the City of Rancho Cordova to make increasingly difficult choices about the priorities, projects, and services we are able to fund.

During Fiscal Year 2006-07, we received our highest amount of total revenues in the general fund, depicted by the “peaked” chart below. Decreased consumer spending, flat or decreasing assessed property values, and changes in some of the revenues we have received since incorporation have taken their toll on the City’s budget in the years after FY 2006-07, and will continue to affect the health of our revenue stream for the next several years.

Sales taxes have declined nearly 19% since our peak sales tax revenues in 2005-06; this translates into a decrease of \$2 million in annual sales tax income. Property taxes are another leading cause of decline in our revenues. Our property tax revenues are expected to decrease in FY 2009-10 by \$835,000 from the FY 2008-09 budget, reflecting a decline in assessed values in the city.

Projections for FY 2010-11 show very limited growth in various revenue sources. We expect revenues to “bottom out” in FY 2010-11, after which they will remain stable rather than increase.

May 19 Election

This year presents several external risks from the State, including the potential for several months of deferrals in Gas Tax revenue and Proposition 42 revenues for road maintenance, delayed mandated payments, borrowing of up to 8% of last year's property taxes, and other possible revenue shifts that could be imposed by the State. Due to the precariousness of the State budget and the failure of Propositions 1A – 1E on the May 19 election, local governments could be seeing drastic changes to their revenues and abilities to control local matters as the State considers continued borrowing of local government property tax revenues or other potential shifts of local revenues.

VLF “Bump” Disappears

FY 2009-10 is the final year of the City's Vehicle License Fee (VLF) supplemental revenue, or what is commonly referred to as the revenue “bump”. This revenue, according to Revenue and Taxation law in effect prior to July 2004, was allocated to newly incorporated cities in an amount equal to three times the number of registered voters in the City at the time of incorporation. Since FY 2003-04, we have received an average of \$784,000 per year in the VLF “bump” with \$520,000 estimated for FY 2009-10. In FY 2010-11, Rancho Cordova will only receive its “normally” allocated VLF revenue according to current State law. This amount is significantly less than what is currently received due to the loss of the “bump” and due to the “eating away” of VLF allocation by excess State administrative fees and overall declining VLF revenues.

Other City Funds Affected Too

Non-general fund revenues are also affected by the downturn in the economy, particularly those dependent upon consumer spending, such as Measure A sales tax and gas tax money for road maintenance. Trends show that gasoline consumption in California continues to fall, in step with high unemployment rates and decreased car sales, all of which affect the monies we receive through the State gas tax and Proposition 42 revenue for road construction and maintenance. We could see up to a 25% reduction in these types of revenues over the next several years, which greatly affects our ability to maintain streets, streetlights, traffic signals, and other infrastructure.

Additionally, the formula for allocation of funding from new Measure A funds is different from the old Measure A allocation method. The new Measure A allocation of construction dollars has been restructured to provide project specific funding for regional projects. As a result, the Measure A construction funds that have been traditionally used to fund transportation programs such as sidewalk and ADA improvements, traffic signals, and neighborhood traffic management have been reduced by approximately 20%.

Strategies to Manage the 19% Revenue Loss in the General Fund

All this means that we are faced with significant changes in our revenues, limiting the resources with which we serve our residents and businesses. For the past several years, our City staff has been closely monitoring our finances and carefully making projections for the future. We make it a practice to follow sound budgeting practices, and we've taken several specific actions over the last three years to accommodate this downward trend through a variety of revenue enhancement strategies, entrepreneurialism, reuse of existing resources, and expenditure reductions.

These strategies have included:

FY 2006-07

- Renegotiated the revenue neutrality payment stream with Sacramento County
- Brought several Public Works functions in-house and negotiated contracts with private engineering firms, reducing our dependency on, and therefore our contract costs to, the County
- Initiated a three-year grant of seed money to the Cordova Community Council to serve various community needs that the City did not have the capacity to provide
- Began leasing City Hall space to Pacific Municipal Consultants (PMC)

FY 2007-08

- Renegotiated the contract for police services
- Left several positions vacant in communications, animal services, economic development, and public works
- Began leasing City Hall space to McKesson

FY 2008-09

- Started the Money Matters group to “mine the minds” of our employees for ideas to enhance revenues and reduce costs
- Finalized a revenue sharing agreement with a cardroom applicant requiring a share of gross gaming revenues above certain dollar amounts, which will result in additional City revenues of approximately \$100,000 per year
- Placed Measure B on the May 19, 2009 ballot to modernize the Utility Users’ Tax (UUT) ordinance and provide some funding for police, code enforcement, and neighborhood services, preserving up to \$650,000 per year and potentially generating additional revenues of \$800,000 per year
- Renegotiated several contracts to lower our costs such as: street sweeping, animal services, and our annual audit
- Changed internal meeting practices to reduce expenses
- Conducted targeted business outreach to retain existing businesses
- Updated animal license fees and police fines for parking violations

Our staff has taken full ownership of managing the City’s measured response to the 19% cumulative revenue drop to ensure that our organization is operated in an efficient and resourceful way. We are constantly involving our employees in seeking innovative ways to enhance our financial position. While we have many good ideas and strategies that we are currently exploring, some have not been brought to fruition for the FY 2009-10 budget, but will be available for FY 2010-11.

Fiscal Year 2009-10 Budget Realities

During the 2009 Financial Issues Workshop on February 13, we informed the Council that, given current spending levels and revenue projections, we would have a \$2.48 million shortfall as we start FY 2009-10. After further review and analysis of the economic climate, incoming revenues, and projected expenses, staff found that the shortfall was actually \$2.98 million. **In keeping with the strong foundation of sound fiscal management that we have had in the past five years, this year’s adopted general fund budget of \$38,698,700 is in balance with no use of reserves or carry-over fund balance.**

This budget gets into the “meat” of the organization; our funding priorities will have visible effects on our internal, and in some cases external, operations. The following strategies have been utilized to reduce expenses by the \$4.8 million total revenue drop since last year’s budget was adopted.

Internal Adjustments

Rather than immediately reducing services to our citizens, we first looked inward to identify ways in which we can reorganize and realize savings with increased efficiencies. For example, we have recently combined the Public Works and Building & Safety departments to streamline our development services.

We have budgeted 11 fewer City staff positions. Many of these positions have been vacant due to the contraction of the economy, particularly in development services. Some positions that are gone were directly tied to the creation of several completed City foundation-building projects, such as the General Plan and Zoning Code update. We have also eliminated positions that have never been filled and are using funds other than the General Fund to pay for some positions where appropriate.

Changes that Affect Our Existing City Staff

Personnel changes, which we are handling humanely, gently, and sensitively, include eliminating annual salary range increases (outside of normal merit step increases) and reducing some benefits. We are also proposing seven specific furlough days for the next fiscal year during which City Hall would be closed.

We have made several adjustments to our internal operational expenses that have little visibility or effect on the public even though we have reduced our workforce by 13%. This year’s budget contains 10 fewer contract positions through Sacramento County, Pacific Municipal Consultants, other private contractors, and contract positions in the Police Department.

Public Safety

Public Safety continues to be the greatest single expenditure in our General Fund. This community’s investment in police services consumes 90% of 3 taxes (sales, net property, and police) combined. This year, the Police Department did an excellent job of involving staff in bringing forward and implementing innovative ways to reduce budget imbalances. Both the Police Department and the budget team have gone through this year’s police services budget with a fine-toothed comb and have decreased the Sheriff’s proposed \$16.9 million budget (initially to be \$1 million more than last year) by \$780,000 in additional revenue reimbursement, reorganization savings, and administrative costs and have reduced vacant budgeted positions for an additional \$537,000 to produce a final net expense of \$15.6 million. In order to fund flexible staffing needs and specialized equipment unique to our Police Department, we have included an additional \$46,000 of expenses in the General Fund Police Department, bringing their total expenses to \$15.65 million.

External Changes with Some Impact to the Public

In producing a balanced budget, our highest priority is to keep external impacts to a minimum. We have paid attention to the results of recent public opinion surveys, input from residents via our online Comcate service request and customer feedback tool, and thoughtful analysis of our service needs.

Being mindful of what touches a large segment of the population, we have not cut services in Code Enforcement, Animal Services, passport issuing or in capital maintenance and investment. However, citizens who use services at our front counters, Rancho Cordova Neighborhood Center, or call in to our offices will be affected by the closure of City offices during seven planned furlough days that employees must take in the coming fiscal year.

Projects Not Funded

Some of the things for which we have not budgeted are:

- Community Prosecutor (though we have included some funding in the City Attorney's budget and supported a grant application to continue this service)
- Cordova Recreation and Park District (CRPD) Master MOU (this may be funded in the current fiscal year)
- Consulting for Downtown/Convention Center planning
- Business License ordinance revision
- Supplemental public relations support
- Consulting for annual salary study
- Study trips and programs
- Printing and mailing for the residential Blight Busters program
- Diminished funding for landscaping services
- Studies related to the feasibility of creating a fairground

In addition, financial support to outside organizations and events has been reduced.

Revenue Enhancement and Entrepreneurial Strategies

There are several strategies that we will be looking at and pursuing over the course of the new fiscal year to generate revenues:

- Continuing to pursue annexation of the "finger area" bounded by Sunrise Boulevard on the west and Highway 50 to the north
- Grant funding and economic recovery funds
- Renegotiating our phone services contract
- Recommended increases including solid waste franchise to recover costs of commercial street sweeping
- Constructing burial plots at Kilgore
- Increasing community room rental rates to current market rate
- Renting of the Kilgore building
- Electronic billboard signage
- During the February 2009 Financial Issues Workshop, staff proposed to Council increasing user fees to accurately match the cost of providing such services, as required by State law. Staff will bring this item to Council in the future for discussion.

- Exploring with qualified consultants several substantive changes in police staffing and structure

While these projects are currently being explored, we have not budgeted any revenues since none are yet guaranteed.

We are positioning ourselves to take advantage of as many federal stimulus funding opportunities as possible. Our staff has been extremely proactive and responsive to regional meetings, deliberations, and project listings for federal stimulus money.

At this time, we have budgeted for certain federal stimulus dollars from the American Recovery & Reinvestment Act, including \$2.2 million for:

- Coloma Road rehabilitation
- International Drive extension & Folsom South Canal bridge

Another \$1.9 million is expected from stimulus funding and will be budgeted as received through the year, such as grants for a Neighborhood Stabilization Program, additional funds for Community Development Block Grant (CDBG), and a new Energy Efficiency & Conservation Block Grant (EECBG). In addition, we have applied for many other grant opportunities that could restore funding for some projects that were not included in this year's budget.

Economic Development remains a key focus this year, particularly on business creation and retention, with the goal of generating employment and revenue in Rancho Cordova. We look forward to several noteworthy projects opening during the fiscal year, including the reopening of a new, larger Target, the new opening of Kohl's in former Mervyn's spot, continued filling of retail space in Capital Village, and the opening of the new Zinfandel Place development with new restaurants and office tenants.

Realities and Priorities

Our budgeting approach this year was based on funding for specific projects and services, rather than using previous baseline budgets to make across-the-board cuts. We are focusing on maintaining and sustaining our core services to our citizens. In some cases, our reorganization will allow our staff to "do more with less," but in some cases, we're simply doing less.

All of this requires clear articulation of priorities and values. As mentioned, we have used valuable input from three public opinion surveys conducted over the past year, regular feedback online through our Comcate feedback program, focus groups, and other means of receiving customer feedback. **As elected officials with an ear to what your constituents desire, we look forward to receiving your guidance on the types of priorities that we should stay focused on in the next few, difficult years to ensure that we continue to provide responsive, and responsible services to the citizens of Rancho Cordova.**

Acknowledgements

Many thanks to our dedicated staff who have contributed to the thoughtful planning and preparation of the FY 2009-10 budget. The primary responsibility for preparing this year's budget belongs to Finance Director Donna Silva and our Senior Accountant Liisa Behrends. The Advisory Team, which consists of Finance Director Donna Silva, Assistant City Manager

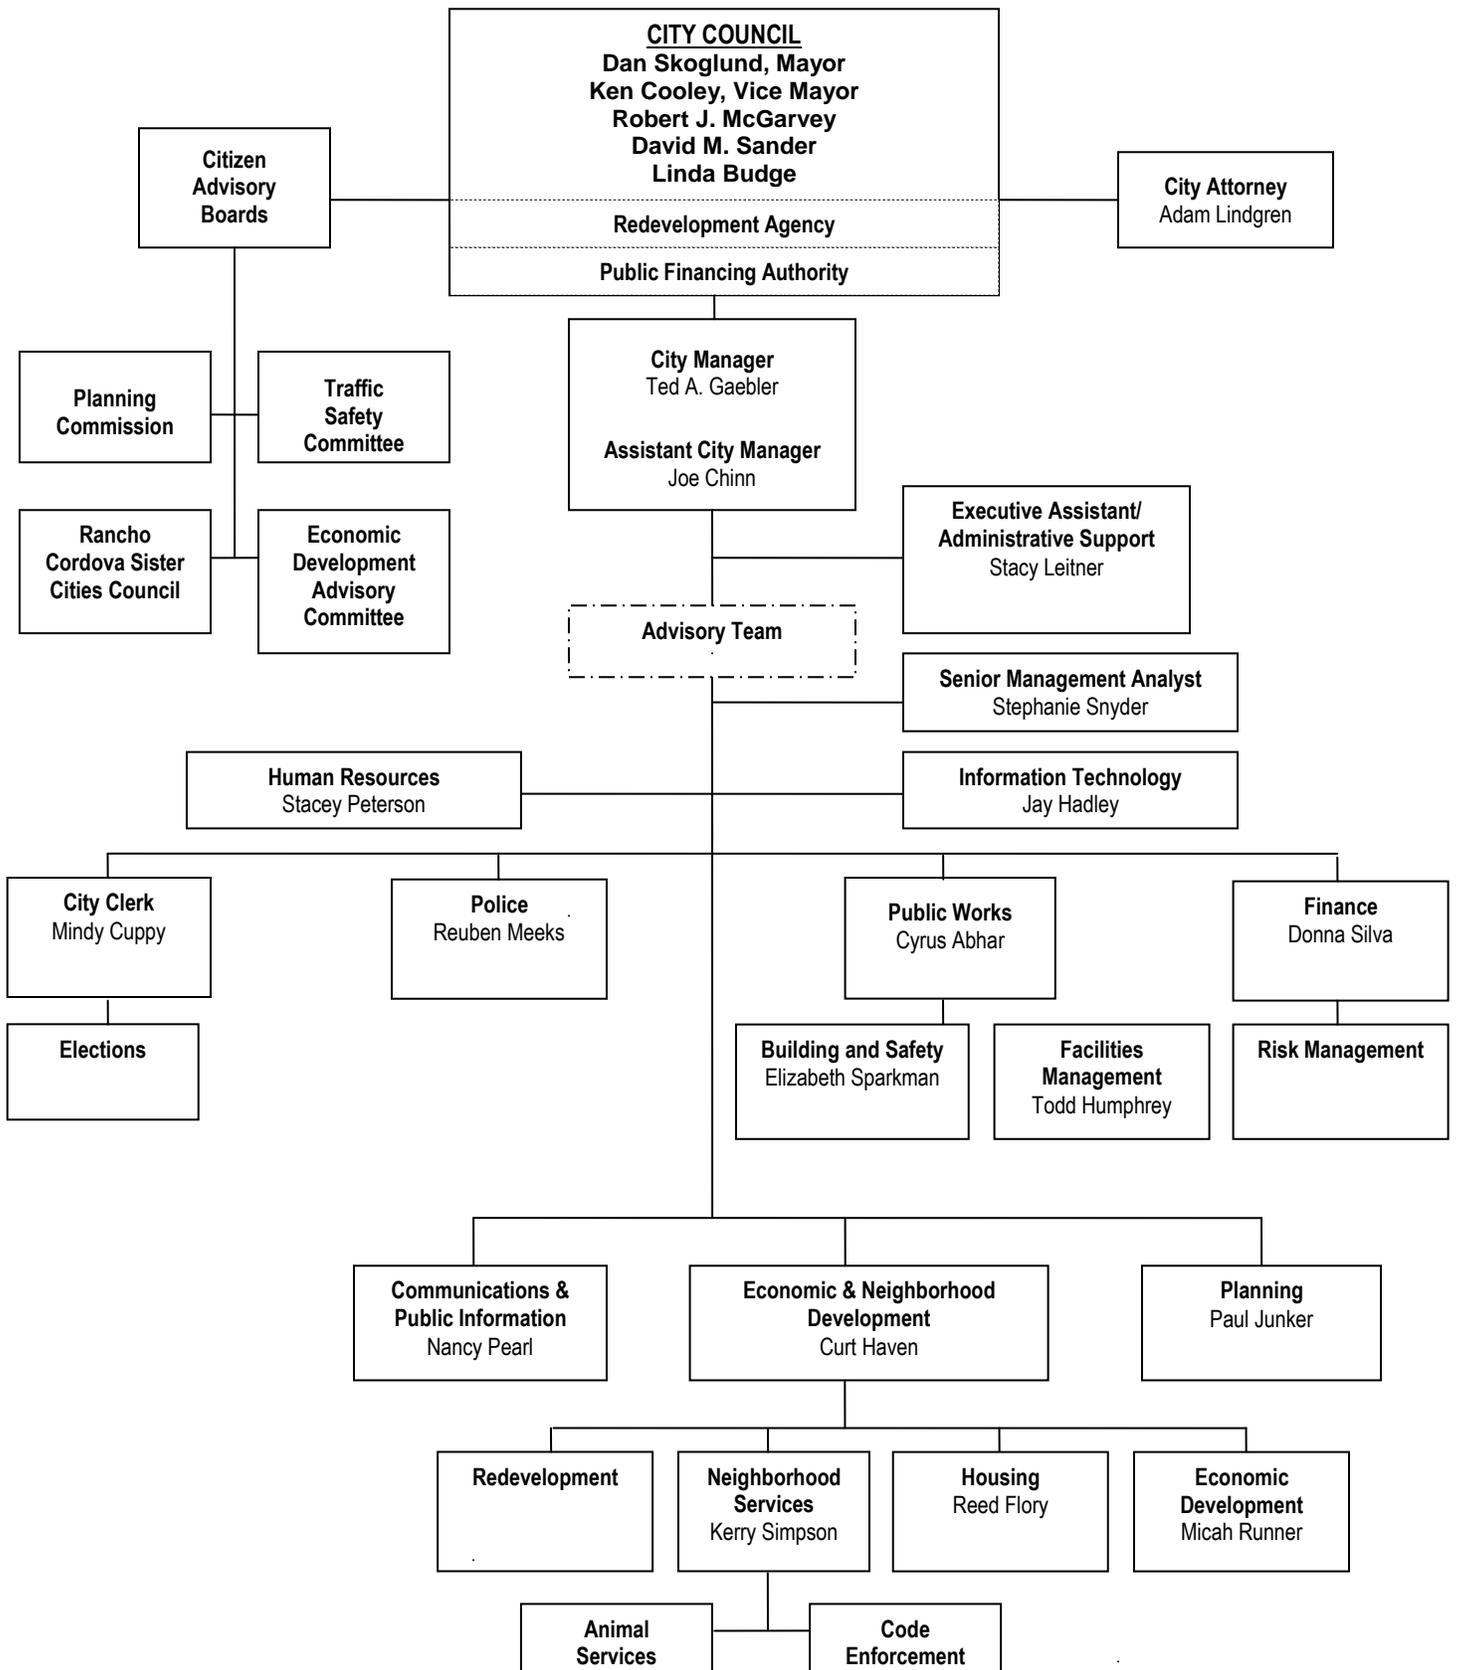

Joe Chinn, Public Works Director Cyrus Abhar, and Planning Director Paul Junker, should also be thanked for their careful and intelligent work in crafting this adopted budget. My sincere thanks to Human Resources Manager Stacey Peterson, Senior Management Analyst Stephanie Snyder, Management Analyst Alexandra Miller, Administrative Assistant Stacy Delaney, Executive Assistant Stacy Leitner, Administrative Secretary Stephanie Nobriga and all of the department heads and staff who were flexible in their planning and firmly committed to building a culture of collaboration in a challenging time. Our staff is, and always will remain, our greatest asset.

Ted A. Gaebler
City Manager

ORGANIZATIONAL CHART - CITY OF RANCHO CORDOVA

JULY 1, 2009

Citywide Goals

- 1. Foster a Positive Image of Rancho Cordova**
- 2. Improve Transportation and Connectivity**
- 3. Champion Employee Development and a High Performance Work Environment**
- 4. Ensure the Availability of the Best Public Services in the Region**
- 5. Establish a Vibrant Downtown**
- 6. Ensure a Safe Community**
- 7. Improve the Quality of Housing in Rancho Cordova**
- 8. Sustain a Livable Community**
- 9. Drive Diverse Economic Opportunities**
- 10. Foster Responsible Citizenship**
- 11. Practice Sound Fiscal Management**
- 12. Establish Logical (City) Boundaries**
- 13. Continue to Provide Regional Leadership**

Community Profile

Introduction

This section of the FY 2009-10 budget document provides general information about the City of Rancho Cordova, its demographics and its economic climate. The goal of this section is to inform the reader about the environment in which City leaders make decisions during the budget process. This section will also make it easier to examine and understand other sections of this budget document, highlighting the needs and desires of City residents and how City services can meet those needs.

Rancho Cordova's budget is a policy document that reflects the City's policies, goals and priorities. It is also a communications tool, informing residents of the short and long-term issues and challenges confronting the City. The budget document reflects the goals of citizens and leaders alike, bearing in mind the resources the City has available.

Figure 1: The Sacramento Region (Source: Mapquest.com)

Location and Demographics

The City of Rancho Cordova was incorporated on July 1, 2003, and encompasses 33.6 square miles on the Highway 50 corridor between the City of Sacramento and the City of Folsom. It is bound by the American River to the North.

The most recent population estimate for the City of Rancho Cordova is 61,817, according to a May 2009 estimate by the California State Department of Finance. This represents a 1.38% population increase from 2008.

Residents

According to a 2002 study by the Public Policy Institute of California, Rancho Cordova experienced the most dramatic increase in diversity (out of all California cities) during the 1990s.ⁱ Rancho Cordova continues to be a community rich in diversity. This attribute presents valuable assets as well as unique challenges. The four major non-English languages spoken in Rancho Cordova are Spanish, Ukrainian, Russian and Armenian, in addition to many other languages.

Overall, the City's ethnic makeup is comparable to those of California and Sacramento County.ⁱⁱ

Area	White	Hispanic	Black	Asian	Multiple Races	Other
California	59.8%	35.9%	6.2%	12.3%	3.3%	18.40%
Sacramento County	60.8%	19.3%	10.1%	13.7%	4.2%	11.10%
Rancho Cordova	53.6%	16.7%	11.8%	10.2%	6.3%	.3%

Figure 2: Rancho Cordova Demographic Profile

Education

Rancho Cordova students are served by four school districts, with the majority of schools in the Folsom Cordova Unified School District. Two elementary schools in the Sacramento Unified School District serve students in the western portion of Rancho Cordova, and students in the recently developed Anatolia area are served by Elk Grove Unified School District. A small number of students attend schools in the San Juan Unified School District.

Data on the educational status of Rancho Cordovans shows that approximately 84% of residents 25 years or older have a high school education and 19% of residents hold some type of college or post-secondary school degree. In Sacramento County, 85% of residents 25 years or older have a high school education and 28% of residents hold some type of college or post-secondary school degree. In the State of California 80% of residents 25 years or older have a high school education and 37% of residents hold some type of college or post-secondary school degree.

Housing

According to a 2008 estimate, the total household number is 24,463, with 15,346 single family units.ⁱⁱⁱ Rancho Cordova saw a rapid increase in single family home production during the first few years of incorporation, with a total of 2,519 permits issued from July 2003 to June 2006. Following a nationwide slowdown in the housing market, and nearing the end of several development projects, the number of single family home permits issued decreased to a total of 684 permits issued from July 2006 to June 2007, and to 334 permits issued from July 2007 to June 2008. It is estimated that 200 permits will be issued between July 2009 and June 2010. Rancho Cordova has been affected by the foreclosure crisis that has affected many communities in the nation, but at a slower rate than other cities.

Economy and Jobs

State Economy and Budget

California and the rest of the nation is in the midst of the worst recession since the Great Depression. The State's unemployment rate of 11.2% (as of March 2009) is the highest unemployment rate on record and is expected to increase over the next several months, albeit at a much slower rate than recently seen.^{iv} At the heart of the recession is the bursting of the housing and credit bubbles, combined with sharp declines in consumer spending. On the plus side, both existing home sales and the inventory of unsold homes improved substantially from a year earlier.^v Economists are predicting that we are approaching the bottom of the recession but warn that the rebound, expected to start in 2010 will be painfully slow.

Compounding the effects of the economy on local government budgets is the uncertainty surrounding the State Budget. The FY 2009-10 Governor's budget projected that the state would end FY 2009-10 with a \$40 billion deficit if no corrective actions were taken. In response, in February 2009, the Legislature and the Governor agreed to a \$42 billion package of solution. This package includes spending reductions, temporary tax increases, the use of federal stimulus funds and borrowing from future lottery profits. Almost \$6 billion of the package depends on voter approval at a May 19, 2009 special election.^{vi}

In a May 2009 letter to the Legislature, the Governor indicated that due to lower than forecasted revenues, the State will face a projected \$15.4 billion budget shortfall if the ballot measures are approved on May 19th and a \$21.3 billion shortfall if they are not approved.^{vii}

Sacramento Region

The six-county Sacramento Region lost 5% of its payroll jobs during the 12 months ending March 2009 – an absolute decline of 46,900 jobs. The region's economy is now essentially the same size as it was in 2003. The unemployment rate in Sacramento County was 11.3% as of March 2009, just slightly higher than the State unemployment rate of 11.2%. The recent acceleration of job losses is due to slowing growth in nearly every major sector with the Leisure & Hospitality, Professional & Business Services, Information, Transportation and Utilities sectors experiencing the most severe downturns. Similar to many other markets throughout the state and nation, only Education and Health services has held its own since early 2008.^{vii}

Although the region was one of the first to feel the decline in the real estate collapse, certain indications are that it may be in the early stages of a recovery. Investors and first time homebuyers are taking advantage of low priced foreclosed homes. Sales are up 45% from last year and the level of inventory is decreasing. The purchase prices are down nearly half from the 2005 highs, which will continue to have a negative impact on the level of assessed value growth.^{vii}

Rancho Cordova

The City of Rancho Cordova is fortunate to have a strong employment base. There are approximately 45,000 employees in the various business parks located throughout the City, and this large employment base will continue to drive both residential and commercial growth within the City. Rancho Cordova attracts businesses and economic development into the area based on its attributes of:

- Affordable and seismically-stable land
- Large business park environment
- Strong workforce
- Access to infrastructure and air cargo services
- Synergistic clusters of business industries such as home improvement and manufacturing

The largest industries in Rancho Cordova are professional and business services, financial activities, and wholesale and retail trade.

Transportation and Land Use

Rancho Cordova is fortunate to have excellent transportation access along its major thoroughfares. Sacramento Regional Transit (RT) provides transit services to Sacramento County by light rail and bus. Light rail services traverse the Interstate 50 Corridor, and include four stations in Rancho Cordova. RT is responsible for maintaining this infrastructure. The City's Public Works department plans for future development and revitalization of existing infrastructure, contracting with Sacramento County Municipal Services Agency to make routine repairs to existing streets.

The City will implement a demonstration shuttle service during the summer of 2009. The residents, visitors, employers, and employees that help our community flourish enjoy light rail service that allows mobility throughout much of the Sacramento region. Light rail service is accessible on the north side of Highway 50. Unfortunately, those south of Highway 50 are challenged with a formidable, physical barrier when attempting to use light rail. A key goal of the demonstration shuttle service will be to link the south to the north and mitigate the difficult pedestrian access over the Zinfandel/Highway 50 Interchange and provide better connectivity with the light rail system.

As the City finalizes its land use and transportation elements of the General Plan, citizens should expect to see greater flexibility in both the modes and routes of transportation, and an increased focus on pedestrian and bicycle mobility. Future land use and transportation policies will reflect the City's desire to foster efficient movement of people and goods around the City and within the region, and to promote an integrated mix of land uses that create lively and livable neighborhoods.

The Region

The Sacramento Valley region consists of six contiguous counties, centered around Sacramento County. The area saw rapid growth in housing and jobs in the past few years as both businesses and residents left the high-priced San Francisco Bay Area in search of more affordable land and housing options. Increased growth brought both prosperity and greater strain on infrastructure, agriculture and the environment in the region. Organizations such as the Sacramento Area Council of Governments (SACOG) and non-profit group Valley Vision were formed to create and implement guiding policies and goals region-wide to ensure responsible growth.

The City of Rancho Cordova is an active participant in regional organizations and maintains a commitment to continue to provide regional leadership.

The City is served by a number of different regional organizations, including:

- Sacramento Regional Transit: transportation services
- Sacramento Metropolitan Fire District: fire protection services
- Sacramento Municipal Utility District: electricity provider
- Golden State Water Company, California American Water, Southern California Water, Sacramento City Water and Sacramento County Water: water services
- Sacramento Regional Sanitation District: sewer services

- Allied Waste: garbage services
- Wells Sweeping: street sweeping services
- Cordova Recreation and Park District: parks, open space and recreation activities
- Folsom Cordova Unified School District, Elk Grove Unified School District, Sacramento City Unified School District and San Juan Unified School District: school districts

FINANCIAL MANAGEMENT POLICIES

General Policies

- All current operating expenditures will be paid for with current revenues.
- Budgetary emphasis will focus on providing high quality municipal services, recognizing the fundamental importance to the citizens of public safety and properly maintained infrastructure.
- The budget will strive to provide sufficient funding for adequate maintenance and orderly replacement of capital plant and equipment.
- The budget will reflect a higher priority for maintenance of existing facilities than for acquisition of new facilities.
- Future maintenance needs for all new capital facilities will be identified with the inclusion of the capital project.
- Strong customer service and productivity improvements with a focus on cost savings remain important budgetary goals.

Revenue Policies

- A diversified and stable revenue system will be maintained to shelter the City from short-run fluctuations in any single revenue source.
- Revenues will be conservatively estimated.
- Intergovernmental assistance in the form of grants and loans will be used to finance only:
 - Those capital improvements which can be maintained and operated over time; or
 - Operating programs that can either be sustained over time or have a limited horizon.
- In general, one-time revenues will be used only to support capital or other non-recurring expenditures. One-time revenues may be used for operating programs only after an examination determines if they are subsidizing an imbalance between operating revenues and expenditures; and then only if a long-term forecast shows that the operating deficit will not continue.
- Development process costs and related administrative expenses will be totally offset by development fees.
- The City will identify basic tax-provided services and will establish user fees and charges for services provided in excess of basic services and/or to non-taxpaying users.

Reserve Policies

- A minimum fund balance reserve in the General Fund will be maintained at all times. The minimal, optimal level required for this reserve will be 20% of the General Fund

operating budget. The reserve will be drawn down as a funding source of last resort and used only after other reserve accounts have been accessed.

- Commencing with FY 2008-09, the actual and final General Fund surplus will first be used to fully fund the required General Fund reserve. Fifty percent of any remaining General Fund surplus will be automatically appropriated as a transfer out of the General Fund to the Internal Service Reserve funds at the City Managers discretion. This will ensure that reserves for technology enhancements, equipment, and facilities are funded each year a surplus exists.
- The unappropriated fund balance in the General Fund will be maintained at a level sufficient to provide adequate working capital and to accommodate required adjustments to other reserve accounts, including the reserves for advances to other funds, deposits and prepaid items.
- Reserves for encumbrances are established at the end of every fiscal year to reserve fund-balance in the amount equal to the City's unpaid obligations and unfinished projects at yearend.
- Funding levels of General Fund reserves will be reviewed during periods of economic stagnation to avoid reductions in operating service levels.
- Appropriations or use of funds from any designated reserves will require City Council action.

Cash Management

- Investments and cash management will be the responsibility of the Finance Director.
- In accordance with Section 53646 of the Government Code, the City Council will review and update annually an investment policy. The primary purpose of this policy is to set forth the City's investment philosophy and objectives. The City's investment objectives are, in order of priority: safety; compliance with federal, state and local laws; liquidity; and yield. The policy also specifically outlines authorized investments, the maximum maturities allowed for each investment instrument, and the criteria used to determine qualified depositories and/or dealers.
- The City invests all idle cash as determined by analysis of anticipated cash flow needs. Specific emphasis will be placed on future cash requirements when selecting maturity dates to avoid forced liquidations and the potential corresponding loss of investment earnings.
- In order to maximize yields from the overall portfolio, the City will consolidate cash balances from all funds for investment purposes, and will allocate investment earnings to each fund that has a positive cash balance.
- The City will maintain the investment portfolio under the "Prudent Person Standard." The "Prudent Person Standard" is as follows: Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. The investment officer, acting in accordance with written procedures and the investment policy and exercising due diligence, shall be relieved of personal responsibility for the credit risk of an individual security or market price

changes, provided deviations from expectations are reported within 30 days and appropriate action is taken to control adverse developments.

- To protect against potential losses by collapse of individual securities and/or dealers, and to enhance access to securities, interest payments and maturity proceeds, all securities owned by the City will be held in safekeeping by a third party bank trust department, acting as the City's agent.
- The Finance Director will generate a monthly report to the City Manager and a quarterly report to the City Council in accordance with all state laws and City investment policy requirements.
- The City's independent auditors, in conjunction with their annual audit, will audit the cash and investment balances in accordance with Generally Accepted Accounting Principles (GAAP). In addition, the Finance Director shall establish an annual process of independent review by an external auditor to assure compliance with internal controls. The City Council may at any time order an audit of the investment portfolio and/or Finance Director's investment practices.

Debt Policy

- It is the intent of the City of Rancho Cordova to issue debt in a manner that adheres to state and federal laws, existing bond covenants and prudent financial management.
- The General Fund currently does not have any general obligation bonds and does not anticipate issuing such debt.
- When the City finances capital projects by issuing bonds, it will pay back the bonds within a period that is consistent with the useful life of the project.
- The City will not use long-term debt financing for any recurring purpose such as current operating and maintenance expenditures. Short-term debt instruments such as revenue tax or bond anticipation notes shall be excluded from this limitation.
- The City will generally conduct debt financing on a competitive basis. However, negotiated issues may be used due to market volatility or the use of an unusual or complex financing or security structure.
- The City will diligently monitor its compliance with bond covenants and ensure its adherence to federal arbitrage regulations.
- The City will operate under the provisions of Proposition 13, the California Constitutional Amendment that limits the incurrence of "general obligation" debt. To incur this debt, the City must receive a two-thirds (2/3) vote of the voters at a general election.

Cost Allocation

- The City has established internal service funds. Currently these funds are utilized to accumulate resources for specified needs and to fund those needs as they arise via transfers in and out to/from the General Fund. In the future, the internal service funds may be used to charge the departments for those resources accounted for in the internal service funds. The City currently has the following internal service funds:
 - Insurance Fund: currently used to accumulate resources sufficient to qualify for an increased deductible resulting in lower premiums.
 - Vehicle and Equipment Replacement Fund: currently being used to accumulate funds for the replacement of existing vehicles and equipment.
 - Technology Enhancement and Replacement Fund: currently being used to accumulate and provide funds for acquisition and replacement of technology equipment and software.
 - Capital Facilities Fund: used to account for accumulation of resources and the acquisition, construction, maintenance and remodeling of City owned building and facilities.

Risk Management

- The City is self insured for the first \$100,000 on each general liability claim and has no deductible on worker's compensation.
- Third party coverage is currently maintained for general liability claims greater than \$100,000 up to a limit of \$15 million. For worker's compensation claims the limit is \$200 million.
- The City maintains a comprehensive risk assessment program and annual hazard survey to identify areas that may pose liability issues.
- The City has a policy of vigorously defending claims filed against the City of Rancho Cordova and continues to maintain an excellent loss history.

Annual Audit

- Sound accounting practices suggest that an annual audit is a prudent business decision.
- The City requires an annual audit by a qualified independent accountant of the books of account, financial records, inventories and reports of all City officers and employees involved in the handling of financial matters.
- The independent auditing firm will be selected by the City based on a competitive proposal process. It is the policy of the City that the most qualified firm is selected and therefore the "lowest cost" approach is not the defining method of selecting an auditing firm.
- The City shall issue a Request for Proposal for audit services at least every five years.

ACCOUNTING STRUCTURE AND PRINCIPLES

City Government Reporting Entities and Services

The budget includes all of the funds and account groups of the City of Rancho Cordova. The City provides the following municipal services directly:

- Building Permit/Plan Approval
- Community Development
- Emergency Services
- Engineering
- Planning and Zoning
- Public Safety (Parks and Recreation and Fire being provided by a Special District)
- Street Maintenance
- Neighborhood Services
- Economic Development

Accounting System and Budgetary Control

In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition; and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a specific control feature should not exceed the benefits likely to be derived and the evaluation of costs and benefits require estimates and judgments by management.

All evaluations of the City's internal control will continue to occur within the above framework. The City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Basis of Accounting

The budgets of all governmental and fiduciary funds type are prepared on a modified accrual basis. Under the modified accrual basis, revenue is recognized when susceptible to accrual (e.g., when it becomes both measurable and available). "Measurable" means the amount can be determined and "available" means collectible within the current period or soon enough thereafter to pay current liabilities. This is generally within sixty (60) days after the end of the fiscal year. Expenditures are recognized when the related fund liability is incurred.

The budgets of the proprietary funds (enterprise and internal service funds) are prepared on an accrual basis. Under this method, revenue is recognized when earned and expenses are recognized at the time the liability is incurred. Under this method, depreciation for fixed assets is budgeted.

Fund Descriptions

The City's accounting records are organized and operate on a "fund" basis, which is the basic financial accounting entity in governmental accounting. The accounting system is designed to enable the use of these types of funds. Each fund is designed by fund type and classification:

- Governmental Funds: General, Special Revenue, Debt Service and Capital Projects
- Proprietary Funds: Enterprise and Internal Service
- Fiduciary Funds: Trust and Agency
- Account Groups: General Fixed Assets and General Long-Term Debt

Governmental Funds

Governmental Funds are used to account for the City's expendable financial resources and related current liabilities, except for those accounted for in proprietary funds. The basic financial statements necessary to fairly present financial position and operating results for governmental funds are the balance sheet and the statement of revenues, expenditures and changes in fund balance. Governmental funds are maintained using the modified accrual basis of accounting.

- General Fund: accounts for all the general revenue of the City not specifically levied or collected for other City funds and for expenditures related to the rendering of general services by the City.
- Special Revenue Fund: accounts for the proceeds of specific revenue sources that are restricted by law or administrative action for specified purposes.
- Debt Service Fund: accounts for accumulation of resources for, and payment of, interest and principal on long-term debt.
- Capital Project Fund: accounts for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Proprietary Funds

Generally Accepted Accounting Principles (GAAP) applicable to a private commercial business are applicable to proprietary funds of a governmental entity. The accrual basis of accounting is utilized. The measurement focus is based upon a determination of net income, financial position and cash flows. Accordingly, basic financial statements are required, such as the balance sheet, the statement of revenues, expenses and changes in retained earnings (deficit), and the statement of cash flows.

- Enterprise Fund: accounts for operations that are financed and operated in a manner similar to private enterprises, where the intent of the City Council is that the cost and expense (including depreciation and amortization) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.
- Internal Service Fund: accounts for activities involved in rendering services to departments within the City. Costs of materials and services used are accumulated in these funds and are charged to the user departments as such goods are delivered or services rendered.

Fiduciary Funds

Fiduciary Funds are maintained to account for assets held by the City in a trustee capacity for individuals, private organizations, other governments and other funds. Expendable trust funds are budgeted in accordance with their restrictions. The budget generally consists of a transfer of funds to another fund.

- Private Purpose Trust: used to report all trust arrangements, other than those properly reported in pension trust or investment trust funds, under which principal and income benefit individuals, private organizations or other governments.
- Permanent Trust: used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs; that is, for the benefit of the government or its citizenry.
- Expendable Trust: used to report resources that are not legally restricted to expenditure of principal and restricted to a specific purpose in accordance with a trust agreement.
- Agency Funds: used to account for assets held by the City as an agent or in trust.

Account Groups

Account Groups are used to establish accounting control and accountability for the City's general fixed assets and general long-term debt.

- General Fixed Assets Account Group: accounts for long-term assets of the City, except for those accounted for in proprietary fund types.
- General Long-Term Debt Account Group: accounts for long-term debt of the City, except for debt accounted for in proprietary fund types.

GASB 34

Beginning with the fiscal year ending on June 30, 2004, the City implemented the provisions of GASB 34 with the publication of our Comprehensive Annual Financial Report (CAFR). The CAFR presents the status of the City's finances on the basis of Generally Accepted Accounting Principles (GAAP). In most cases, this conforms to the way the City prepares its budget with the following exceptions:

- Compensated absences liabilities that are expected to be liquidated with expendable available financial resources are accrued as earned by employees (GAAP) as opposed to being expended when paid (budget).
- Principal payments on long-term debt within the Enterprise Funds are applied to the outstanding liability on a GAAP basis as opposed to being expended on a budget basis.
- Capital outlays within the Enterprise Funds are recorded as assets on a GAAP basis and expended on a budget basis.
- Inventory is recorded as an expenditure at the time it is used.
- Depreciation expense is not budgeted as an expense.

The CAFR shows fund expenditures and revenues on both a GAAP basis and budget basis for comparison purposes.

BUDGET POLICIES AND PROCEDURES

Policy

The City Manager shall submit a proposed budget to the City Council each year by May 31. The budget that is submitted is a balanced budget either through the matching of ongoing revenues with proposed expenditures or the use of existing reserves.

Budget Basis

The budgets of general government type funds (for example, the General Fund itself, and Gas Tax Funds) are prepared on a modified accrual basis. Briefly, this means that obligations of the City are budgeted as expenses, but revenues are recognized only when measurable and available.

The Comprehensive Annual Financial Report (CAFR) shows the status of the City's finances on the basis of Generally Accepted Accounting Principles (GAAP). In most cases, this conforms to the way the City prepares the budget. One exception is the treatment of compensated absences. Compensated absences, including accrued but unused Universal Time Off (UTO) are treated slightly different in the budget than in the CAFR.

Responsibility

The Management Team is responsible for preparing their budgets in accordance with the guidelines provided by the City Manager and Finance Director. The Finance Department provides cost experience data as required by City departments. The Finance Director prepares all revenue, debt service and reserve estimates.

Operating Budget

Ongoing operating costs should be supported by ongoing, stable revenue sources. This protects the City from fluctuating services levels and avoids crises when one-time revenues are reduced or removed. Listed below are some corollaries to this policy:

- Fund balances or contingency accounts should be used only for one-time expenditures, such as capital equipment and capital improvements.
- Ongoing maintenance costs, such as street resurfacing and trail maintenance, should be financed through recurring operating revenues rather than through bond issuance.
- In addition, at least \$1 million of transportation related funding should annually fund the annual overlay and slurry program.
- Fluctuating federal grants should not be used to fund ongoing programs.

Budget Review

During the budget review phase, the City Manager's Office, in conjunction with the Finance Department, analyzes new positions, operating and capital budget requests. This information is then compiled and the City Manager, Assistant City Manager and the Finance Director hold meetings with each department to review their estimated expenditures for the current fiscal year and the proposed baseline requests and enhancements for the proposed budget year. At the completion of these meetings, the Finance Director again compiles all the financial data and presents the Proposed Budget to the City Manager for review.

Budget Adoption

The City Manager presents, via publicly noticed study sessions, the budget to the City Council. Public hearings are held and after modifications and revisions, the budget is adopted by resolution (the "adopted budget").

Budget Implementation

A budgetary control system will be maintained to ensure compliance with the budget. The Finance Department is responsible for setting up the budget for tracking purposes and is charged with ensuring fund availability during the year to cover expenditures and appropriations. Reports comparing the budget with expenditures are generated and sent to departments on a monthly basis.

Budget Revision

Actual expenditures may not exceed budgeted appropriations at the fund level. The City Manager or his/her designee is authorized to transfer budgeted amounts at the department and category level. The City has the following programs accounted for through its governmental funds: Legislative, General Government, Public Safety, Community Development, Public Works and Non-Departmental. Use of unappropriated reserves must be specifically approved by the City Council.

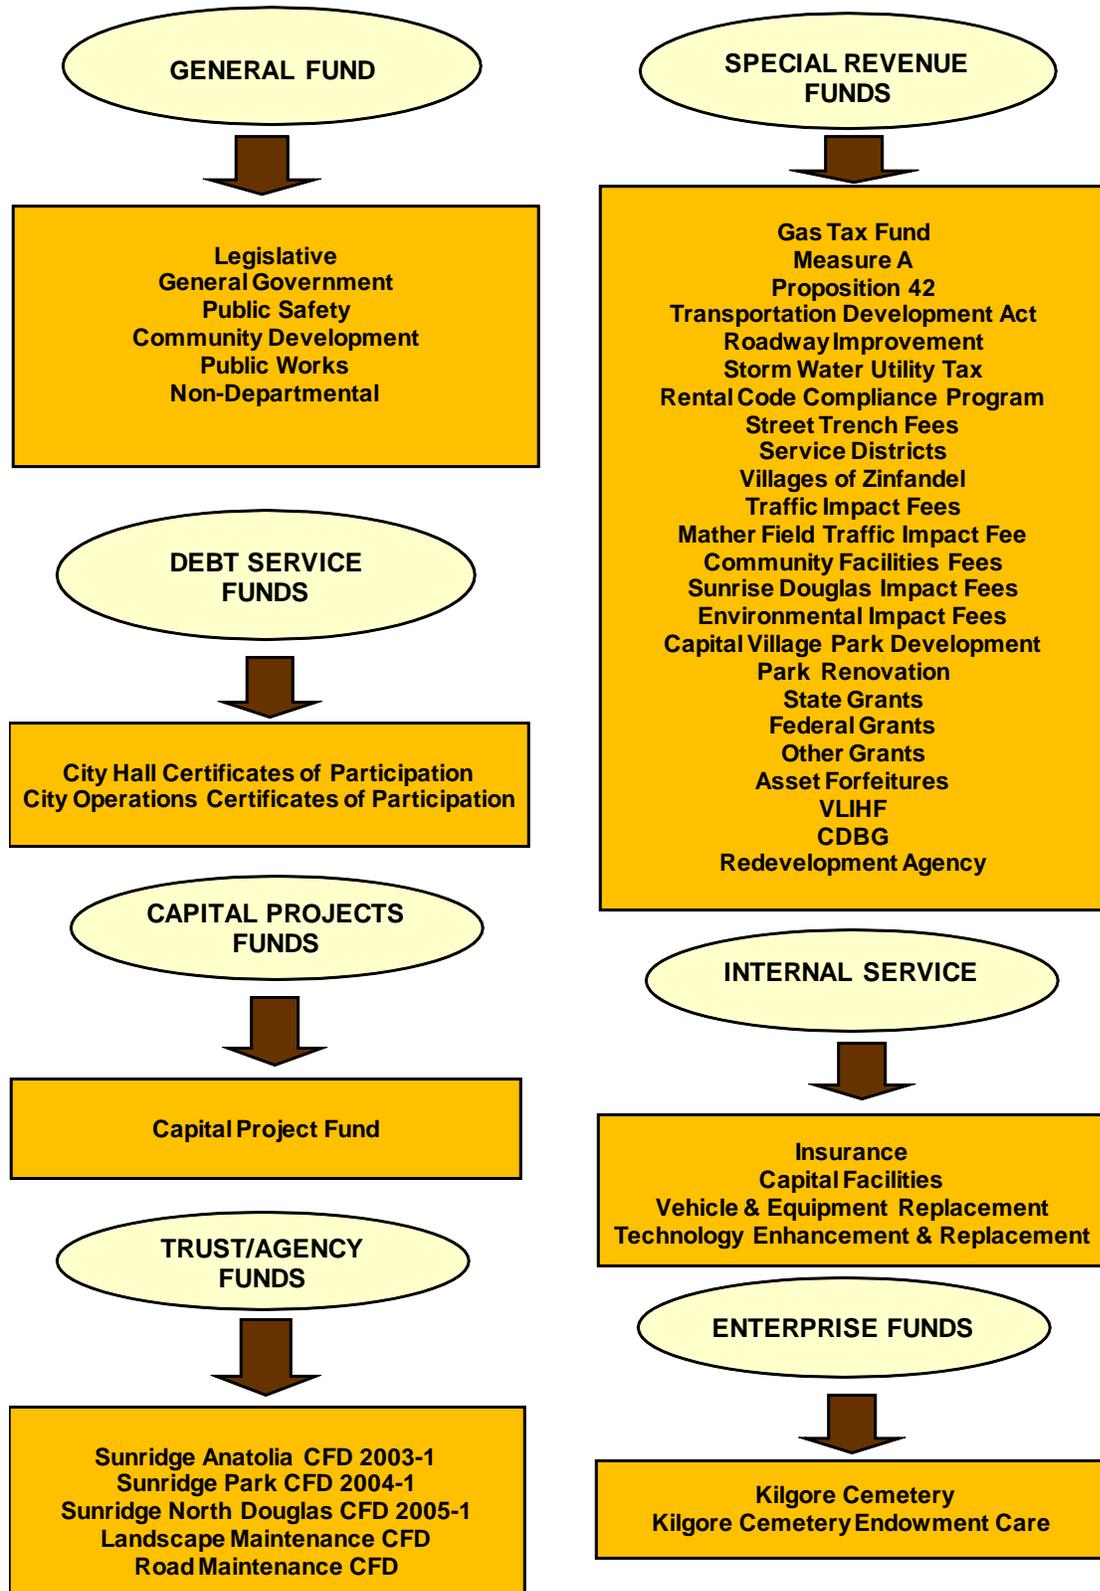

FY 2009-2010 BUDGET SCHEDULE

<i>Date</i>	<i>Activity</i>	<i>Participants</i>
November – determine and secure presenters for Annual Financial Issues Workshop		
Jan. 12 - 16 (Department Meeting)	Department midyear budget review meetings (2 hours each) Final meetings with each Department Head	Management Team Add on all staff final meeting 2 hours each Department 4 hours Public Works (PW)
Jan. 20 - 23	Discuss midyear and begin Financial Issues Workshop	City Manager and all staff 4 hours
Jan. 26 – Feb. 6	Prepare citizens financial report	Finance
Feb. 13 10:30a.m. - 2:30 p.m.	Annual Work Session on Financial Issues (<i>Corporate Report</i>): First opportunity to gather input from Council before budget development process begins Midyear budget review	City Council, City Manager, Management Team, Budget Team and the public
Feb. 18	HR to provide Finance with salary worksheet based on existing approved positions	
Feb. 18 - 23	Prepare Department Worksheets, incorporating salaries	HR and Finance
Feb. 25 12:30 p.m.-2:30 p.m.	Budget development kick-off: Distribute budget packet and answer questions on budget process, schedule, expectations	Departments, City Manager and Budget Team
Feb. 24 - Mar. 6 (approximately 2 weeks)	Prepare narrative: <ol style="list-style-type: none"> 1. Department description, including organizational changes 2. FY 2008-09 accomplishments 3. FY 2009-10 projects 4. HR staffing change requests (Due 3/03) 5. Capital and Information Technology (IT) requests (Due 3/03) 	Departments, with assistance from Budget Team, as needed or requested
Mar. 3	Staffing Requests due to HR IT requests due to IT	
Mar. 9 - 13	<i>Submit budget narratives</i> , including department description, accomplishments and goals	Departments Each Management Team member will meet with Finance to review submittal
Feb. 24 – Mar. 20 (approximately 4 weeks)	Prepare Proposed Budget requests: <ol style="list-style-type: none"> 1. Revenue estimates 2. Expenditure requests 	Departments, with assistance from Finance and Budget Team, as needed or requested

Mar. 20	<i>Submit Proposed Revenue and Expenditures Budget requests to Finance, including all backup.</i> <ol style="list-style-type: none"> 1. Revenue estimates 2. Expenditure requests 3. Supplemental requests 	Departments
Mar. 20	Salary spreadsheet incorporating requested staffing changes due to finance from HR.	
Mar. 23 - Mar. 27 (1 week)	Meet with City Manager to discuss Proposed Budget requests plus supplemental and capital	Meetings with Communications, Building, Facilities, City Attorney, City Clerk, Administrative Services, Finance, Risk Management and City Manager Departments, City Manager and Budget Team 4-8 hours/department <ul style="list-style-type: none"> • <i>First 4 hours with City Manager</i> • <i>Next 2 hours with department and Finance</i> • <i>Finance will use the last 1-2 hours to make changes that are decided on during meetings with departments</i>
Mar. 30 - Apr. 3 (1 week)	Meet with City Manager to discuss Proposed Budget requests plus supplemental and capital IT and HR meetings last	Meetings with PW, IT, HR, Economic Development, Neighborhood Services, Police and Planning Departments, City Manager and Budget Team 4-8 hours/department) <ul style="list-style-type: none"> • <i>First 4 hours with City Manager</i> • <i>Next 2 with department and Finance</i> • PW needs 2 meetings • <i>Finance will use the last 1-2 hours to make changes that are decided on during meetings with departments</i>
Apr. 6 – Apr. 10	Follow up meetings and overflow	
Apr. 13 – Apr. 17 (3 weeks)	First comprehensive review of budget numbers	Meet with City Manager and Assistant City Manager mid-week
Apr. 20 - 24	Share first draft of budget numbers	All departments meet –first part of week
Apr. 27	Final budget numbers due to Finance	

Apr. 29 – May 1	Review revised budget	City Manager, Assistant City Manager and Finance – make final decisions. (Meet on April 29, follow up on May 1).
May 4 – 8 (1 week)	Review final revenue estimates and overall resource allocation recommendations This is the supplementals	City Manager and Budget Team *Monday, Tuesday, Wednesday and/or Thursday meeting with City Manager 2 hours
May 6	Complete budget message	City Manager and Budget Team
May 8	Communicate final decisions to departments	Budget Team hosting all Department Heads 2-4 hours
May 8	Final proofreading and budget	Budget Team
May 14	Proposed Budget distributed to Council and Departments	Budget Team
May 18 12:00 p.m.- 12:30 p.m. (lunch) 12:30 p.m.- 5:00 p.m. (workshop)	Budget workshop on Proposed Budget	City Council, City Manager, Budget Team and Departments
May 20	Distribute revised Proposed Budget, <i>if needed</i>	Budget Team
Jun. 1 12:00 p.m.- 5:00 p.m. (Budget Workshop <i>if needed</i>)	Adopt Final Proposed Budget and GANN Limitation, <i>if was not adopted on May 18</i>	City Council
Jun. 15	Adopt Final Proposed Budget and GANN Limitation, <i>if was not adopted on Jun. 1</i>	City Council
Jun. 24 11:30 a.m.-1:00 p.m.	All Hands staff meeting to discuss FY 2009-10 Adopted Budget	City Manager, Budget Team, Department Heads, all employees
Jun. 30	Distribute Adopted Budget, <i>if approved by Jun. 15 (if not approved, add 3 weeks from approval date)</i>	Budget Team

DIAGRAM OF FUNDS USED IN THE CITY

FUND DESCRIPTIONS

The City of Rancho Cordova uses fund accounting to track revenues and expenditures.

Governmental Funds

Governmental funds typically include those activities which are financed through the use of tax-supported activities. The major categories within this fund type are the General Fund, Special Revenue Funds, Debt Service Funds and Redevelopment Agency. This category also includes Capital Project Funds and Permanent Funds. Permanent funds are not budgeted in the City.

General Fund: this fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. All general operating revenues not restricted as to use are recorded in this fund.

Special Revenue Funds: used to account for activities supported by specific taxes or other designated revenue sources. These funds are generally required by statute, charter or ordinance to finance specific government functions and include:

- **Very Low Impact Housing Fund:** used to account for the collection of Housing Trust Development Impact Fee charged for the issuance of non-residential construction building permits. The purpose of the fund is to offset some of the increased burden of need for very low income housing, created by the construction of non-residential uses which employ a significant number of low wage earners.
- **Community Development Block Grant (CDBG):** used to account for annual federal grants received under the Housing and Community Development Act of 1974. Funds may be used to respond to a variety of neighborhood, economic development and community facilities and service needs primarily to benefit low and moderate income persons.
- **Rental Housing Code Compliance Fee:** used to account for the fee assessed on all rental dwellings. The monies are used to offset the expenses of operating the Rental Housing Inspection Program.
- **Traffic Mitigation Impact Fees:** used to account for funds received from development in all other areas of the City. The funds will be used to construct public transportation improvements that are necessitated by development.
- **Villages of Zinfandel Impact Fees:** used to account for developer impact fees that are imposed on certain development. Includes both road impact and library impact fees that are to be spent in the specific development area.
- **Capital Village:** used to account for funds received from the Capital Village area which are in addition to the other fees imposed. The fees relate specifically to improvements that will be required as a result of the development in that area.

- **Community Facilities Fees:** imposed on new development to construct or obtain municipal facilities. The City collects fees for the following facilities:
 - Library
 - City Hall
 - Community Center
 - Museum
 - Corporation Yard
 - Parking
 - Animal Services
 - Records Management
 - Technology
 - Police Facilities

- **Sunrise Douglas Impact Fees:** used to account for funds received from the Sunrise Douglas area which are in addition to the other fees imposed. The fees relate specifically to improvements that will be required as a result of the development in that area.

- **General Plan Impact Fees:** used to account for funds received from development throughout the City to pay for the creation and ongoing maintenance of the City's General Plan.

- **Environmental Impact Fee:** used to account for funds received from development to mitigate the impact on the Swainson's Hawk. This fee is no longer collected.

- **Park Renovation:** used to account for funds received from developers for the impact of development on existing parks.

- **State Grants:** used to account for revenues and expenditures related to funds received from the State of California.

- **Federal Grants:** used to account for revenues and expenditures related funds received from the federal government.

- **Gas Tax Fund:** used to account for funds received from the State of California from the statewide tax on gasoline and other fuels. Gas Tax funds can be used for construction, improvements, studies and/or maintenance of public streets and must be in the Public Right of Way.

- **Measure A:** used to account for the voter approved, one-half percent sales tax in Sacramento County to be levied over a 20-year period (1989-2009). The proceeds of the tax are used to fund a comprehensive program of roadway and transit improvements. In 2004, voters approved a 30-year extension of this program that went into effect in April 2009.

- **Proposition 42:** used to account for funds received from the State of California as a result of a state constitutional referendum (Proposition 42). These funds are used for street or road maintenance or reconstruction.

- **Transportation Development Act (TDA):** TDA is administered by the California Department of Transportation and provides two major sources for the funding of public transportation in California through regional planning and programming

agencies such as the Sacramento Area Council of Governments (SACOG). Nearly all of Rancho Cordova's TDA funds are allocated by SACOG to Sacramento Regional Transit. There is, however, a countywide set aside of 2% of available funds to be allocated for pedestrian and bicycle facilities anywhere in the county.

- **Service Districts:** used to account for funds received from assessments on property owners and are used for specific purposes based on their origin:
 - **Landscape & Lighting 2005:** public landscaping areas previously in County Zone 4 and 5.
 - **Road Maintenance:** installation, construction, rehabilitation, repair or maintenance of improvements, including streetlight and street improvements and any facilities.
 - **Transit Related Services (Zones 1 - 3):** transit related services in Villages of Zinfandel (Zone 1), Sunridge Specific Plan (Zone 2) and new development areas of the City (Zone 3).
- **Street Trench:** used to account for funds collected at the time a permit is issued for work performed that causes excavation of a paved City street. Funds may be expended for the resurfacing, maintenance, administration and protection of City streets where excavation has occurred.
- **Roadway Improvement Fund:** used at the City's discretion for a variety of roadway improvement projects funded by the State Proposition 1B allocation and other non-nexus based roadway fees passed through from the County.
- **Storm Water Utility Fund:** used to account for monies transferred from Sacramento County, collected in order to provide storm drainage, flood control and storm water quality management.
- **Mather Field Traffic Fees:** accounts for developer impact fees that are imposed on certain development.
- **Asset Forfeiture:** accounts for revenues and expenditures associated with the City's share of federally forfeited property derived from illegal activities.

Capital Projects Fund: used to account for the accumulation of resources and payment of expenses related to specific capital projects (other than those financed by proprietary funds).

Debt Service Funds: used to account for the accumulation of resources and payment of long-term debt principal and interest.

- **City Hall Certificates of Participation (COPs):** used to account for debt service payments on the \$21 million debt issuance that was completed in late FY 2004-05 and refinanced in FY 2006-07 to acquire the City Hall facility.
- **City Operations Facility Certificates of Participation (COPs):** used to account for debt service payments on the approximate \$7 million debt issuance that was completed in early FY 2005-06 to acquire a site for a future police facility and corporation yard.

Redevelopment Agency: used to account for revenues and expenditures for the City's Redevelopment Agency. The City has been providing funds from its General Fund to fund activities in this area. Tax increment was received in FY 2007-08 but General Fund support will be necessary until tax increment growth is sufficient to fund Redevelopment activities.

- **Redevelopment Administration:** receives 80% of the tax increment less interest on the loan for the City's General Fund and accounts for the majority of the agencies activities.
- **Redevelopment Debt Service:** receives the tax increment revenue and apportions 80% to the Administrative Fund and 20% to the Housing Set Aside Fund. Also accounts for the payment of principal and interest on any agency debt.
- **Redevelopment Capital Projects:** used to account for the accumulation of resources and payment of expenses related to specific capital projects.
- **Redevelopment Low/Mod Fund:** used to account for the twenty percent (20%) of the redevelopment tax increment that is required to be set aside for increasing, improving, and preserving the community's supply of low and moderate income housing.

Proprietary Funds

Proprietary Funds include Enterprise Funds and Internal Service Funds.

Enterprise Funds: may be used to report any activity for which a fee is charged to external users for goods or services.

- **Kilgore Cemetery:** used to account for the historic Kilgore Cemetery, rededicated and opened in FY 2006-07. The Fund will receive revenues from the sale of burial rights and burial services at the Cemetery as well as endowment funds paid by all Cemetery customers. The earnings from the endowment fund will offset ongoing facility maintenance costs.

Internal Service Funds: used to account for the services that are provided to all departments and is used to accumulate reserves to fund future acquisition and expenses. The City maintains four (4) internal service funds.

- **Insurance Fund:** used to accumulate reserves to fund future litigation and insurance claims that the City may participate in, and to potentially increase our deductible and lower premiums.
- **Vehicle Equipment and Replacement Fund:** used to account for funds that are accumulated to replace vehicle and equipment as needed.
- **Technology Enhancement and Replacement Fund:** used to account for funds that are accumulated to replace and/or enhance technology.
- **Capital Facilities Fund:** a new fund that will be used to account for accumulation of resources and the acquisition, construction, maintenance and remodeling of city owned buildings and facilities.

Agency Funds

Agency funds are typically used when a government is a temporary custodian of assets and is required by GAAP to account for debt service transactions involving special assessment debt in which the government is not obligated in any manner.

- **CFD 2003-1 Sunridge Anatolia:** used to account for the property tax collections related to the repayment of special tax debt (Series 2003, 2005 and 2007).
- **CFD 2004-1 Sunridge Park:** used to account for the property tax collections related to the repayment of special tax debt (Series 2007).
- **CFD 2005-1 Sunridge North Douglas:** used to account for the property tax collections related to the future repayment of special tax debt.
- **CFD No. 2005-2 (Landscape Maintenance):** used to account for funds received from special taxes on property owners and are used for maintenance and operation of and the furnishing of services and materials for turf, ground cover, shrubs and plants, trees, irrigation and drainage systems, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments and associated facilities located within the landscape easements or public right-of-ways.
- **CFD 2008-1 (Street Lighting and Road Maintenance):** used to account for funds received from special taxes on property owners and are used maintenance services and new public improvements, including streets, bridges/culverts, traffic signals, traffic signs, striping and legends, ITS operations and street lights.

BUDGET SUMMARY

The annual budget for the City of Rancho Cordova is divided into five (5) major components which include all of the appropriations for the City. Those divisions are:

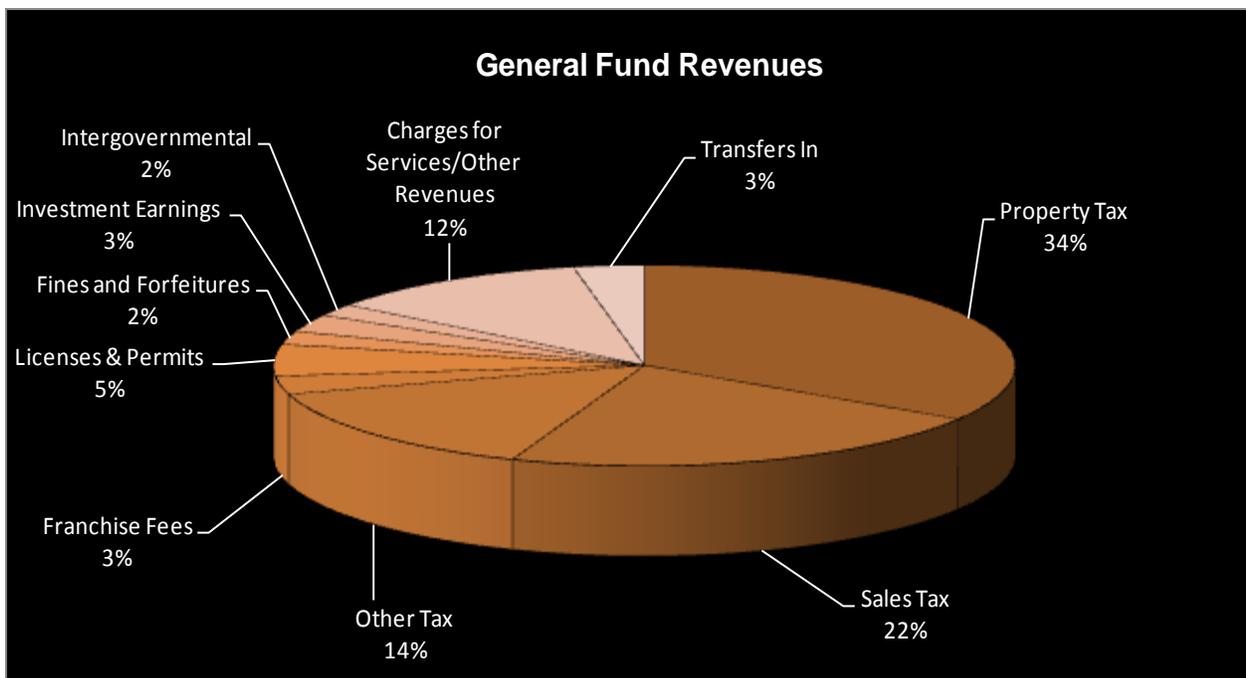

- Salaries and Benefits (Personnel).
- Operating Expenses: day-to-day expenses associated with operating a multi-million dollar corporation. Included in this section are the large contracts that the City has with Pacific Municipal Consultants (Planning), County of Sacramento (Police) and Meyers Nave (Legal).
- Capital Outlay: finances the infrastructure projects that are proposed in this budget.
- Debt Service: provides the resources to pay for the ongoing debt service of the City. In FY 2009-10 those debts include Community Facilities District (CFD) debt and the debt service on City Hall as well as the Kilgore properties.
- Transfers In/Out to Other Funds: provides a means of moving funds between the various funds to finance the ongoing operations of the City. This is a self-balancing component as there is a like amount recognized in the City's revenue base.

WHERE THE MONEY COMES FROM

ALL CITY FUNDS \$80,682,500

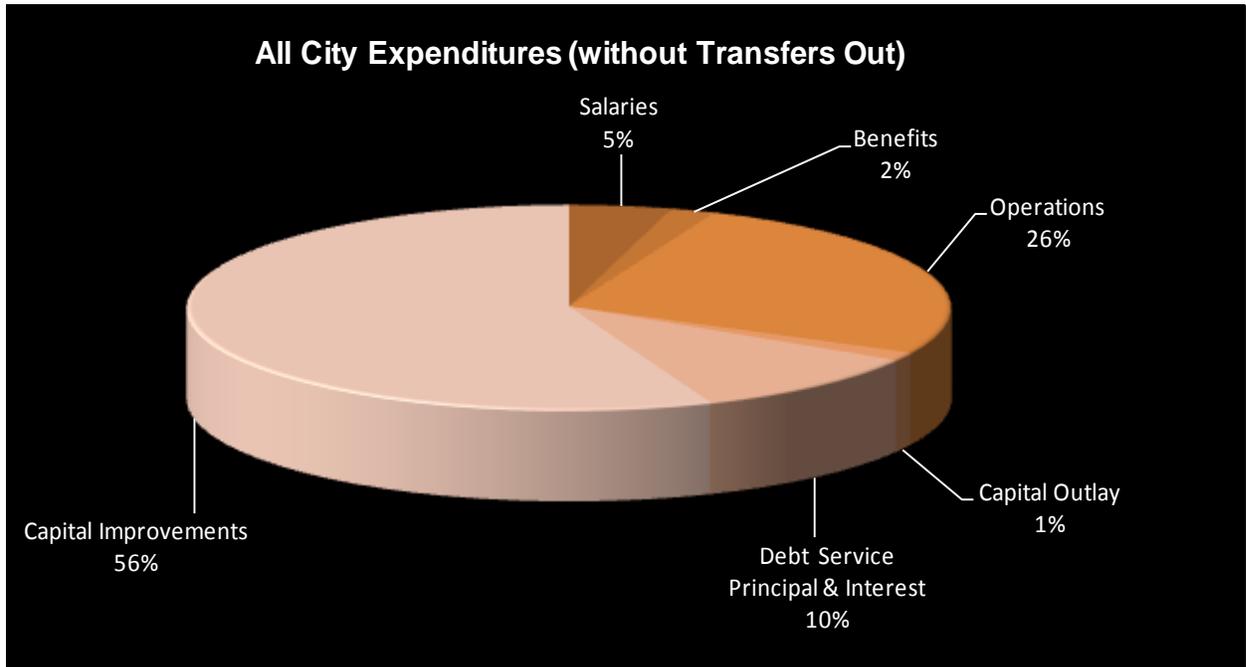

GENERAL FUND \$38,703,900

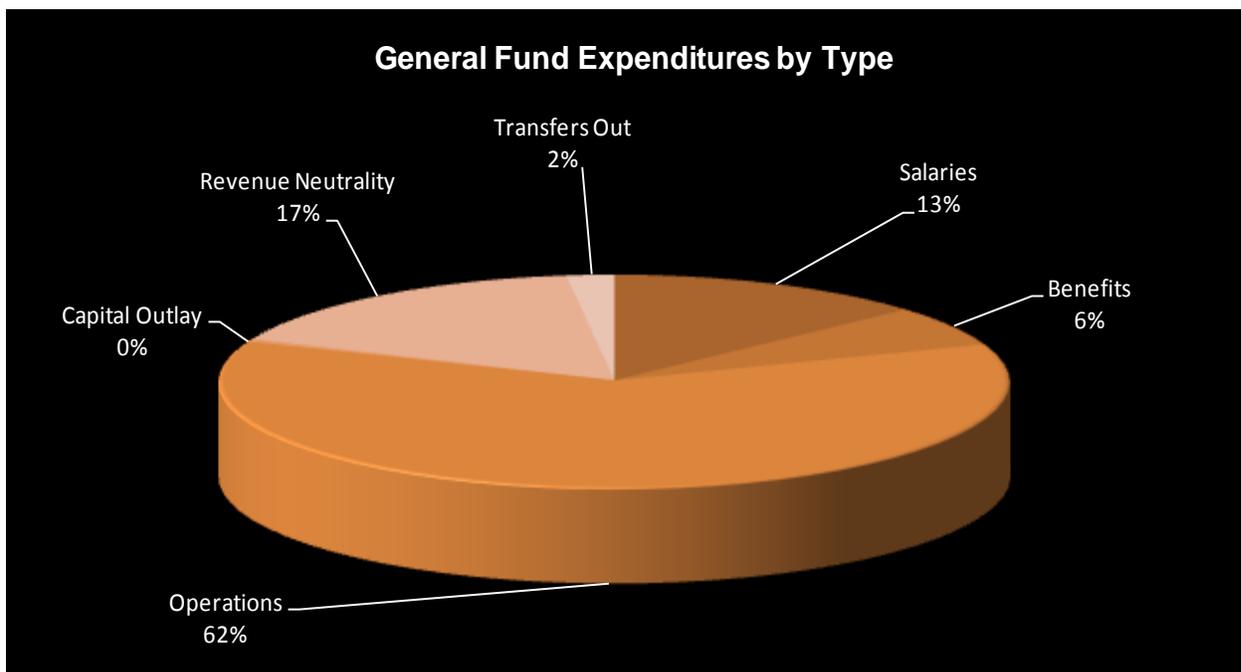

WHERE THE MONEY GOES

ALL CITY FUNDS \$125,073,000

GENERAL FUND \$38,698,700

LEGISLATIVE SUMMARY

DESCRIPTION

Through the Legislative function, the Mayor and City Council govern the City of Rancho Cordova by enacting and enforcing all laws and regulations concerning municipal affairs, subject to limitations and restrictions of the State constitution. The Council is supported by the City Attorney and the City Clerk and the following Boards and Commissions: Planning Commission, Rancho Cordova Sister Cities Council, Neighborhood Traffic Safety Committee, Economic Development Advisory Committee and Building Board of Appeals.

CITY COUNCIL

DESCRIPTION

The City Council consists of five representatives elected at large to four-year overlapping terms. Council Members must be residents of the City. The positions of Mayor and Vice Mayor are chosen by the City Council through policy direction determined by the City Council. The Mayor conducts the Council meetings and represents the City on ceremonial occasions.

The Council is the policy and legislative body of the City and formulates policies in response to the needs, values and interest of the citizens of Rancho Cordova.

The Council hires the City Manager and City Attorney and makes appointments to boards and commissions. The Council acts to influence local, regional and state policies favorable to the City of Rancho Cordova through various action groups and organizations, including actively pursuing leadership roles in regional, state and national level advocacy and policy organizations.

BOARDS AND COMMISSIONS

DESCRIPTION

Boards and Commissions provide advice to the City Council.

The Planning Commission was established by an ordinance in FY 2003-04. Seven Planning Commissioners were appointed in January 2004. Planning Commissioners make land use decisions consistent with the policies and plans formally adopted by the City Council. They weigh the professional input given in staff reports, environmental impact reports and reports from consultants when making decisions. Planning Commissioners serve four year overlapping terms.

Three citizen committees are currently in place to provide input on important issues:

- Neighborhood Traffic Safety (NTS) Committee – The NTS Committee reviews and prioritizes petitions received by residents who wish to have traffic calming measures installed on their streets. The committee is comprised of three residents and one representative each from the Rancho Cordova Police Department and Sacramento Metropolitan Fire District. This committee furthers the City's Strong Neighborhoods Initiative.
- Economic Development Advisory Committee – This committee is made up of local business owners, commercial brokers, builders, Chamber of Commerce representatives and economic development consultants. The mission of the group is to give feedback on economic development issues as needed.
- Building Board of Appeals – In FY 2007-08, the City Council appointed members to a Building Board of Appeals in order to hear and decide appeals of orders, decisions, or determinations made by the Building Official relative to the application and interpretation of the technical codes. During FY 2008-09, the responsibility of hearing appeals of administrative citations issued for Code Enforcement violations was accepted by this Board. The Board consists of five seats, and members serve a two year overlapping term. Members have expertise in general contracting, engineering (electrical, plumbing, mechanical, civil or structural), architecture, law, or utilities, and interested public members at large are also included.

This budget also includes funding for support to two important non-profit organizations that extend the ability of the City to enhance capacity-building in the community:

- The third year of a three year grant to the Cordova Community Council to provide a professionally managed umbrella organization for Rancho Cordova non-profits that will include volunteer management, fundraising and community event support.
- Support for the Rancho Cordova Sister Cities (RCSC) Council, a non-profit organization comprised of volunteers from the community dedicated to the value of people-to-people diplomacy and cultural, educational and business exchanges. The City supports the RCSC Council by maintaining membership in Sister Cities International and providing staff support while the new organization determines how to structure itself and grow. The first sister city of Turrialba, Costa Rica was formally recognized in a signing ceremony in conjunction with the City's Fifth Anniversary celebration on July 1, 2008.

CITY ATTORNEY

DESCRIPTION

The City Attorney's Office provides legal service, advice, and representation to the Mayor, City Council, City Manager, City departments, and City boards and commissions. The City Attorney works closely with the City Manager and his staff to carry out the Council's goals.

Ongoing responsibilities of the City Attorney's Office include:

- Serve as General Counsel for all other agencies after being formed by the City.
- Advocate the City's interest in lawsuits filed against or on behalf of the City, its officers, employees, and agencies in administrative venues, before boards and commissions, and in the state and federal court systems.
- Assist the City's insurers in the investigation and defense of claims for damages filed against the City.
- Provide legal advice in the areas of finance, land use, personnel, elections, conflicts of interest, open government laws, economic development, redevelopment and code enforcement, among others.
- Provide legal services such as drafting and reviewing contracts, ordinances, resolutions, and other documents.
- Provide counsel to and attend meetings of the Council, Planning Commission (as required), and subcommittees (as required).
- Train staff, the Council and Planning Commission on compliance with critical laws.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the City Attorney Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the City Attorney Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Ensure a Safe Community and Sustain a Livable Community - Goals #6 and Goal #8

- Each quarter draft and bring to the City Council for consideration another ordinance to implement and refine the Strong Neighborhoods Initiative. The ordinances will be on topics including: (1) panhandling, (2) property maintenance, and (3) reducing negative impacts of foreclosures.

Completed. The City Attorney's Office achieved this goal by drafting and supporting the City Council's adoption of ordinances on: (1) vicious animal and animal licensing; (2) massage; (3) moratoria on sensitive uses; (4) sex offenders; and, (5) reducing negative impacts of foreclosures. The City Attorney's Office discussed with staff and jointly elected to defer the preparation of a property maintenance ordinance until FY 2010. The

City Attorney's Office also drafted and presented staff a panhandling package, which will be discussed with the City Council in June 2009, and coordinated a discussion about police priorities and community education to reduce panhandling.

- As part of its Zoning Code update, the City reevaluated and decided on the best locations and zoning regulations for sensitive uses, such as check cashing, tattoo parlors, massage parlors and other uses. Use regulations need to be updated for these businesses. The City Attorney's Office will work with the Police Department, the Finance Department and the City Manager's Office to draft business regulations for these undesirable or sensitive uses rezoned in the comprehensive Zoning Code update.

Completed. As part of its Zoning Code update, the City Attorney's Office reevaluated and helped the Planning Department and City Council decide the best locations and regulations for sensitive uses that potentially have negative neighborhood impact, such as check cashing, tattoo parlors, massage parlors and other uses.

Improve the Quality of Housing in Rancho Cordova - Goal #7

- Enforcement of Building Code violations is a critical health and safety service of the City. The Building Department has been responsible for issuing and enforcing building code violations, and has committed to placing greater resources and emphasis on this responsibility. The City Attorney's Office will provide support and training to Building Department staff to identify and implement current best practices for building code enforcement in order to achieve at least a 25% reduction of building code violations on which there has not been any enforcement activity.

In progress. The City Attorney's Office provided support and training to Building Department staff to coordinate with Code Enforcement staff, and identify and implement current best practices for Building Code enforcement. Over the past year, there have been significant transitions within the Building Department. As a result, the City Attorney's Office believes that while progress was made in reducing Building Code violations on which there has not been any enforcement activity that progress fell short of the goal of a 25% reduction.

Sustain a Livable Community - Goal #8

- Rio Del Oro is the largest mix use development project in the City. It is currently anticipated to be ready for consideration by the City Council in the Fall of 2008. The City Attorney's Office will prepare all the resolutions, ordinances, agreements, notices and findings for consideration of the project by the Planning Commission and City Council.

In progress. In FY 2008-09, the City Attorney's Office worked closely with City staff and developers to complete a draft environmental document to develop near-final conditions of approval, and to prepare a potential repackaging of the entitlements in order to help the project move forward in the current economic climate. At the applicant's request, processing of the Rio del Oro project was put on hold pending resolution of major project obligations.

- The County is currently planning a number of major projects and areas adjacent to the City limits. Development of these unincorporated areas has a significant potential to affect the daily lives of Rancho Cordova residents by generating traffic, creating demands for parks, and resulting in fiscal impacts to the City. Properly planned, the impacts of this development on the City could be positive. The City Attorney's Office will work closely with the City Manager and Development Services Team, to provide advice, legal comments and possible

litigation relating to these County development projects adjacent to existing City boundaries in order to make these projects have a positive impact on the residents and City of Rancho Cordova consistent with critical City goals and plans. This activity will continue through the entire fiscal year and into at least the next fiscal year.

Partially completed and in progress. The City Attorney's Office worked closely with the City Manager and Development Services Team to provide advice and legal comments, and possible litigation, relating to a number of County development projects adjacent to existing City boundaries in order to be consistent with critical City goals and plans. This activity will continue through the entire fiscal year and into at least the next fiscal year as additional County projects move forward.

- As residents of the City and City staff work with the new updated Zoning Code, the Planning Department anticipates that in the second half of the fiscal year, there will be suggestions for a limited number of refinements and clarifications to address special topics. The City Attorney's Office will assist the Planning Department as necessary to draft these minor amendments to the Zoning code.

In progress. The City Attorney's Office assisted the Planning Department in drafting an ordinance that made a number of refinements and clarifications to address remaining topics in the new updated Zoning Code. The City Attorney's Office will assist the Planning Department as necessary to draft these minor amendments to the Zoning Code. The Planning Department is continuing to work on this ordinance and is expected to have it ready for Council's consideration in the first half of FY 2009-2010.

Practice Sound Fiscal Management - Goal #11

- Assist Finance Department, and outside legal counsel to provide legal advice and possible litigation to secure payment of delinquent Mello-Roos bonds, assessments and other City fees, assessments and taxes.

Completed. The City Attorney's Office worked closely with the City Manager's Office, the Finance Department, and outside legal counsel to provide legal advice, prepare staff reports, ordinances, resolutions and other documents to place Utility Users' Tax update on the ballot, and to secure payment of delinquent Mello-Roos bonds, assessments, and other City fees, assessments and taxes.

- Monitor success of Sacramento County's Alarm Permit Ordinance revision and assist the Finance Department to consider proposing amendments to our ordinance in an effort to reduce the frequency and cost of false alarms.

On hold. The City Attorney's Office monitored the effectiveness of the Sacramento County's Alarm Permit Ordinance revision and assisted the Finance Department in considering and drafting proposed amendments to our ordinance that will be considered in FY 2009-2010 in an effort to reduce the frequency and cost of false alarms. The Finance Department has placed this on hold because of the tentative conclusion that it would not have a positive fiscal impact.

Establish Logical (City) Boundaries - Goal #12

- The "Finger" is the area of land east of Sunrise Boulevard adjacent to Interstate 50. It was originally proposed to be included within the City boundaries, but was omitted during the incorporation process. Annexation of this area has been an important priority that the City has been working on for a number of years. Working closely with the City Manager's Office and the Finance Department, the City Attorney's Office will actively participate in the annexation of the "Finger", including negotiating with the County, proceeding with litigation, reviewing conditions of approval, and revising the tax sharing agreement.

In progress. Working closely with the City Manager's Office and the Finance Department, the City Attorney's Office engaged in property tax negotiation with the County, proceeding with litigation, engaged in formal mediation, and made significant further progress in the annexation process.

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *The City Attorney's Office worked closely with the Planning Department and City Housing Staff to prepare proposed amendments to the City's General Plan Housing Element in order to obtain a certification from HCD. The actual certification is not expected to occur until the upcoming fiscal year. Goal #7*
- *The City Attorney's Office won a substantial victory on behalf of the City and the developers of the Preserve project. The Court of Appeals in CNPS vs. City of Rancho Cordova upheld the City's environmental document and ruled in favor of the City on almost all the claims raised by the plaintiffs. The Plaintiffs have requested review of this decision by the California State Supreme Court. There is, accordingly, a possibility that this litigation will continue in the next fiscal year. Goal #8*
- *The City Attorney's Office worked with the City Manager's Office and the Planning Department in a process known as Habitat Conservation Planning, a multi-year effort to adopt a blue-print strategy and permitting structure that will sustain critical habitats and threatened species while allowing significant development within the City. This project will continue through at least FY 2009-10. Goal #8*
- *The City Attorney's Office prepared the lease and other agreements with the Sacramento Children's Museum, which will be located adjacent to City Hall Goal#11*
- *The City Attorney's Office worked closely with the Finance Department and City Manager's Office to write an agreement with a new cardroom that will generate significant, ongoing revenues for the City. Goal #11*
- *The City Attorney's Office provided significant assistance to the Planning Department and Redevelopment staff to secure approvals and required agreements for a proposed Embassy Suites in the City. Goal #9*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Ensure a Safe Community and Sustain a Livable Community - Goal #6 & Goal #8

- The City Attorney's Office will continue to provide support to the Code Enforcement Department with enforcement matters. The responsibilities of the City Attorney's Office will shift and increase due to the cancellation of the Community Prosecutor contract. Code Enforcement may exclusively rely on civil and administrative remedies, which the City Attorney's Office handles. Criminal enforcement may no longer be an available tool.
- The City Attorney's Office will work with the Neighborhood Services Division in drafting two ordinances related to Strong Neighborhoods.

Improve the Quality of Housing in Rancho Cordova - Goal #7

- The City Attorney's Office will continue to work with the Building Department to enforce building code violations, but in a very limited capacity as a result of budget cuts. The City Attorney's Office will provide necessary support and training to Building Department staff to coordinate with Code Enforcement staff, and identify and implement current best practices for Building Code Enforcement to reach the joint goal of a 25% reduction in Building Code violations on which there has not been any enforcement activity.
- The City Attorney's Office will provide limited assistance to the Planning Department and Housing staff on critical legal issues necessary to implement HCD's requested modifications and adopt the certified Housing Element.

Sustain a Livable Community - Goal #8

- Rio Del Oro is the largest mixed use development project in the City. The City Attorney's Office will prepare all the resolutions, ordinances, agreements, notices and findings for consideration of the project by the Planning Commission and City Council.
- The City Attorney's Office won a substantial victory on behalf of the City and the developers of the Preserve project. The Court of Appeal in CNPS vs. City of Rancho Cordova upheld the City's environmental document and ruled in favor of the City on almost all the claims raised by the plaintiffs. The City Attorney's Office will work with the developer of the Preserve project to implement the Court's decision in CNPS vs. City of Rancho Cordova. The Plaintiffs have requested review of this decision by the California State Supreme Court. There is, accordingly, a possibility that this litigation will continue in the next fiscal year. After the lawsuit is resolved, the City Attorney's Office will work with the Planning Department and the developer of the project to assist in obtaining required Federal permits.
- The County is currently planning a number of major projects and areas adjacent to the City limits. Development of these unincorporated areas has a significant potential to affect the daily lives of Rancho Cordova residents by generating traffic, creating demands for parks, and resulting in fiscal impacts to the City. Properly planned, the impacts of this development on the City could be positive. The budgeted amount for this project allows the support from the City Attorney's Office to be in a limited role. The City Attorney's Office will provide limited assistance to the City Manager and Development Services Team in the form of providing advice and legal comments relating to County development projects adjacent to existing City boundaries in order to be consistent with critical City goals and plans. This activity will continue through the entire fiscal year and into at least the next fiscal year.

- The City Attorney’s Office will work with the City Manager’s Office and the Planning Department in a process known as Habitat Conservation Planning, a multi-year effort to adopt a blue-print strategy and permitting structure that will sustain critical habitats and threatened species while allowing significant development within the City. The City Attorney will have an active role in commenting and negotiating on the City’s behalf with close coordination with the Planning Director.

Practice Sound Fiscal Management - Goal #11

- The City Attorney’s Office will have a limited supporting role in helping the City Manager’s Office and Finance Department to identify and implement additional revenue sources for the City.

Establish Logical (City) Boundaries - Goal #12

- Complete the annexation of the area known as the “Finger,” including property tax sharing agreements and settlement or adjudication of litigation. Significant priority for the City Attorney’s Office will be to help the City complete the annexation.

CITY CLERK

DESCRIPTION

The City Clerk's Office administers the City Council's public meeting process and City elections. Scope of operations also encompasses preserving and archiving public records, legal noticing, and coordinating citizen appointments to Boards and Commissions.

Standard ongoing responsibilities of the City Clerk's Office include:

- **Council Business** – Serving as the Council's ambassador for citizens to participate in the public meeting process by managing the agenda process and notifying the public of City Council meetings; preparing minutes of Council proceedings and preparing staff reports, proclamations, resolutions and other official business documents.
- **Public Records** – Responding to public requests for records by managing the intake and provision of public records requests within the legal timeline.
- **Elections and Financial Disclosures** – Serving the community as its Elections Official by managing the process of Council Member elections, coordinating the electorate's right to direct recalls, referendums, and initiatives with the City Attorney and the County Registrar of Voters, and supporting the electorate's will of campaign and economic interest disclosure of their elected and City officials by notifying officials of their financial disclosure filing requirements under the Political Reform Act.
- **Municipal Code** – Disseminating of and providing access to the City's Municipal Code to the public to ensure the local standards, rules and regulations regarding building, fire safety, electrical, waste disposal, noise abatement, business licenses, etc., are easily acquired.
- **Records Management** – Ensuring the public's vital and historic business records of the City are preserved and archived via a comprehensive system that effects efficient retrieval.
- **Passport Services** – Providing a customer service venue for members of the community to apply for passports and facilitate their business or personal travel abroad.
- **Claims** – Coordinating the intake and disbursement of the public's claims for damages against the City with the City's Risk Manager and maintaining a chronicle of claims for sound business practices.
- **Bid Openings** – Developing the public's trust by assuring the integrity of bid openings and records.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the City Clerk's Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the City Clerk's Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Foster Responsible Citizenship - Goal #11

- Administer the November 4, 2008 Municipal Election.

***Completed.** There were four candidates for the November 2008 Municipal Election and the three incumbents were reelected.*

Champion Employee Development & a High Performance Work Environment - Goal #3

- In order to ensure the preservation and integrity of vital and historic records, we will evaluate and launch a citywide comprehensive Records Management Program and provide training to department record coordinators.

***In progress.** The City Clerk's Office, in conjunction with the Information Technology Department, is reviewing Records Management Systems. We have met with each department to assess current practices and have established a Records Management Taskforce composed of representatives from each department. This is listed below as a current year task to evaluate and recommend a system for funding in FY 2010-11.*

Ensure the Availability of the Best Public Services in the Region - Goal #4

- In order to champion green business practices by reducing our dependence on paper document archives, we will evaluate and select an Electronic Document Management System.

***In progress.** An electronic document management system will be part of our citywide comprehensive records management system and is listed below as a current year task.*

- Once the electronic document management system has been selected we will develop an electronic document management system implementation plan to ensure maximum utilization of this investment.

***In progress.** The City Clerk's Office has established a records management taskforce in order to ensure communication across departments. We have assigned one staff member to be a records champion, who will assist all departments in managing their records and staying consistent with the citywide system.*

- The County of Sacramento is currently in possession of many records pertaining to the City of Rancho Cordova prior to incorporation. These records are an important component of our historical document archives and need to be obtained and retained in our system. During this fiscal year we will devise a plan to begin acquisition of these vital records.

***In progress and ongoing.** The Building and Public Works departments are currently requesting records from the County of Sacramento on an as needed basis. This task is ongoing in the future.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *The City Clerk's Office administered the May 19, 2009 Special Election, placing Measure B, Utility Users' Tax Modernization on the ballot. Goal #11*
- *Streamlined contracts processing and tracking to expedite execution and ensure insurance is current on all open contracts. Goal #11*

- *In order to preserve the history of Rancho Cordova, the City Clerk's Office has established and will maintain an archive of historical information. Goal #1*
- *Saved approximately \$11,000 this fiscal year by bringing photocopying of Council Meeting agenda packets in house and reducing the number of packets being distributed. Goal #11*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal they serve.

Champion Employee Development & a High Performance Work Environment – Goal #3

- In order to ensure the preservation and integrity of vital and historic records, we will evaluate and recommend a citywide comprehensive records management program. In order to champion green business practices by reducing our dependence on paper document archives, and this system will encompass an electronic document management component. To provide public access to City records, the City Clerk's Office will also maintain these electronic records so that are easily searchable by staff and citizens. An implementation plan will include ongoing training to ensure maximum utilization of this investment.
- To ensure consistency across the organization, the City Clerk's Office will develop and conduct training to other departments on processes surrounding the Council's business.

Ensure the Availability of the Best Public Services in the Region – Goal #4

- Continuing to serve as the City Council's ambassador for citizens to participate in the public meeting process, the City Clerk's office will develop educational materials for distribution at Council meetings and on our website. We will also participate in outreach to the community to educate citizens on the governmental process and how they can be more involved.

ELECTIONS

DESCRIPTION

The citizens of Rancho Cordova elect their City Council members every two years in even-numbered years. The electorate has opted to have five directly-elected Council Members at large. The positions of Mayor and Vice Mayor are selected from among Council Members for one-year terms. Full Council Member terms are four years in duration with terms staggered so that two Council Member seats are voted on during an election year and three seats are voted on two years later. Two Council Member seats will be voted on in the November 2010 election.

The citizens of Rancho Cordova practice fiscal prudence by consolidating their Council Member elections with the statewide election held in November via contracting with the Sacramento County Voter Registration & Elections Division to provide election services; however, the City Clerk is responsible for the overall administration of all municipal elections and serves as the Elections Official.

Acting on the electorate's behalf for administering Council candidate elections, the City Clerk also has statutory responsibility to process initiatives, referendums and recall petitions filed by the electorate in accordance with provisions of the California Elections Code.

GENERAL GOVERNMENT SUMMARY

DESCRIPTION

Through the General Government function, the City Manager implements the policies that are set by the City Council. Additionally, the City Manager acts as the Chief Executive/Administrative Officer of the City and is responsible for the day-to-day administration of the City's business. The General Government function also includes Communications, Human Resources, Administrative Support, Finance, Information Technology and Risk Management.

CITY MANAGER

DESCRIPTION

The City Manager's role is to leverage available resources, whether fiscal, social, or political, towards uses with maximum benefit to the community. In doing so, he or she spurs the organization to accomplish Council goals and citizen satisfaction by providing strong administrative leadership and fostering successful working relationships between the City Council, the public and staff.

As the City's Chief Executive Officer, the City Manager and staff pursue excellence and professionalism in providing leadership to and management for all departments and services by maintaining transparency, flexibility, clarity, and accountability of the organization to the Council, to the public, and to other agencies. The City Manager is responsible for the enforcement of all laws and City ordinances; appointment of department heads; and submission of the annual budget to the City Council. In addition, the City Manager and staff recommend policies and programs to the City Council based on sound research and advocate Council policy and City interests. A significant portion of the City Manager's office time is spent representing the City in local, regional, and statewide venues.

The City Manager's Office will:

- Translate Council policy direction, vision and decisions into reality.
- Support the Council's policy making role by ensuring that the Council is provided with timely, accurate, and complete information based on sound research.
- Raise the bar of expectations for Rancho Cordova's future.
- Drive fiscal performance to exceed citizen expectations.
- Provide support, guidance and inspiration to City departments.
- Direct research and analysis aimed at increasing the responsiveness of government.
- Direct the development of special programs that are aligned with the priorities established by the community and the City Council.
- Hire and develop City department heads and staff and ensure work performance.
- Coordinate an ambitious range of activities that serve Rancho Cordova residents.
- Provide leadership in solving regional issues and challenges.
- Negotiate contracts for the City, such as: police services, street maintenance, solid waste, animal control, code enforcement, planning, building and legal services.
- Provide legislative analysis, legislative relations, and coordination of National and California League of Cities events and information sharing.
- Provide public education and communicate relevant information to the public, City Council and staff about goals, accomplishments, plans and activities.

- Explore state of the art technology solutions for providing services and two-way communication with citizens and businesses within the community.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the City Manager’s Office projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the City Manager’s Office progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren’t identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Ensure the Availability of the Best Public Services in the Region – Goal #4

- Provide coordination and management of a Citywide outreach to the Rancho Cordova community that may include town hall meetings to discuss issues and share information, assistance to existing and developing neighborhood associations, and other forms of civic engagement that allow citizens to have a closer relationship with their City government.

***Completed and ongoing.** The City Manager’s Office encouraged a general discussion of civic engagement and community outreach with the City Council and community representatives at the annual planning meeting. The City Manager will guide work into FY 2009-10 on the City’s role in “building community,” as it is a continuous process and an integral part of the lens with which we view City operations.*

- Continue to provide leadership and direction to the Police Department with the goal of developing its reputation as a modern, urban Police Department, as well as ensure contract compliance with development of outcome-based measurable performance indicators by the end of the year that will result in citizens’ perceptions of reduced crime and safe neighborhoods and streets.

***Partially completed.** Survey results in January 2009 demonstrate citizens’ increased satisfaction with and perception of public safety, while still registering concerns about speeding. Work on developing outcome-based performance indicators continues and will be concluded in FY 2009-10 as tied to contract negotiations.*

- Explore the benefits of a charter for City governance based on “the best of the best” for presentation and public discussion by October 31, 2008.

***Partially completed.** As the first step in this project, the City Manager’s Office has compiled a comparison report of various provisions of all California city charters. Future work will include development of innovative concepts to differentiate the City of Rancho Cordova and will continue into FY 2009-10.*

- Evaluate the cost-effectiveness of in-house police departments established two years ago in the Cities of Citrus Heights and Elk Grove to determine what lessons may be learned and applied to the evolution of the Rancho Cordova Police Department.

***In progress and ongoing.** The City Manager’s Office has drafted a Scope of Work that will guide this evaluation through the first half of the following fiscal year, in preparation for negotiations to take place in FY 2009-10.*

- Establish citizen-centric benchmarking and performance evaluations for City services by initiating two to four targeted public opinion surveys throughout the year in order to analyze trends and effect changes needed within City departments/services that will respond to the community's input.

***In progress and ongoing.** One telephone survey was completed in December 2008 and further surveys may be completed by the end of the fiscal year using a variety of methods. Additionally, the City invested in an online survey tool and expects a continuation of the use of citizen surveys independent of the number completed this year.*

Sustain a Livable Community – Goal #8

- Enhance public parks and recreation services and standards by continuing to work with the Cordova Recreation and Parks District (CRPD) to implement a park development impact fee program and assist in allocating park renovation fees to City approved park projects.

***On hold.** The City Manager's Office is waiting for CRPD to provide staff with a Parks Master Plan, a draft park development impact fee that is nexus based and estimates and plans to fund operations and maintenance costs of the new proposed facilities in the development impact fee study.*

Practice Sound Fiscal Management – Goal #11

- In conjunction with the Finance Department, safeguard the public's funds by monitoring and maintaining a balanced budget in a year that is expected to have marginal revenue growth at best.

***In progress and ongoing.** The City Manager's Office has been closely involved in the guidance of specific decisions and actions that continue to keep the budget in balance. The City General Fund has had five years straight of General Fund revenues in excess of General Fund expenses.*

- Strengthen the City's assets by reviewing real estate holdings and buildings in order to determine if it is advantageous to modify current holdings or future plans for service and/or financial reasons.

***In progress and ongoing.** The City Manager's Office is currently evaluating and overseeing improvements to the Kilgore building in order to increase marketability. With the newly proposed lease for the Sacramento Children's Museum at 2701 Prospect Park Drive, City Hall's Civic Center campus will be fully leased with the exception of one small space that is on the market to be leased.*

Establish Logical (City) Boundaries – Goal #12

- Complete the annexation of the 1.2 square mile "finger" unincorporated area originally intended to be part of Rancho Cordova.

***In progress.** A fiscal study has been completed related to the finger annexation, and the City and County are currently negotiating property tax sharing. An agreement is needed between the City and County prior to Sacramento LAFCO holding a public hearing on the annexation.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Working with the Finance Department, led analysis and recommendation for placing May 19, 2009 ballot measure to modernize ordinance language on telecommunications portion of the Utility Users' Tax, thereby safeguarding current and future revenue streams and providing fiscal stability in uncertain times. Goal #11*
- *Developed a plan for locating the Sacramento Children's Museum (SCM) in Rancho Cordova that was approved by the SCM Board of Directors. The City is supporting the SCM effort by providing space at a reduced lease rate and providing considerable community assistance to the project. Goal #8*
- *On March 1, 2009, made available to the general public a prescription drug discount card program to assist the uninsured and underinsured as requested by the City Council. Goal #8*
- *Approved a cardroom and restaurant design review and special business license on Prospect Park Drive that included an aesthetic design, safety features for the project, and a revenue sharing agreement related to the cardroom that will generate approximately \$100,000 annually to the City. Goal #11*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Ensure the Availability of the Best Public Services in the Region – Goal #4

- Continue to evaluate the cost-effectiveness of in-house police departments established in the Cities of Citrus Heights and Elk Grove in order to determine lessons applicable to the evolution of the Rancho Cordova Police Department *and* prepare for contract negotiations with the Sacramento Sheriff's Department to be completed by June 30, 2010.
- Draft a forward-thinking, one-of-a-kind, innovative city charter ready for public discussion by June 30, 2010.

Sustain a Livable Community – Goal #8

- Assist the Sacramento Children's Museum to meet its goal of being open and operational within the fiscal year.
- Oversee creation of an Emergency Operations Center in City Hall to allow continued operations and communications in the event of an emergency.
- Continue to provide resources and support to significant community events such as the California Capital Airshow.

Practice Sound Fiscal Management – Goal #11

- In conjunction with the Finance Department, continue to safeguard the public's funds by monitoring and maintaining a balanced budget and keeping City Council and community priorities for services despite dramatically challenging economic times.

Establish Logical (City) Boundaries – Goal #12

- Subject to the cooperation of the LAFCo process and Sacramento County, complete the annexation of the 1.2 square mile “finger” unincorporated area originally intended to be part of Rancho Cordova.

ADMINISTRATIVE SUPPORT

DESCRIPTION

The Administrative Support Division provides high-level administrative and clerical assistance to the City Manager's Office, City Council and several City departments (Finance, City Attorney, Communications and Human Resources). A special focus for this team is the coordination and utilization of resources to accomplish daily, weekly, and monthly tasks assigned by various departments. One example of resources is the internship and student work-study programs established and overseen by the Administrative Support Division. The responsibilities of this division include: leadership responsibilities, meeting coordination, planning and prioritizing, meeting preparation, problem solving, travel arrangements, conference registration and coordination, minute-taking, follow-up, and the ability to serve people (external customers and internal employees).

The division provides receptionist coverage for the two reception areas. Our Customer Support Specialists serve as the face of the City by being the first to respond to customers at the front counter, directing phone calls, responding to emails, processing incoming and outgoing mail, and serving the community and our internal employees.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Administrative Support Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Administrative Support Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Foster a Positive Image of Rancho Cordova – Goal #1

- To ensure positive outcomes, continue to survey customers and strive to improve overall internal and external customer satisfaction.

Completed. *Conducted a survey of Council Members and staff to receive feedback as we continue to strive to improve our overall customer satisfaction.*

Champion Employee Development and a High Performance Work Environment – Goal #3

- In order to provide exceptional customer service, establish a job shadowing program at City Hall. Administrative Support staff will job shadow/cross train with at least one staff member this fiscal year.

Completed. *All members of our Administrative Support Division have cross trained with at least one member of the Administrative Support Division learning the responsibilities of covering the reception areas at City Hall, the reception area at the Rancho Cordova Neighborhood Center, cashiering, and passport administration.*

- So that there are knowledgeable staff serving our citizens at City Hall, continue to offer training opportunities to Administrative Support staff in order to expand technical knowledge and advance soft skills.

Completed. All members of the Administrative Support Division have continued to increase their technical knowledge and advance their soft skills through training opportunities. The emphasis this year was becoming familiar with Office 2007 and to work towards becoming Microsoft certified.

- So that there is no lapse in the level of service, create and maintain procedure manuals for all administrative support staff positions.

Completed. A procedure manual has been developed and is currently under review.

Sustain a Livable Community – Goal #8

- In order to assist in creating a sustainable community, increase purchasing of recycled office supply products when available and recycle and reuse supplies at City Hall.

Completed. We have made a special effort to increase our purchasing of recycled office supply products when available. We are continuing to recycle and reuse office supplies at City Hall.

Foster Responsible Citizenship – Goal #10

- To foster a positive image of the City of Rancho Cordova, volunteer or participate in community events as representatives of the City of Rancho Cordova.

Completed. All members of the division volunteered or participated in community events. Some of the events we participated in include: the City's 5th Anniversary Celebration, Relay for Life, Christmas Tree Lighting, Project 680, 3rd Annual Veteran's Day Celebration, Fourth of July Celebration, Eppie's Great Race, Mather Airshow, 1st Annual Veggie Chase, Rancho Cordova Kid's Day, International Festival, and we helped to raise money for various nonprofit organizations such as the Cordova Food Locker and the Folsom Cordova Community Partnership.

Continue to Provide Regional Leadership – Goal #13

- To provide regional leadership in the administrative field, participate in administrative professional networking groups.

Completed. The Administrative Support Division has continued to provide regional leadership in the administrative support profession. With the entire support of our Administrative Support Division, we were able to begin Rancho Cordova's first IAAP (International Association of Administrative Professionals) Chapter. The Inaugural Event was hosted on Friday, April 17 in honor of Administrative Professional's Week.

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- Stacy Leitner, Executive Assistant to the City Manager, was asked to serve on the national council for American Society of Administrative Professionals (ASAP). She serves as one of ten executive assistants from various large corporations such as: The Pepsi Bottling Company, Microsoft Corporation, Hyatt Hotels and Resorts, and others. ASAP is dedicated to providing administrative professionals with the most up-to-date tools, educational opportunities, career development and advancement resources to guide them in their careers. Goal #13

- *As a Council initiative, Stacy Delaney, Evelyn Richardson, and Jeani Donaldson assisted with the March 1 roll out of the City's Prescription Card Program. They were responsible for researching participating pharmacies in the area, distributing program information to eight locations, and handling the numerous inquiries. Goal #4*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Foster a Positive Image of Rancho Cordova – Goal #1

- Recruit at least five administrative professionals to the newly formed Rancho Cordova IAAP Chapter.

Champion Employee Development and a High Performance Work Environment – Goal #3

- Build and strengthen relationships cross departmentally by actively participating on two internal staff committees.
- Seek opportunities to improve writing skills by taking one course in effective writing or grammar.
- In partnership with our city's employee recognition program, implement a program that allows one city administrative support personnel to be spotlighted each month.

Ensure the Availability of the Best Public Services in the Region – Goal #6

- To ensure that we are able to share with our residents and businesses the available tools and resources for the region, continue to research programs, services provided by agencies and continue to build our reception resource binder.
- Improve our overall usage of Comcate, which will help to ensure that departments respond to the needs of the public.

Continue to Provide Regional Leadership – Goal #13

- To provide regional leadership in the administrative field, participate in administrative professional networking groups, most specifically the Rancho Cordova IAAP Chapter.

COMMUNICATIONS/PUBLIC INFORMATION/ COMMUNITY RELATIONS

DESCRIPTION

The Communications Department, within the City Manager's Office, has the pleasure of being central to building community pride by communicating the many activities, services and accomplishments of the City of Rancho Cordova, its elected officials, staff and community leaders. In addition, we appreciate the opportunity to lead initiatives to foster civic engagement and responsibility. In a survey, conducted in March 2008, 40% of our residents said they would like to be more engaged in the community and our challenge continues to be developing and facilitating diverse opportunities by which to harness that enthusiasm.

Communications methods are primarily, but not limited to, ongoing media relations and community relations. Other responsibilities, such as special events, graphics development and maintenance and crisis communications also come under the purview of this department. Activities and interactions of the Communications Department are local, regional and national in scope, as appropriate.

Ongoing responsibilities of Communications, Public Information, and Community Relations include:

Media Relations

- Publicity of Council Member activities demonstrating their commitment as elected officials.
- Local, regional, state and national committee work that benefits Rancho Cordovans.
- Special events that reflect their continuous, active engagement in the community.
- Publicity of accomplishments and projects by City staff in support of Council initiatives and goals.
- Generating stories which detail the high quality and quantity of work conducted for the benefit of residents and businesses in Rancho Cordova.
- Responding to media inquiries about stories in or about Rancho Cordova to ensure balanced, accurate and informed reports.
- Function as City's spokesperson, when appropriate; coordinate with other authoritative sources, either as subject matter experts for background or in support of their spokesperson roles.
- Provide media training to staff as needed for general knowledge and for specific interviews to assist in effective communications to the community of City's roles and positions.
- Strategic communications planning and implementation.
- Overall communications strategizing to ensure a positive and accurate image is conveyed consistently within and outside the community.
- Working with key management and staff to develop specific strategic positions on major and/or controversial projects to ensure accuracy.

- Crisis Communications.
- Working cooperatively with internal and external resources to develop and maintain a comprehensive crisis contingency program to be used in conjunction with or in place of the federal emergency operations plan, as appropriate to the crisis.
- Function as City's spokesperson in critical situations, acquiring information from reliable authoritative sources and working directly with the media, and coordination among various internal and external departments and agencies.
- Maintaining ongoing contacts with key Public Information Office staff in other agencies for better relations in times of crisis.
- Implement crisis communications plan as needed.

Community Relations

Ensuring residents, the public, elected officials and decision makers within and outside Rancho Cordova have a positive and informed concept of Rancho Cordova by developing and maintaining strong, positive relationships with the community via:

- Proactive interactions with established community groups, committees, etc.
- Initiate the development of new groups (e.g., Community Advisory Committee) as warranted to fill needs in the community for improved communications and interactions.
- Offer public education about City events, activities and services, through personal contact, brochures, participation in forums, community events, etc.
- Assistance to Council and staff through the preparation of written materials, both content and graphics.
- Planning and executing events that highlight the City's services and accomplishments.

Ensuring the City is reflected in the most positive light through:

- The design and use of graphic images, seal, logo and/or future graphics.
- Unified application of images across all departments for effective graphic communications to the community.
- Publishing and distributing a quarterly City newsletter.
- Design and maintenance of an informative, attractive and user-friendly website.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Communications' Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Communications' Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the

budget document. These accomplishments are grouped together and listed at the bottom of this section.

Foster a Positive Image of Rancho Cordova – Goal #1

Media Relations

- Launch a semi-annual radio/television public service campaign promoting the benefits of Rancho Cordova. First campaign to begin as part of 5th anniversary celebration, prior to end of the 2007-08 fiscal year, second campaign, depending upon budget, to run in winter calendar year 2008-09 and spring 2009.

***Completed.** We ran the successful and popular “I Love Rancho Cordova” campaign as part of the 5th anniversary celebration for four weeks in July-August 2008. Arrangements with Channel 10 provided us with additional exposure as late as Election Night, 2008. For a purchase price of \$12,733 in air time, we received the value of \$70,973 in actual air time. Due to budget constraints unanticipated at the time of this budget, we determined that running a second campaign was not prudent. This campaign has garnered a gold award in the regional CAPPIE competition sponsored by the Sacramento Public Relations Association, a first place award of excellence from the Statewide California Association of Public Information Officials and a bronze Telly in an international awards program which saw 13,000 entries.*

- Implement the U.S. Council of Mayors videos on the Rancho Cordova Website. Completion targeted for October 2008.

***Completed.** We are pleased to have worked with the US Conference of Mayors and their production company, CGI, to create a series of videos showcasing our city. Due to delays at CGI, this took longer than anticipated, but we are delighted with the end result. This project was done at no cost to the city, only staff time. It also improved links with the business community via sponsorships developed by CGI.*

- Increase the quantity and quality of news and feature stories reflecting Rancho Cordova in a favorable light. (see below)
- Triple the number of placements of stories about Rancho Cordova from the previous year. Minimum 100 placements (one story may have several placements in different media) in the fiscal year. (see below)
- Minimum 25 topics covered in the fiscal year.

***Ongoing.** We began maintaining a clip file of media stories, both print and electronic, measuring the number of media stories, the number of topics and the number of outlets. In calendar year 2008, there were 442 articles on 163 topics in 26 media outlets. Since no measure had previously been kept, it is not possible to say if this is triple or not, however we have strong confidence that the number, variety of stories and the diversity of outlets has increased substantially. Developing positive relationships with editors and reporters will help expand the number and quality of stories.*

- Expand and diversify the network of media (include more specialty media for news and feature stories, i.e., Senior Spectrum, Parents, ethnic, talk radio, regional feature magazines, etc.). Minimum placement in 15 different media outlets.

Ongoing. We continue to expand our media list. Due to short-staffing, we have not been able to develop as many stories for radio and feature magazines as we might have with full staff.

- Create an ongoing monthly program on Comcast highlighting City activities, personnel, programs and services with a January 1, 2009 target start date.

On hold. Efforts to identify the appropriate contact at Comcast who can create such a program have not been successful. Further, staffing has required attention be directed to more ongoing media issues.

Community Engagement/Special Events

- Develop a distribution network of public and private-sector locations to post information about City activities and method of distribution and updating materials. Implement by December 2008.

Completed. We identified about a dozen locations for posting information and they are serviced on an occasional basis. This is a low priority compared to other projects.

- Create a speakers' bureau of City staff and Council members to provide frequent talks to civic groups. Initiate program September 2008.

Completed. Letters were sent to approximately 25 organizations offering the services of City staff and elected officials to speak about City activities. To date, only one organization expressed interest and a speaker was booked so this became a low priority. However, we booked speakers to do public education about the Measure B ballot question with about ten local organizations. This is effective on an as-needed, but not on an ongoing basis.

- Conduct an organized, concerted effort to bring Council members and staff into specific communities for informational exchanges, i.e. Town Hall, neighborhood association meetings. Implement by September 2008.

On hold. It was determined that a multi-departmental committee would form to assess the current and future needs of civic engagement in the community. It was decided that until this group reached some consensus, we would not institute any specific projects.

- Ongoing/as-needed support of special events (such as public open houses, workshops, etc. for other departments).

In progress. We have worked with all departments on their needs for design work, public open houses, public information, media involvement, workshops, etc. and are available for support and information as the need arises. In FY 2008-09 some of these projects have included:

- Shuttle Service: assist Public Works staff on the analysis of the proposed routes, financial considerations and operator criteria and selection; oversaw coordination with designer for brand development and marketing materials to encourage ridership.
- Allied Waste: coordinating with contractor and designer to redesign annual brochure for better clarity and conformance by residents.

- Various internal working groups on speaking/focus points for speaking engagements and more targeted messaging for internal meetings.
- Mayor/Council member/City Manager speaking points for various speaking engagements in the community.
- Costa Rica earthquake relief event: coordinated an event and media awareness for residents to support victims of the earthquake.
- Children’s Museum publicity: coordinated with Sacramento Children’s Museum volunteers and board to publicize the agreement to open a museum in Rancho Cordova.
- California Capital Airshow: assistance as needed with publicity and emergency coordination.
- Measure B: Oversaw the public information program for the modernization of the Utility Users’ Tax measure, including writing materials, overseeing design and printing, coordinating with staff and community to ensure consistency and understanding of message to ensure an informed electorate.
- Publicity of many departmental efforts including Code Enforcement, Building & Safety, Kilgore Cemetery and staff volunteerism via the newsletter and a new column in the Grapevine Independent titled, “Rancho Reflections”.
- Include more local, state and national dignitaries in Rancho Cordova programs when and where appropriate.

***Ongoing.** We routinely invite representatives from local, state and federal offices to events in Rancho Cordova and have received good representation from them. Elected officials or their representatives appeared at the Fifth Anniversary celebration, at the State of the City event and the Economic Summit, among others. We have initiated discussions with the Cordova Community Council and the Chamber of Commerce to develop more opportunities for high level guest speakers.*

- Formalize procedures/guidelines for providing financial and/or technical support to outside events, working with the Cordova Community Council.

***In progress and ongoing.** Handled on a case-by-case basis with the ultimate goal to have Cordova Community Council take on this responsibility.*

- Development, as desired by Council, of an annual City event, ice cream social, tea, dance, etc., at City Hall. Implement for anniversary date July 1, 2009.

***Not completed.** Funds were budgeted for such a project; however, declining revenues will likely preempt this for this year and the foreseeable future.*

Graphics/Website

- Addition of Council Member and key staff biographies and photos on website along with other meaningful information to create a more familiar relationship with the community. Completion target of January 2009.

***Completed.** This was done as of May 2009.*

- Addition of video clips and archives on website to include public service campaigns, news stories and videos of City projects. Completion: November 2008.

Completed. *The public service campaign was uploaded to the website in early 2009. Additional improvements are continuously being made to the site.*

- Develop more unified graphic images reflective of the City image.

In progress. *We have conducted an inventory of various department's materials and are in the process of developing a new brand to introduce upon retirement of the 5th anniversary brand, ideally by July 2009. At that time, brochures and other graphics will be unified to reflect a more cohesive image.*

- Analysis, potential revision/updating of City seal, logo and graphic standards. Complete by March 2009.

In progress. *See above.*

Foster Responsible Citizenship – Goal #10

- Create an ongoing Civic Engagement Committee composed of members of different neighborhoods, business, and special interests to engage (monthly or quarterly) in two-way communications about City projects, Council agenda items, outreach, and other topics of interest. Target start date January 2009.

In process. *An internal Civic Engagement Committee convened to try to assess the current and future needs of the City. It was decided that until this group reached some consensus, we would not institute any specific projects.*

- Work with the school districts to develop school programs for students at a particular grade level to expose them to local government. Begin discussions September 2008 for implementation in September 2009 school year.

In progress. *Staff met with Folsom Cordova Unified School District (FCUSD) superintendent in the fall and have held subsequent meetings with school principals at Cordova High School, Mills Middle School, Mitchell Middle School and others with the goal of supplementing their curriculum on government with speakers from Council and staff as well as other potential programs.*

- Working with other departments, develop and market the Strong Neighborhoods program, September 2008.

In progress. *The internal Civic Engagement Committee touched on many of the programs and issues related to a larger Strong Neighborhoods initiative. We are working on a formal written proposal for a long-term program to build upon the strengths of Rancho Cordova.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Successful 5th anniversary celebrations*
 - *Organized a community group that recommended a combination of neighborhood-oriented parties with a big celebration at City Hall.*

- *Organized a matrix team of staff to implement these highly successful events. The 5th anniversary celebration event has won several honors which include:*
 - First place award of excellence from the statewide California Association of Public Information Officials (CAPIO).
 - Honorable mention from the regional Sacramento Public Relations Association (SPRA).
 - Bronze award from the international Summit awards competition.
- *Worked with designer to develop a distinctive 5th anniversary brand.*
- *Continued to write, edit and publish an attractive, meaningful quarterly newsletter—on time, under budget. City Views received a gold CAPPIE award from the Sacramento Public Relations Association in 2009.*
- *Facilitated planning meeting and coordinated community meeting with 150 participants after Christmas Eve natural gas explosion.*
- *Completed Emergency Operations procedures for citywide emergency preparation.*
- *Completed Operations Plan and created emergency contact cards for key staff.*
- *Handled many diverse and unanticipated media inquiries.*
- *Ongoing monthly contributions to the Grapevine Independent via “Rancho Reflections” column.*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Foster a Positive Image of Rancho Cordova – Goal #1

The key to fostering a positive image lies in understanding how you want to be perceived by your community. Therefore, the first step is to work in concert with the City Council and staff to define that perception. We then develop a series of key messages designed to achieve those desired perceptions. The process utilizes proactive and reactive media relations, graphics and community relations. Our efforts in this fiscal year will be to refine efforts started last year, develop stronger media relationships and to focus on key City accomplishments.

- Expanded media relations, meeting reporters/editors for the purpose of developing more and meaningful stories.
- Development/implementation of a new brand to reflect the City’s vision.
- Graphics review and revision of materials for improved communications and consistent appearance.

- Increase the quantity and quality of news and feature stories reflecting Rancho Cordova in a favorable light.
- Triple the number of placements of stories about Rancho Cordova from the previous year. Minimum 100 placements (one story may have several placements in different media) in the fiscal year.
- Minimum 25 topics covered in the fiscal year.
- Expand and diversify the network of media (include more specialty media for news and feature stories, i.e., Senior Spectrum, Parents, ethnic, talk radio, regional feature magazines, etc.). Minimum placement in 15 different media outlets.
- Investigate potential for staging quarterly Power Breakfasts with keynote speakers, in conjunction with Cordova Community Council and Chamber of Commerce for the purpose of providing a local forum for regional and broader-based issues and concerns.
- Support of other departments' projects such as:
 - Community relations regarding Highway 50 widening project
 - Communications to the community about roads/public works projects
 - Housing projects
- Conduct an organized, concerted effort to bring Council Members and staff into specific communities for informational exchanges, i.e. Town Hall, neighborhood association meetings.
- Ongoing/as-needed support of special events (such as public open houses, workshops, etc. for other departments).
- Include more local, state and national dignitaries in Rancho Cordova programs when and where appropriate.
- Develop more unified graphic images reflective of the City image.
- Analysis, potential revision/updating of City seal, logo and graphic standards.

Foster Responsible Citizenship – Goal #10

- Development of a long-range social marketing program for Strong Neighborhoods.
- Coordination with Cordova Community Council and Chamber of Commerce on projects that will raise the image of Rancho Cordova in the minds of business leaders, elected officials, residents and the region as a whole.
- Coordinating with Folsom Cordova Unified School district on several programs (begun in FY 2008-09) to heighten awareness of students of the role of local government in their lives, to foster better future citizenship.

- Work with the school districts to develop school programs for students at a particular grade level to expose them to local government. Begin discussions September 2008 for implementation in September 2009 school year.
- Working with other departments, develop and market the Strong Neighborhoods program.

HUMAN RESOURCES

DESCRIPTION

Under the management and general direction of the City Manager's Office, the Human Resources Department plays a major role in creating a collaborative team of City employees and contract staff that provide high quality service to the community. The Human Resources Department takes great pride in its employees who are up to the challenge of creating something different, who think beyond the traditional boundaries of "how it's always been done", who dare to want to make a difference, and who can have fun and not take themselves too seriously in the process. With this being said, the City is committed to maintaining and attracting an exceptionally qualified team of employees.

Aside from providing the City with talented and motivated employees, the department is responsible for developing and maintaining a high-quality of work life, adhering to equitable and ethical personnel standards, updating and composing job descriptions for City positions, and providing employee development opportunities. Human Resources staff ensures that performance is appropriately rewarded and that employees receive salary and benefits competitive with the marketplace. The mission of Human Resources is to develop a staff and workforce philosophy that embraces the City Council's vision, citywide goals and core values in daily decision making.

Ongoing responsibilities include:

- Maintain a classification plan that contains accurate and up-to-date job descriptions for City positions by conducting a job analysis prior to recruitments for vacant positions.
- Work closely with departments to assess staffing needs and coordinate the recruitment and selection process to attract hard working, talented and engaged employees that fit within our culture.
- Orient new employees, prepare personnel action documentation and maintain employee records in accordance with established regulations.
- Conduct salary surveys to ensure that the established salary ranges for City job classes remain competitive with the marketplace.
- Evaluate and provide training on an effective performance management and employee development program to encourage excellence, provide valuable feedback and opportunities for professional growth and ensure good performance is recognized and appropriately rewarded.
- Develop the City's workforce by assessing departmental training needs and delivering professional growth opportunities for staff including: skills enhancement training, management and supervisory training, safety training and mandated training.
- Administer the City's benefit program including the contract for the City's health insurance and retirement program with the California Public Employees Retirement System.
- Administer the annual "open enrollment" for health and associated benefits in conjunction with a Wellness Fair.

- Coordinate the Employee Advisory Team (E.A.T.), to obtain input on new policies that will impact employees, provide opportunities for contribution to the community and charitable organizations, plan activities that promote teamwork and collaboration across departments, and leadership development for employees on the E.A.T. team who volunteer to take the lead on various E.A.T. activities.
- Provide proactive leadership and clear advice to support departments when employee relations issues arise and assist departments to clarify expectations.
- In support of the City culture, maintain a high level of communication, cooperation and understanding among all levels of City staff with regard to Human Resources policies and programs.
- Review and maintain the Human Resources Manual and create necessary policies, employee guidelines, procedures and forms necessary to the effective and legal operation of the organization.
- Administer a leave of absence program, adhering to federal and state guidelines.
- Administer volunteer and student internship program.
- Maintain confidential personnel data in the Human Resources Information System (HRIS).

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Human Resources' Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Human Resources' Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Champion Employee Development and a High Performance Work Environment - Goal #3

- Administer and implement citywide training programs that promote organizational effectiveness and improve customer service, to include:
 - In July 2008, establish the schedule for the final three training sessions of the leadership development and essential skills for managing employees program so that it is completed by December 2008.

***Completed.** To assist with leadership development, the Human Resources Department offered dynamic programs to challenge current practices and prepare our supervisors and managers to be effective leaders. We also encouraged other employees to attend for professional development in preparing our future leaders.*
 - By the end of August 2008, work with departments to identify safety training needs, identify available training resources and coordinate two citywide safety trainings to prevent potential injuries which could ultimately provide cost savings to the City.

Completed. Human Resources staff coordinated a CPR/First Aid class, which also included defibrillator training to prepare a core group of employees to utilize our newly installed defibrillators, and provided a back injury prevention DVD to various departments to ensure safe lifting techniques are applied where lifting hazards exist. Additionally, an ergonomic training was conducted in March to prevent injury.

- By August 2008, equip supervisors with the necessary knowledge pertaining to sexual harassment and discrimination prevention with an in-house training program presented to promote a positive work environment that allows employees to focus on City services.

Completed. An online training program was provided to supervisors.

- By March 2009, coordinate a training program to educate employees on the benchmarking process that will assist them in finding and evaluating best practices identified by other organizations and cities that will help improve our processes and customer service approach.

Completed. A brief workshop was offered to provide tools and resources that will assist staff in researching best practices from other organizations to improve our current processes or implement new programs that enhance our services.

- Enhance the new employee orientation process to include the City's philosophy for exceptional customer service, an ergonomic review with the new employee and a document that contains key webpage links to important information that will help the employee more efficiently transition into their job.

Completed. A checklist was created by staff to ensure that each new employee is provided with all benefit information, policy and guidelines that they must understand and opportunities available to them that are important to our culture. Additionally, a meeting is scheduled for the Human Resources Manager to meet with each new employee at the three month anniversary mark to obtain feedback and ensure that new employees are satisfied with the new job and have the resources they need to be successful.

- To encourage more innovation, increase productivity, and improve services to the community, human resources will promote the employee recognition program to expand the occurrence of employee recognition by 20 percent. This will involve implementation of several new employee recognition options and better communication to the overall workforce.

Completed. An enhanced recognition program has been implemented and supervisors trained on expectations for rewarding employees and demonstrating appreciation when employees go above and beyond and produce exceptional work. While we are still evaluating the results, it is anticipated that the overall efforts of the Human Resources Department resulted in a greater than 20 percent increase in recognition through certificates, bonuses, and service awards than had occurred in the prior year.

- By April 2009, develop the Human Resources Intranet website and publish information to promote employee development and provide links to important information and forms pertaining to benefits, retirement, employee leave issues, safety, performance management, training opportunities and the Employee Assistance Program.

Completed. Human Resources staff conducted an employee survey to identify resources employees wanted available on the Intranet and developed the materials that the IT Department needed in order to create the Intranet pages. Additionally, Human Resources worked with IT staff to create a streamlined, online absence request process which will update a City calendar, simplify the approval process and alleviate the need for a paper process.

- Evaluate employee benefits as they compare to the 16 jurisdictions identified in the City's compensation philosophy to ensure the City of Rancho Cordova is able to recruit and retain talented employees.

Completed. A total compensation study was successfully completed and recommendations were implemented within the projected budget. Notably, Human Resources implemented several benefit changes that resulted in cost savings to the City while improving benefits to employees.

- In conjunction with the Finance Office, evaluate our current retirement plan through CalPERS and explore options for adjustments to the plan by September 2008, which will result in quality benefits to attract and retain the most talented employees.

Completed. The Human Resources Department and Finance Department met with CalPERS representatives to review our contract and to better understand the future retirement cost obligations through discussions with our actuary. Human Resources prepared two resolutions for Council approval that were needed to update existing resolutions that had not been updated with prior year changes to the CalPERS contract.

- Evaluate the possible benefit enhancements or cost saving options through Public Agency Retirement Services (PARS) retirement programs tailored to public agencies by September 2008.

Completed. The review of PARS was completed and no benefit enhancements or cost savings could be gained through PARS.

- By May 2008, evaluate options and report back to the City Manager and management team on a more effective performance management program that will ensure employees understand the expectations for their assigned responsibilities, align their individual goals with the department and City objectives, identify areas and opportunities for development and provide a component to ensure good performance is appropriately recognized or rewarded.

Completed. A new performance management form has been implemented for department heads to facilitate better feedback pertaining to core competencies and department goals. The management team viewed a demonstration of an online performance management system that would help link individual goals to organization goals for providing a better measure of overall results and achievement.

- To assist with supervisor and employee development, create four new informational handouts for distribution.

Completed. The Human Resources Department provided a Workers Compensation Program handout to help ensure employees could receive prompt treatment in the event of an injury. Guidelines on Political Activities were

distributed in July and two information handouts on our benefits were disseminated during the fiscal year. Additionally, many resources were prepared for the HR Intranet pages.

- By June 2009, evaluate the utility of the Great Plains Human Resources Module options to establish a better system for maintaining and reporting employee information, tracking performance evaluation due dates, recognition, professional license expiration dates, training needs and training completion dates.

Completed. *The Human Resources Department has worked with the IT Department to identify a consultant that has educated staff on the system and reporting capabilities that will create efficiencies.*

- Identify options for a comprehensive training program to educate managers and supervisors on the steps for identifying effective performance measures and developing SMART (Specific, Measureable, Attainable, Realistic, and Time sensitive) goals that allow departments to measure their productivity and establish necessary process/service improvements where problems exist. This training program will be conducted by January 2009.

In progress. *Staff has begun developing the presentation materials; however, this project was put on hold until the next fiscal year.*

- By February 2009, develop and schedule a supervisory training program to ensure supervisors understand their role in effectively administering the City's Human Resources Manual policies, applying strategies to optimize employee performance, addressing employee development needs and promoting an effective team environment to foster a high performance workforce.

In progress. *A course outline has been developed and the first module pertaining to employee recognition has been provided.*

- To promote the safety and health of our workforce, the Human Resources department will implement a comprehensive Injury and Illness Prevention Program (IIPP) to outline employee safety responsibilities, training, worksite evaluation requirements, accident investigation and management's role in responding to safety concerns.

In progress. *The initial goal deadline was not met due to other organization priorities; however, the IIPP has been drafted and is in the review process.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Human Resources conducted an employee survey to identify opportunities for improving our services. It was positive to learn that 92.4 percent of employees felt that Human Resources responds timely to their questions and 94.3 percent feel they experience quality interactions with Human Resources. Goal #3*
- *The Human Resources Department partnered with the IT Department to design and implement an online suggestion program to ensure all staff has an avenue they feel comfortable using to submit ideas or concerns. Goal #3*
- *The Human Resources Department updated the human resources manual to include changes to several leave laws, updates to benefits, and clarification of current practices. Goal # 3*

- *The Human Resources Department submitted a nomination for the Cordova Community Council Public Service Award and the City Employee Group was selected as the 2009 winners. Goal #1*
- *The Human Resources Department prepared a submission for the Sacramento Area Human Resources Association and Sacramento Bee Sacramento Workplace Excellence Leader (SWEL) Award and was selected as the winner of the small government agency category. Goal #1*
- *The Human Resources Department established a regular timeline for reviewing and reporting on organization security, performance review due dates, and various City Manager reports. Goal #3*
- *The Human Resources Department coordinated participation of staff and business partners to support Cordova High School Business Academy student interviews. Goal #3*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Foster a Positive Image of Rancho Cordova – Goal #1

- To share the positive story about our newer City and thriving community, the Human Resources Department will identify opportunities, assist with or prepare at least one award submission to highlight the great culture and team that has been developed in the City.

Champion Employee Development and a High Performance Work Environment – Goal #3

- In order to effectively support the departments and foster an effective culture, the Human Resources Department will conduct an employee survey to assess overall organizational effectiveness and employee engagement, and offer at least two team building activities to promote collaboration, planning, communication, and/or team effectiveness.
- Research low to no cost benefit options that will meet the needs of our employees and continue to give back to them for their great contributions.
- To promote the safety and health of our workforce, the Human Resources department will implement a comprehensive IIPP to outline employee safety responsibilities, training, worksite evaluation requirements, accident investigation and management's role in responding to safety concerns.
- To foster a healthy lifestyle and promote employee well-being, coordinate and schedule four wellness program activities or trainings. Coordinate and publicize at least one flu shot event at City Hall early in the flu season.
- Survey employees to identify training topics needed and employee interest in the use of webinars as a means of training. Provide at least two trainings to employees.

- Research and recommend a basic retention/succession plan to partner with and support departments.
- To ensure continuity of service and streamlined processes, Human Resources staff will create desk manuals to document and review how we input and maintain employee data, add/update/delete benefits, open and close out recruitments, add/delete job descriptions in NEOGov, and maintain position control data.
- Research and identify the human resources functions or workforce characteristics (e.g., generation breakdown, gender) that we need to establish a baseline measure that will allow us to clearly assess progress and report results.
- Partner with the IT Department to evaluate and implement online workflows where it will result in efficiencies and create streamlined, user friendly forms and improved benefit change processes.
- Implement improvements to the existing performance management system to reduce the percentage of late evaluations by five percent and increase the quality of feedback provided to employees to demonstrate recognition and appreciation of their hard work and to effectively discuss opportunities for personal development.
- Partner with IT to develop online profiles for employees.
- Conduct supervisory training to provide tools to optimize employee performance and development and ensure supervisors effectively administer the City's Human Resources policies.
- Provide training to educate staff on how to benchmark best practices, identify effective performance measures and develop smart goals to better measure productivity and establish process/service improvements.

Foster Responsible Citizenship – Goal #10

- To support our local community and build employee engagement, coordinate the participation of employees in at least six local events, including blood drives and contributions of time and monetary donations.

Continue to Provide Regional Leadership – Goal #13

- To provide regional leadership in the human resources field, plan and coordinate a Human Resources Professional Event and host a regional webinar for the International Personnel Management Association to learn best practices from other human resources professionals that work in the Rancho Cordova business community or with public employers in our region.
- Participate on the Preparing for the Next Generation Statewide Committee and assist with passing on the resources that are being created and disseminated by the group.

ADOPTED FISCAL YEAR 2009-2010 BUDGET

EXPENDITURES:

FINANCE

DESCRIPTION

As a steward of public funds, the Finance Department is responsible for the fiscal health of the City as well as the collection and expenditure of funds in accordance with all applicable laws and regulations. This includes managing the processes and recording for day to day transactions, providing accurate reporting to the City Council, City Manager and other departments as well as performing high level, broad fiscal analysis of current activities, trends and steering us into the future. As such, the Department is best viewed as providing two levels of service, internal operations and fiscal analysis and advisory services.

From the analysis and advisory perspective, the Finance department is charged with the following roles and tasks:

- Primary advisor to the City Manager and City Council on fiscal and financial matters.
- Long range financial planning, including forecasting and budgeting.
- Ongoing investigation and identification of fiscal opportunities such as significant sources of new revenues or expense reductions.
- Participating in the Financial and Accounting Industry in order to stay aware of Industry Best Practices and identify opportunities for effecting change.
- Provide leadership in the development and implementations citywide financial policies.
- Administer the City's Investment and Debt Portfolio's.

On the internal operations side, the Finance Department performs the following functions:

- General accounting services including recording and reporting transactions in accordance with Generally Accepted Accounting Principles (GAAP).
- In order to ensure optimum cost recovery the Finance Department provides project accounting services, which includes tracking expenses on a project by project basis, billing third parties for cost reimbursement and maintaining customer statements and account history.
- Providing timely financial detail and summary reports to City management and the City Council to assist them in managing the activities of their respective departments.
- Design and implementation of an effective system of internal controls for the purpose of safeguarding the City's assets.
- Annual budget preparation.
- Preparation and management of Annual Independent Fiscal Audit.
- Generation of Comprehensive Annual Financial Report and Citizens' Financial Report.
- Grant compliance and reporting.

- Community Facility District and Assessment District Administration.
- Administration of the Business License Program.
- Ensuring fees are set at the appropriate levels to ensure the City is justly compensated for services provided.
- Budget management, which includes not only providing reports to departments but meeting with the various departments to discuss their performance to the budget on a regular basis throughout each fiscal year.
- Payroll processing.
- Providing contract administration.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Finance Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Finance Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Champion Employee Development & a High Performance Work Environment – Goal #3

- In conjunction with the Human Resources Department and the City Manager's office, the Finance Department will evaluate our current retirement plan through CalPERS and explore options for adjustments to the plan to ensure that our staff continues to receive an attractive and competitive benefits package.

***Completed.** The Human Resources Department and Finance Department met with CalPERS representatives to review our contract and to better understand the future retirement cost obligations through discussions with our actuary. Human Resources prepared two resolutions for Council approval that were needed to update existing resolutions that had not been updated with prior year changes to the CalPERS contract. No changes to our existing retirement benefit were identified during this process.*

- In order to ensure efficient internal operations, practice good internal controls and provide excellent customer service, the Finance Department will create a Financial Matters Manual for new hires. This manual will include a copy of the purchasing policy, petty cash policy, accounts payable process, employee reimbursement policy and all finance related forms and templates.

***Not Completed.** This project was put on hold pending the creation of an Intranet. The Intranet is expected to be operational by the beginning of FY 2009-10; therefore this project is listed as a current year project in FY 2009-10.*

Ensure a Safe Community – Goal #6

- The Finance Department will be researching and presenting to the City Council alternative options for the Business License Program. This is necessary in order to ensure that our Business License Program utilizes best practices to protect the public from potential threats to their peace, health, safety and welfare as a result of businesses not being in compliance with the vast array of city ordinances and state laws enacted for such purposes and to ensure that we achieve acceptable cost recovery without deterring businesses from operating in our City. (\$30,000)

***In progress.** An internal working group has been formed with the purpose of identifying the desired intent of the Business License. Once identified, we will determine if modifications are needed to our existing ordinance. We are also currently undergoing a user fee study. Part of this study is determining the correct fee level for the business license, to ensure cost recovery. It is anticipated that an initial ordinance revision allowing Code Enforcement to process violations in the same manner as other code violations and will occur prior to the end of the fiscal year. The fee is currently being reviewed as part of a larger fee study and if an adjustment is necessary staff will need to conduct outreach to the business community. Implementation of the revised ordinance and enforcement program and new fee has been included as a current year project for 2009-2010.*

Practice Sound Fiscal Management – Goal #11

- In order to safeguard the City's ability to maintain and possibly expand funding for services to residents, the Finance Department will research and consider proposing an amendment to the ordinance regarding the applicability and rate of our Utility Users' Tax (UUT).

***Completed.** In July 2008 the Finance Department presented to the Council a resolution to place a UUT measure on the November 2008 ballot proposing corrected language to safeguard our existing UUT and to expand the base to which the tax is applied. The proposal did not garner the required number of Council votes to be placed on the November 2008 ballot. In March 2009 the Finance Department brought the issue back to Council. On March 5, 2009 the Council approved a resolution placing the proposed UUT ordinance on the May 19, 2009 special election ballot as a special tax, restricted to funding police services, maintenance of and improvements to city streets, sidewalks and landscaping, graffiti removal and code enforcement.*

- Monitor and advise the departments and the Council on the relationship between revenues and expenditures against the budget in order to maintain fiscal health during the downturn in the national, state and local economy and to ensure that the City is operating within its appropriated limits.

***Completed.** The Finance Department met with each department no less than quarterly to monitor their performance to the budget. The Finance Department performed a comprehensive mid-year budget analysis culminating in the third annual Financial Issues Workshop in February 2009.*

- As part of our concerted efforts to set an example of responsible environmental stewardship to the community we serve, we will continue our "green" efforts by creating and proposing a Purchasing Policy that encompasses environmentally friendly purchasing guidelines and processes.

Completed. Council approved Resolution 134-2008 on December 1, 2008. This resolution encourages and supports the use of environmentally preferable products and services in conducting official City business.

- In order to ensure that we have sufficient controls over cash, conduct efficient operations and provide our employees with the tools necessary to carry out their duties, the Finance Department will be reviewing and revising the existing Petty Cash Policy.

Completed. Additionally, it is anticipated that we will have contracted with a courier to pick up and deliver our cash receipts to the bank.

- One of the major responsibilities of the Finance Department is providing accurate and timely reports and financial information to the various departments to assist them in monitoring their activities. For several years the department has been struggling to implement its financial software and reporting tools. This year we anticipate completing the implementation and providing real time access to the system by other departments.

Substantially completed. During this year the Finance Department greatly expanded the quality and quantity of finance reports available to the various departments. Improvements in our ability to provide meaningful data will always be a high priority in the Finance Department.

- The downturn in the housing market has resulted in a higher than normal property tax delinquency rate. In order to comply with legal requirements, and ensure adequate funding for services, the Finance Department will be monitoring and proactively securing payment of delinquent Mello-Roos bonds, assessments and other City fees, assessments and taxes.

Completed and ongoing. Sacramento County requires all property taxes due, including special taxes to be paid together. California law and the City's bond covenants require an annual review of the City's special tax bond districts each year. Delinquent properties within a Mello-Roos CFD bond district are subject to accelerated foreclosure proceedings if delinquency rates exceed a 5% threshold, and the City notifies property owners promptly twice during the year, then removes delinquent special taxes from the roll. The City contracts with outside legal counsel to collect delinquent taxes and pursue judicial foreclosure. Actual foreclosure is extremely rare and the City collected over 85% of the delinquencies last year. The City also sends reminder letters to properties within other special districts. These districts, although not subject to foreclosure covenants, receive the tax delinquencies each year per an agreement with Sacramento County, known as the Teeter Plan.

- In order to enhance accountability and consistency, provide a training tool for staff and ensure the continuity of the newly designed system and processes, the Finance Department will be creating an Accounting Policies and Procedures Manual. (\$25,000)

Partially completed. Staff has made significant progress this year in documenting our policies and procedures. Elements of the manual currently exist in electronic format. Completion of this task is shown as a current year project for 2009-2010.

- Simplify the Chart of Accounts. The current chart of accounts is complex and exhaustive. This makes it difficult for the departments to accurately and consistently code revenues and expenses to the general ledger.

Ongoing. *The Finance Department eliminated a large number of inactive accounts within the General Ledger. It is the ongoing responsibility of the Finance Department to evaluate and improve the Chart of Accounts.*

- In order to ensure that our fees are adequate to provide the desired level of amenities to our residents the Finance Department will be reviewing and updating the Capital Facility Fee Program. This program sets fee levels to help fund the cost of public amenities such as Libraries, City Halls, Police Departments, Corporation Yards, Community Centers and Museums. (\$15,000)

In progress. *The study is currently underway and a draft is expected to be completed before the end of FY 2008-09.*

- Monitor success of Sacramento County's Alarm Permit Ordinance revision and consider proposing amendments to our ordinance in an effort to reduce the frequency and cost of false alarms

On hold. *Staff has determined that an insufficient amount of time has passed for a meaningful study to occur. This will be included as a project for the current fiscal year 2009-2010. Preliminary inquiries have indicated that their new ordinance has not been effective in reducing the number of false alarms.*

Establish Logical (City) Boundaries – Goal #12

- Actively participate in the annexation of the area known as the "Finger", including leading the tasks which will ultimately result in the generation of a property tax sharing agreement and settlement or adjudication of litigation.

In progress. *The Finance Department has played a very active role in managing this annexation process resulting in the completion of the required Fiscal Analysis. This project continues to progress through its legally required processes.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Completed a comprehensive cost allocation and user fee study. This resulted in a master fee schedule which will help ensure that we maintain our fees at current cost recovery levels. Goal #11*
- *Successfully utilized the newly amended cardroom ordinance resulting in the issuance of a Business License for the Cordova Family Restaurant and Cardroom and the execution of a revenue sharing agreement with said establishment. Expected to produce approximately \$100,000 per year commencing with FY 2010-11. Goal #11*
- *Successfully improved our operating efficiency by integrating our cash receipts program with our general ledger accounting system. This integration eliminated the need for dual manual entry of cash receipts into our accounting system. Goal #11*
- *Reviewed and improved the security controls in the accounting system resulting in improved safeguards over City assets. Goal #11*
- *In an answer to the deteriorating economy the Finance Department held a brainstorming session with all employees and Council members to identify ways in which we can generate new revenues, increase efficiencies and save money. A total of 297 suggestions were received; 92 were cost savings ideas and 205 were ideas on how to generate new*

revenues. Out of this brainstorming session the Money Matters Committee was formed. This committee meets on a regular basis to pursue and evaluate the suggestions received and to plan events intended to foster a culture of creativity and innovation. Goal #3

- Secured an upgrade to the City's bond rating from A- to A+. Goal #11
- Solicited requests and issued a contract with a collections agency to assist in collections of past due balances. Goal #1

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Champion Employee Development & a High Performance Work Environment – Goal #3

- In the prior year the Finance Department intended to create a Financial Matters Manual for new hires. The manual was to include a copy of the purchasing policy, petty cash policy, accounts payable process, employee reimbursement policy and all finance related forms and templates. Since that time the Information Technology Department has commenced work to create an Intranet. All of this information will be made available to the Intranet in the coming year.

Ensure a Safe Community – Goal #6

- In the prior year the Finance Department, in conjunction with other City departments, analyzed our existing Business License and determined that the intent of the existing ordinance is to protect the public from potential threats to their peace, health, safety and welfare as a result of businesses not being in compliance with the vast array of City ordinances enacted for such purposes. The working group evaluated our current business licensing practice and identified ways in which we could improve our processes to better enforce the existing ordinance. An ordinance amendment was expected to be presented to City Council for consideration prior to the end of the fiscal year. The amendment is designed to enhance and refine the enforcement tools available to the Code Enforcement division.

This year, the Finance Department will orchestrate implementation of the Business License enforcement program. The program will be a combined effort between the Finance Department, Code Enforcement and the Building and Safety Departments to ensure that all businesses are appropriately licensed and conducting business in accordance to all applicable local codes. The next phase of the Business License review project will be to evaluate the concept of a business license tax versus a business license processing fee.

Practice Sound Fiscal Management – Goal #11

- Monitor and advise the departments and the Council on the relationship between revenues and expenditures against the budget in order to maintain fiscal health during the downturn in the national, state and local economy and to ensure that the City is operating within its appropriated limits.
- In order to ensure that all local hotels are remitting the correct amount of the Transient Occupancy Tax (TOT), the Finance Department will engage a consultant to perform a TOT audit. One objective will be to ensure that hotels are properly reporting their revenues and

remitting the correct amount of tax to the City. Another objective will be to identify the amount of TOT collected from rooms booked via an online wholesaler so that we may identify if the full tax collected by the online booking agency was transmitted to the hotel and ultimately to the City. (\$15,000)

- In order to ensure collection of all amounts assessed and due, the Finance Department will be developing Accounts Receivable Policies and Procedures. The document, which ultimately will be included in our Accounting Policies and Procedures manual and be posted on the Intranet, will describe the use of our three debt collection tools: property liens, tax roll levies and collection agencies. The document will provide guidelines on when to use each of the three options and will provide instructions for processing under the selected method.
- In order to maintain fiscal strength and to foster an exciting work environment, the Finance Department will continue to manage and steer the Money Matters Committee resulting in the implementation of new cost savings and revenue generating fees, programs or services.
- The Finance Department will significantly increase our operating efficiency and reduce costs by streamlining our payroll processing. Improvements will include outsourcing payroll processing to a third party administrator and implementing the electronic timesheet entry capabilities of our accounting system.
- In order to provide meaningful and useful financial information to our internal customers, the Finance Department will be offering training on the use of the project accounting system as it pertains to internal projects. This system will allow the City to track the staffing and other direct costs incurred by internal programs and projects.
- To comply with the requirements of Governmental Accounting Standards Board Statement No. 45 (GASB 45), the Finance Department will engage a qualified consultant to perform an actuarial study on our liability for Other Post Employment Retirement Benefits (OPEB). Once the results of the study are available we will determine how we are going to report and/or fund the liability.
- In order to enhance accountability and consistency, provide a training tool for staff and ensure the continuity of the newly designed system and processes, the Finance Department will continue with the creation of an Accounting Policies and Procedures Manual. Our efforts this year will be focused on compiling a physical manual out of the myriad of electronic documents we've created and posting the final document on the City's Intranet.

ADOPTED FISCAL YEAR 2009-2010 BUDGET

EXPENDITURES:

	FY 2007 Actual	FY 2008 Actual	FY 2009 Budget	FY 2009 Estimated Actual	FY 2010 Adopted Budget

Transfers In	264,500
	\$ 1,102,700

INFORMATION TECHNOLOGY

DESCRIPTION

Information Technology (IT) provides support for the City's computing systems including desktop, network, and other information technology hardware, software, and services, and assists with monitoring and controlling telecommunications costs and configurations.

Standard ongoing responsibilities of Information Technology include:

- Provide and manage all support and maintenance for computing resources, the wide area network, Internet connectivity and all data security.
- Provide telephone services on an organization-wide basis.
- Provide maintenance of computer equipment, networking and software applications and hosted services through contracts with outside vendors/consultants.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Information Technology Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Information Technology Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Champion Employee Development & a High Performance Work Environment – Goal #3

- Provide better connectivity to remote users by implementing a seamless connectivity solution.

***Completed.** Evaluated, tested, and implemented a seamless connectivity solution for remote users working in the field. This allows a secure connection to the City's data systems allowing users to have live data in the field. Also allows IT staff to remotely support and assist these users. Currently being used by Code Enforcement and Animal Services to access our Hansen system as well as e-mail any needed files from vehicles in the field.*

- Implement automated e-mail archiving and e-discovery system controlling e-mail retention and archiving.

***In progress and ongoing.** Educated users on e-mail archiving, retention, and deletion so users would better maintain their own e-mail boxes.*

Ensure the Availability of the Best Public Services in the Region – Goal #4

- Implement Hansen Modules for Planning and Code Enforcement.

Planning Module – IT and the Planning Department have completed a process brief and anticipate starting this project with Infor (formerly Hansen) in June 2008.

Completed. *Went Live with the Planning/Entitlement module of Hansen in October 2008.*

Code Enforcement Module – Anticipate beginning this phase of the project last quarter of 2008. This module will provide a case management system that will provide Code Enforcement better tracking of cases, and also will provide Code Enforcement Officers in the field the ability to look up Business License and Building Permit information.

Completed. *Went live with the Code Enforcement Module of Hansen in February 2009.*

- Manage the completion of the Great Plains Accounting System implementation.

Assist the Finance Department in the completion of the Great Plains Financial System by providing project management and oversight. Work with Eskel Porter (consultants) on any technical issues.

Completed. *Met with consultant and created a timeline and project plan to complete remaining items left open. Was able to get consultant to follow timelines and meet projected dates for completion. Ongoing support and maintenance of system still being provided by consultant.*

- Virtualize servers for high availability, energy conservation and business continuity. By virtualizing our servers we can combine multiple servers into a single server and balance those servers for high availability, reliability and redundancy. This will also enhance our ability to create a disaster recovery site which will be incorporated into a business continuity plan. Virtualizing servers also saves us energy by reducing the number of servers needed and reduces the amount of cooling needed in our server room. The project will help us ensure that we are providing the best services to our community.

In progress. *We have completed testing and have implemented three servers into a virtual environment. Installed a 6TB Storage Attached Network device to handle all the data storage for the virtual servers and working data for the City.*

- Implement Hansen Dynamic Portal.

In progress. *Started Dynamic Portal discussions with Infor Staff on February 4, 2009. Met with Building Department to start design of the scope of work. On April 3, 2009 signed the Memo of Understanding with Infor to start work effort on Dynamic Portal with a projected completion date of July 31, 2009.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Worked with Sacramento County to become part of the Sacramento Regional Radio Communications System. Purchased portable radios for our Code Enforcement and Animal Services Officers to utilize for both day-to-day communications as well as emergency communications. This allows Officers in the field to communicate directly with Rancho Cordova Police Officers helping to provide a safer community and giving our officers better communications for their own personal safety. Additional radios are also located at City Hall for use as well as being part of our Emergency Operations Plan. Goal #3 and Goal #4*
- *Assisted the Rancho Cordova Chamber of Commerce with needed computer and network needs. Helped Chamber purchase new computers and installed and configured for users.*

Also assisted Chamber in renegotiating their telecommunications services saving the Chamber more than \$400 per month. Goal #4

- *Provided assistance to The Cordova Recreation and Park District in stabilizing their network, backup, and data services. Also audited the districts telephone and data services and aided them in acquiring new services which reduced their monthly expenses more than \$1,000 per month. Goal #4*
- *Renegotiated copier leases which allowed us to bring in higher speed copiers and reduced our cost per page. Goal #4 and Goal #10*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Ensure the Availability of the Best Public Services in the Region – Goal #4

- We will build offsite redundancy for mission critical servers and replication of systems in order to better protect our data and quickly recover from any system failures and allow disaster recovery of our network.

This will be accomplished by taking our virtual project from 2008-2009 fiscal year and expanding it into a complete mirrored offsite image of at least our data, and potentially our mission critical servers.

- In order to deliver a clear and accurate Enterprise System Database and the needed accurate reporting, we will review the implemented modules of the Hansen Enterprise System and evaluate the use and functionality of the system and the manual processes in place..
- The IT department will expand web based mapping capabilities with both internal and external tools. Internal mapping tools will focus on integration with information stored within the Hansen system including permits, business licenses, parcel information, code enforcement cases, and public works assets. The external or public facing tools will focus on providing parcel level information related to school and water districts, tax and fee areas, nearby parks, bikeways, bus and potential shuttle routes, etc.

Champion Employee Development & a High Performance Work Environment – Goal #3

- We will replace computers older than three years according to our PC Replacement Guidelines. This provides employees with current reliable computers enhancing employee satisfaction in the work environment.

ADOPTED FISCAL YEAR 2009-2010 BUDGET

RISK MANAGEMENT

DESCRIPTION

Risk Management administers the City program to minimize harm to the physical, human, and fiscal resources of the City and to minimize the total cost of risk to the City of Rancho Cordova.

Risk Management provides the following services for the City:

- Management of all insurance operations for the City, and review of insurance contract language to ensure the best liability protection for the City.
- Coordination of the information flow between the City's insurance adjusters and City personnel.
- Advice on loss control and insurance for City management.
- Management oversight on all open liability claims which are filed against the City.
- Provide oversight of the City's Workers' Compensation program.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Risk Management Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Risk Management Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Champion Employee Development & a High Performance Work Environment - Goal #3

- In order to educate City staff on workplace safety and/or loss prevention we will conduct two risk management trainings in conjunction with California State Association of Counties – Excess Insurance Authority.

***Not completed.** This will be accomplished through the Human Resources Comprehensive Injury and Illness Prevention Program.*

- In order to promote workplace safety and ensure adherence to safe practices and applicable laws, we will establish a Safety Committee that will review best practices and make implementation recommendations.

***Not completed.** This has been replaced and/or rolled into the Human Resources Comprehensive Injury and Illness Prevention Program.*

FISCAL YEAR 2009 – 2010 PROJECTS

Practice Sound Fiscal Management – Goal #11

- Continue to monitor and manage claims as submitted.

POLICE DEPARTMENT

DESCRIPTION

The Rancho Cordova Police Department (RCPD) is a community based policing organization and subscribes to a Community Oriented Policing (COP) philosophy. This philosophy includes a management style and organizational strategy that promotes proactive problem solving and police-community partnerships. There are six major principles that are critical to the COP philosophy:

- Partnerships
- Accountability
- Empowerment
- Problem Solving
- Service Orientation
- Risk Taking

The department is operated as a shared command police agency with the Sacramento Sheriff's Department and is responsive to the needs of the City residents and businesses. The personnel for the department are obtained through a contract with the Sacramento County Sheriff's Department.

The Rancho Cordova Police Department focuses efforts on producing the following desired outcomes:

- Order and civility in public places
- Reduction of crime and victimization
- Offenders held accountable
- Efficient and effective use of resources (operational and financial)
- Quality service and customer satisfaction

The above outcomes are produced through the following six functional areas:

- Office of the Chief of Police – responsible for effective management and coordination of police services in the community.
- Administrative Services Bureau – responsible for training, finance and facility operations, and provides the necessary support functions needed to carry out daily operations.
- Field Operations Bureau – performs a wide variety of patrol functions, including: responding to life threatening emergencies and in-progress criminal activity, accident investigation and traffic enforcement, addressing quality of life issues in neighborhoods and business districts, and performing peacekeeping activities .
- Investigations and Community Services Bureau – includes investigations, problem-oriented policing, school resource officers, volunteer services, traffic enforcement, crime prevention, crime and traffic analysis, and fingerprinting; this includes follow-up investigations on both criminal and traffic related cases; this division also provides traffic enforcement, accident investigation and takes crime reports from the public.

- Communications and Records Services – provided by the Sheriff's Technical Services Division, this division is responsible for handling calls-for-service from the community and the dispatching of officers, and provides processing, routing, storage, and retrieval of police reports and citations.
- Program Support Services – consists of a menu of fee-for-service support such as major crime investigation, helicopter patrol, canine units, crime scene investigation, SWAT Team, Homeland Security and hazardous material response.

Additional standard ongoing services provided by the Rancho Cordova Police Department's Rockingham Station include:

- Report-taking (telephone and walk-in)
- Applicant fingerprinting
- Access to the Megan's Law computer
- Crime analysis
- Neighborhood Watch
- Business Watch
- Business security survey
- Vacation house checks
- Crime prevention meetings
- Community meeting room
- Victims case updates/notifications
- Officer contact survey

FISCAL YEAR 2008– 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Police Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Police Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Ensure the Availability of the Best Public Services in the Region---Goal #4

- Develop a plan for the cost effectiveness of using Community Service Officers (CSO) in place of police officers for lesser crimes, reports and traffic accidents.

***Completed.** Non sworn uniformed CSO positions take reports, handle minor traffic accidents, deter theft and violent crimes by remaining visible to the public. CSO's tow abandoned vehicles, identify stolen vehicles, attend community events and work with the public to notify sworn officers of problem areas. Cost comparison of using CSO's in place of police officers has been completed. The cost of using CSO's in place of police officers would be a considerable savings to the police budget. A plan to implement the CSO program without decreasing public safety is being discussed.*

- In order to increase the public awareness of law enforcement functions and the protection of citizens, the Police Department will implement a planned Youth Academy, Senior Academy and Citizens Academy. Included will be tours of police related facilities, crime prevention education, drug and gang awareness, safety tips and education on community organizations, ride along programs, active interaction with police officers during their assigned duties. First academy is planned for implementation in July 2008. Flyers have been sent out to the public and applications are being accepted.

Completed and ongoing. The first Youth Academy was implemented for ages 11-18; a second Youth Academy will be implemented in FY 2009-10; the first Citizens Academy was implemented for adults and a second is planned in FY 2009-10. The feedback was positive from participants.

- Seek funding opportunities to provide additional public safety, education and traffic enforcement to the community through grants.

Completed and ongoing. The police department was successful in securing two new Office of Traffic Safety (OTS) grants. These grants are dedicated to DUI enforcement and checkpoints within the city. There are three other continuing OTS grants which reimburse for DUI enforcement and checkpoints, seatbelt enforcement, street racing and safety seat instruction and checkpoints. Police staff continues to seek additional grant funding for preventative and enforcement services.

- Assist in planning the future relocation of police services to a larger building.

In progress. This project is in the planning phase; police and City leaders have been meeting to discuss site identification, design needs and cost for a future law enforcement services building.

- Increase public contact, participation in community events and provide current website and Grapevine news to build a stronger relationship between police and the community. Outcome measures of statistical data and customer surveys will be used to address the public concerns of safety.

Completed and ongoing. This project has included the reclassification of a Security Officer to a Crime Prevention officer. The additional non-sworn officer in the Crime Prevention Unit will increase the availability to coordinate and plan special events; attend neighborhood watch and zone meetings, plan holiday toy drives and coordinate citizen academies.

POP Unit (Public Oriented Policing) moved to the Rancho Cordova Neighborhood Center on Coloma Road. The POP police officers and Crime Prevention officers share the building with City Code Enforcement officers. This project will increase communication between Code Enforcement and police officers, encourage more community visibility, increase operating efficiency and improve interoperability with other City departments.

Surveys have been conducted and the results were used to increase visibility in specific areas where police presence is needed, surveillance camera placement, traffic enforcement and neighborhood and business area meetings with police officers. Surveys were mailed to victims of residential burglaries informing them of the status of their case.

- Work toward the development and implementation of a fully functional reverse directory telephone recording notification system to provide information to the community during critical incidents and/or major events.

Partially completed and ongoing. This project has been researched and requires a substantial cost to the City for the reverse directory system; alternately, the free service of 'Twitter.com' is to be implemented in 09-10; 'Twitter.com' provides online emergency notification to residents and businesses that are registered in a database. Notifications may include but are not limited to natural disasters in the area, escapees, abductions or and other pertinent emergency information. This service is at no cost to citizens or the City.

- Assist in planning the future relocation of police services to a larger building.

Ongoing. *This project is in the planning phase; police and City leaders have been meeting to discuss site identification, design needs and cost for a future law enforcement services building.*

Ensure a Safe Community---Goal #6

- Add the feature of 'Amber Alert' and escapee notifications to the police website for public awareness and protection.

Completed and ongoing. *This project has progressed to a notification process entitled 'Twitter.com', aforementioned under the reverse directory paragraph. Though the 'Amber Alert' feature is not an automatic function, notifications of abductions and other pertinent safety and protection concerns will be publicized on the website.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Police Activities League (PAL) has been implemented for the City of Rancho Cordova. This project includes police officers working with youth ages 11-18, creating a bond between law enforcement and kids. This project has been successful in encouraging youth to choose healthy and positive lifestyles, while moving toward leadership roles. This project has successfully raised donated funds to pay for sports activities, educational field trips and organized monthly activities. Goal #4*
- *The Crime Suppression Unit consists of three existing police officer positions. This unit has been conducting aggressive enforcement on problem areas reported by the community. The results have been increased parole violation arrests and reduction to crime in FY 2008-09 Goal #4.*
- *Transient Enforcement Detail (TED) continues to utilize existing police officer positions on overtime. This project responds to citizen and business owner needs for the reduction of panhandling in front of businesses in the City. Goal #4*
- *Mobile Surveillance Cameras have resulted in a reduction in crime and calls for service in areas where they have been placed. Cameras are placed in areas designated by businesses, private citizens or police officers. Goal #4*
- *School Resource Officers have been assigned to elementary schools in the City. Officers spend dayshift hours at the various schools, keeping up visibility and maintaining continuous contact with school officials and students. Officers on site encourage a student/officer relationship and mentorship. This program improves community relations and proactively helps develop potential youth into future leadership roles. Goal #4*
- *Chief's Outreach Advisory Board was implemented to give citizens the opportunity to meet regularly and relay ideas and concerns directly to the Chief of Police. Concerns regarding the safety and wellbeing of the community, police interaction, and public perception are all topics for regular meetings. The application process is continuous for participation on this Board. Goal #4*
- *'Think Tank', a budget project consisted of police officers and non sworn staff. The group spent two weeks evaluating costs of police services and recommend alternate cost effective measures to reduce costs without reduction of police services. A complete list of recommendations was submitted to the City on cost effective changes planned within the police department. Some of these changes are reduction to water coolers in lesser used areas, limited training to local classes as much as possible, reduce vehicle fleet, reduce*

battery usage by replacing officer tasers with regenerating model, reducing court overtime by working with courts and district attorney on schedules, reducing overtime on special events. Goal #4

- *Police event and informational videos have been loaded onto YouTube.com for citizens to view. Additional videos will be added in the future. Goal #1*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Ensure the availability of the Best Public Services in the Region—Goal #4

- Implementation of an online reporting system for citizens to make police reports.
- Planning and implementation of a second City orientation session for police personnel to increase understanding and communication between City departments.
- Continue to increase public contact, attend community events and provide website and Grapevine Independent news to build a stronger relationship between police and the community.
- Continue to strive for added public protection, programs and services, while staying within budget limitations.
- Continue to seek funding opportunities to provide additional public safety, education and traffic enforcement to the community through grants.

Ensure a Safe Community—Goal #6

- Planning and implementation of a red light enforcement program for City of Rancho Cordova. This project will reduce fatalities from traffic accidents at busy intersections.
- Add mobile surveillance cameras to areas experiencing higher crimes within the City. These cameras have been successful in reducing calls for service in particular areas. Reports and arrests are monitored in order to best place these cameras. Business owners and citizens are encouraged to attend regular zone meetings with police officers in order to discuss additional crime prevention needs.
- In spite of the economic challenges to law enforcement departments, the police department has experienced a reduction in crime in FY 2008-09. The goal is to further reduce crime in FY 2009-10 by increasing patrol officer visibility, conduct frequent sweeps for parolees and other violators, expedite communication of problem areas to special teams such as POP and Crime Suppression Unit.
- POP Unit officers will perform random sweeps on problem areas including Light Rail stations in order to make a safer community.
- Crime Prevention Officers will increase Neighborhood Watch meetings in order to increase public awareness and strengthen the relationship and communication between citizens and the department.

COMMUNITY PROSECUTOR

DESCRIPTION

The Community Prosecutor is an arm of the Sacramento County District Attorney's Office acting as a liaison between the City and the court system. The Community Prosecutor is responsible for representing and ensuring the City's best interests in civil and criminal actions as well as special prosecutions. This individual works closely with City staff, including Code Enforcement staff and the Police Department—Patrol, Detectives, Traffic and Problem Oriented Policing (POP) officers. Due to budgetary constraints this service will be suspended for FY 2009-10. An additional \$30,000 has been added to the City Attorney's budget to partially assume these services.

PLANNING

DESCRIPTION

To ensure a well planned, attractive and sustainable community and to respond to the needs of the community, the Planning Department provides a broad array of services pursuant to City Council and City Manager direction, adopted City policies and state law. The Department also supports the Planning Commission and works in coordination with other City departments to implement the City's goals and objectives.

The Planning Department focuses efforts on producing the following desired outcomes:

- Positive community image that promotes community investment and enhancement.
- Existing neighborhoods that are attractive and desirable.
- New development projects that establish a positive sense of place.
- Clear policies, standards and guidelines that facilitate building a Destination City.
- Balanced housing choices that serve the community and support economic development.
- Thoughtful integration of residential, commercial and employment uses that creates a vibrant community.
- Expedited delivery of public facilities to serve the community's needs.
- Community design that promotes bicycle, pedestrian and transit circulation.
- Protection of the environment, natural resources and wildlife.
- Recognition of the City as a Regional Leader.

The above outcomes are produced through the following seven major functions:

Advance Planning – Taking the lead in advance planning projects that guide development activities in Rancho Cordova toward the Council and citizen vision.

Current Planning – Managing the development application review process to effectively and efficiently process project applications and to implement the City Council's vision and policies for urban growth.

Environmental Review – Providing a full range of services related to complying with state and federal environmental laws. When warranted, additional consultant resources are obtained to augment staff resources.

General Plan Implementation – Working in conjunction with other City departments to complete the implementation programs of the City's General Plan.

Regional Coordination – Providing ongoing representation within regional forums to promote regional coordination and to support Rancho Cordova's regional interests.

Support to City Departments – Providing technical and professional support to City departments for a broad range of planning and development related issues and projects.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Planning Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Planning Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Foster a Positive Image of Rancho Cordova – Goal #1

- Raise community pride and recognition by supporting the Communications Director in creating a City-sponsored awards program to celebrate notable development projects within the community.

***On hold.** Due to competing budget priorities, this effort was not undertaken in FY 2008-09, and is not anticipated in FY 2009-10.*

Improve Transportation & Connectivity – Goal #2

- In order to achieve the Council's policy of creating a connected and pedestrian/bicyclist friendly community, Planning Department staff will form a Pedestrian and Bicycle Advisory Committee and support the ongoing activity of the Committee.

***In progress.** The Public Works Department has begun working with a citizens group in conjunction with the Bicycle and Pedestrian Master Plan. Planning will support these efforts as needed going forward.*

Ensure the Availability of the Best Public Services in the Region – Goal #4

- Amend the General Plan by creating a standalone implementation chapter that can be regularly updated to reflect Council and community priorities.

***In progress.** The scope and approach of this task has been modified. Implementation actions within the 2006 General Plan are being reviewed and amended as appropriate, but a standalone implementation document outside of the General Plan is not legally feasible.*

- Conduct annual assessments for Planning Department services and identify opportunities to improve service delivery and responsiveness.

***In progress.** Staff continues to maintain and improve the services through an updated Planning Department webpage, creation of an interactive web-based zoning map and preparation of new public counter handouts.*

- Implement an automated development application system (INFOR) to track planning applications online in order to communicate within the City and access to information on all projects.

***Completed.** The Hansen planning module went live on September 22, 2008 and is now used to track all planning applications.*

- Offer planning related technical support and guidance to all homeowner's associations within Rancho Cordova to optimize their performance and community benefit.

***In progress.** Planning is supporting the City Manager's Office in developing a civic engagement program that will include technical support and outreach to neighborhood associations.*

Establish a Vibrant Downtown – Goal #5

- In conjunction with Economic Development and Public Works, identify incentives and alternative development standards to promote infill development within the Downtown District.

***On hold.** The Downtown Planning District efforts were not initiated this budget year due to budgetary constraints.*

Sustain a Livable Community – Goal #8

- Complete and adopt the updated City Zoning Code.

***Completed.** The City of Rancho Cordova's new comprehensive Zoning Code was adopted on February 20, 2009.*

- Adopt comprehensive Park and Open Space Standards by June 2009.

***In progress.** Significant efforts on preparation for the City's Open Space Standards have been completed and City internal review of Open Space Standards begun. Public outreach and workshops on Open Space Standards are expected in fall 2009.*

- Work with Cordova Recreation and Park District (CRPD) to establish park improvement fees and general park design standards.

***On hold.** CRPD staff has not finalized its analysis or recommendations on park improvement fees and standards, and therefore no City staff work is currently underway.*

- Conduct at least one City Council/Planning Commission tour to a location outside the Sacramento region to visit innovative and high quality development projects.

***On hold.** This year's City Council/Planning Commission tour has been limited to local region tours due to budget constraints.*

Establish Logical (City) Boundaries – Goal #12

- Provide land use and project review technical support during the Sphere of Influence (SOI), Finger Area annexation process.

***Completed.** The City continues to negotiate with Sacramento County on revenue sharing for the proposed annexation. Technical support of all other actions have been completed.*

- Complete a study of Area of Concern options and, if directed by Council, submit an Area of Concern application to LAFCo.

On hold. *The City has determined Sphere of Influence expansions should wait until the current SOI annexation is completed.*

Continue To Provide Regional Leadership – Goal #13

- Support the City Council during the American River Parkway plan adoption process.

Completed. *With the support from the City Council, the American River Parkway was adopted or endorsed by local agencies and has been forwarded on to State Legislature for adoption.*

- Expand the City's participation within the Urban Land Institute (ULI). Participate actively in conducting at least one ULI event.

Completed. *The City actively participated in the joint ULI/American Planning Association regional workshop on Transit Oriented Development (TOD). Planning staff continues to support the efforts of the ULI TOD subcommittee.*

- Identify and present to City Council options for addressing AB32 (green house gas emission targets) and related California Environmental Quality Act (CEQA) implications.

In progress. *The City's greenhouse gas audit has been completed and Council has been briefed on issues related to AB32. Currently, the State is determining standards for local agency implementation of AB32 and SB375 and staff will continue to provide updates and guidance to the Council.*

- Continue to champion Rancho Cordova's interests by participating in Sacramento County planning programs for land surrounding the City (Jackson Corridor, Grantline East, and Easton).

In progress. *Staff has actively participated in County actions that affect land adjacent to the City, including participating in Sacramento County planning workshops and commenting on County environmental documents.*

- Continue to process the Suncreek and Westborough Plans, with completion of project reviews anticipated in the FY 2009-10.

In progress. *Efforts on Suncreek and Westborough have slowed in the current market. The Arboretum, (Waegell property) has continued to move forward.*

- Complete the processing of the Rio del Oro Specific Plan by December 2008.

On hold. *At the applicant's request, processing of the Rio del Oro project was put on hold pending resolution of major project obligations. Staff is currently working with the applicants on a modified project approval strategy.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Processed the Design Reviews for Embassy Suites, Candlewood Suites, MacMillan's industrial projects, Capital Center Lot 6 and 30 other Entitlements. Goal #9*
- *Provided continuing in-house education of the Planning Commission through experts in the field of site plan design, water conserving landscape designs and solar power application in residential and commercial projects. Goal #4*

- *Actively participated in fundraising and community efforts through the Relay for Life 2008, City of Rancho Cordova's 5th Year Anniversary Celebration, Outreach Community Events, Bounce House, Build-A-City, Toy Drive, Coats for Kids and the 4th of July float. Goal #3*
- *Participated in creating a Development Process Action Team for review and communication for all major projects. Goal #4*
- *Mills Station Crossing Site Plan that was completed in cooperation with the Economic Development Department. Goal #9*
- *Initiated implementation strategies to create City Gateways. Goal #1*
- *Improved customer service with revised Department handouts for the community, reflecting the new zoning code. Goal #4*
- *Actively participated within the South Sacramento Habitat Conservation Plan. Goal #8*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond normal Planning Department operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Foster a Positive Image of Rancho Cordova – Goal #1

- Establish guidelines and continue implementation process to create City Gateways.

Improve Transportation and Connectivity – Goal #2

- In order to achieve the Council's policy of creating a connected and pedestrian/bicycle friendly community, Planning Department staff will assist the Public Works Department with preparation of a Pedestrian and Bicycle Master Plan and with the management and support of a citizen's Pedestrian and Bicycle Advisory Committee.

Ensure the Availability of the Best Public Services in the region – Goal #4

- Complete a General Plan amendment of implementation actions with the 2006 General Plan to ensure all actions reflect the Council's current priorities, are assigned to the proper department and are feasible under current economic conditions.
- Offer planning related technical support to homeowner's associations within Rancho Cordova to optimize their performance and community benefit. Provide regular staff presence at meetings of major neighborhood groups and homeowners associations.
- Continue to process the Rio del Oro Specific Plan with the intention of Council action on a partial project entitlement by December 2009.
- Continue to work the proposed specific plans such as Suncreek, Westborough and The Arboretum.

Establish a Vibrant Downtown – Goal #5

- In conjunction with Economic Development and Public Works, identify incentives and alternative development standards to promote infill development within the Downtown District.

Sustain a Livable Community – Goal #8

- Conduct a high level review of proposed specific plans to determine whether they will meet the City's overall economic, housing and environmental goals. Complete review by October 2009.
- Support City efforts to secure Energy Efficiency and Conservation Block Grant funding, including preparation of the City's Energy Efficiency Community Strategy.
- Adopt comprehensive City Open Space Standards by March 2010.
- Support CRPD's efforts to establish park improvement fees and general park design standards.
- Conduct at least one City Council/Planning Commission tour to a location outside the Sacramento region to visit innovative and high quality development projects.
- Outreach to and coordinate with private sector "green teams" within Rancho Cordova. Conduct City-sponsored green team forum by September 2009.
- Update the City's Drought Tolerant Landscaping Ordinance and City Tree List by April 2010.

Drive Diverse Economic Opportunities – Goal #9

- In conjunction with Economic Development and Public Works, develop strategies to promote and facilitate infill development, particularly along Folsom Boulevard.
- Evaluate City options for responding to current market conditions, including review of potential impacts to City and strategies for responding to changed housing and retail markets. Complete analysis by December 2009.

Establish Logical (City) Boundaries – Goal #12

- Provide technical support as needed to complete the annexation of the City's current sphere of influence.

Continue to Provide Regional Leadership – Goal #13

- Actively participate within the South Sacramento Habitat Conservation Plan with the goal of Plan adoption, with 404 permit strategy, by 2011.
- Identify and present to Council options for addressing AB32 (green house gas emission targets), SB375 (Sustainable Community Strategies) and related (CEQA) implications.
- Evaluate Sacramento County planning programs for land surrounding the City (Jackson Corridor, Grantline East, and Easton) and identify strategies for Rancho Cordova to positioning itself to take advantage of County proposals.

- Continue the City's participation within the Urban Land Institute (ULI) and sponsor/ co-produce at least one ULI event.

BUILDING AND SAFETY

DESCRIPTION

The Building and Safety Division ensures that building construction within the City of Rancho Cordova meets state and local standards for safety, accessibility, energy conservation and storm water pollution prevention.

Standard, ongoing responsibilities of the Building and Safety Division include:

- Reviewing building plans, issuing building permits and inspecting buildings to ensure conformance with safety codes, energy efficiency and accessibility regulations.
- Inspecting job sites to ensure that pollutants associated with building do not enter waterways.
- Assuring that various state and local laws and ordinances are enforced regarding zoning, property ownership rights, contractor laws, engineering and architecture laws relative to construction of buildings.
- Public education on building code, building safety, energy conservation, and other relevant topics.
- Investigating complaints of work without permits and non-compliant occupancy.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Building and Safety Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Building and Safety Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Ensure the Availability of the Best Public Services in the Region – Goal #4

- The Building and Safety Division needs to measure the outcomes it produces. This can only be measured by surveying customers. The Building and Safety Division will survey its customers in order to create a baseline for future surveys and to identify the issues to improve customer satisfaction and the delivery of services.

Completed. *This goal was accomplished through the citywide survey. However, the Building and Safety Division strives to continuously improve performance and is working on a method to obtain customer input through forms provided at the front counter.*

- The City Council has requested a quick, easy mechanism for individuals to receive fee estimates for various building and development projects. Permit applicants, developers and economic development staff need a way to quickly and easily get fee estimates for specific projects. The Building and Safety Division will provide a system to provide on-demand fee estimates to both in-house customers and external customers for all city building, infrastructure fees and development impact fees by October 31, 2008.

Completed. *Building and Safety delivered first-generation, online fee estimators for production homes and commercial projects, and are currently developing more online fee estimators, with the hopes of having a total of six or seven estimators when complete.*

- The recent City of Rancho Cordova Public Opinion survey confirmed that residents increasingly want to do their City business via the Internet. The Building and Safety Division, along with the Information Technology department will provide a way for residents to apply and pay for simple permits from their homes without having to come to City Hall by December 1, 2008.

In progress. *Building and Safety and IT are coordinating work based on a commitment with Infor (formerly Hansen) to expand services currently provided. IT has successfully negotiated with Infor, (building permit software).*

- The City Council has requested more “how to” information be made available to Building Division customers. It is important for builders and homeowners to have information available to help guide them through the permitting and inspection process. The Building and Safety Division has greatly expanded its web information in 2008 and will increase the “how to” information and make it more readily discernable by September 30, 2008.

In progress. *The Building and Safety Division redesigned the self-help center in our lobby to allow for more customer handouts from Building and Safety, as well as other City departments. We also added over 50 new forms to the City’s website, and will be adding another 50 (approximately) within the next year. We have also added bulletins to the news items when necessary, and updated our divisions’ Frequently Asked Questions (FAQ) page, with more updates to come.*

- The City’s residents, business and property owners need the ability to access past permit records. The City needs to maintain certain records to remain in compliance with state law. The Building and Safety Division will work in concert with the City Clerk’s office and the Information Technology Department to establish and implement an electronic file storage and retrieval system by June 30, 2008.

On hold. *This project was transferred to the City Clerk’s office and IT to create a citywide system to scan and store electronic records. Due to funding shortfalls, this project was put on hold.*

Ensure a Safe Community – Goal #6

- The Building Division will work to remove the backlog of building code violations and work without permit cases. Property owners who choose not to respond appropriately will be issued notices and orders and followed up with additional enforcement such as citations, notices to appear, etc. No violation case will be carried for longer than three months without follow up by June 30, 2009.

In progress. *The Building and Safety Division is working on a new enforcement process for violations and will focus on egregious health/life/safety violations. This new approach will reduce the cost to enforce minor infractions. The Building and Safety Division is also working in concert with Code Enforcement to implement a Notice of Order process to legally force violation cases to acquire a permit to address their violations. This process will prevent the property owner from selling a home without addressing existing violations as it will cloud the title of the property.*

Continue to Provide Regional Leadership – Goal #13

- The public is increasingly demanding that society use its resources prudently and that construction is made more sustainable to ensure viability in the future. In order to ensure that construction practices are more sustainable, the Building and Safety Division will propose for the Council a Citywide Green Building Ordinance to provide mandates and/or incentives for implementation of green building practices. The passing of this ordinance will result in cost effective, energy, water and resource saving measures, as well as promote durable buildings.

***On hold.** The City is observing Federal and State activities. Staff pursued several options and presented them to the Advisory Committee however, due to the downturn in the economy, the decision was made to postpone this project.*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Ensure the Availability of the Best Public Services in the Region – Goal #4

- The Building and Safety Division strives to improve performance and will devise a method to measure the outcomes it produces. This can only be measured by surveying customers. The Building and Safety Division will survey its customers in order to create a baseline for future surveys and to identify the issues to improve customer satisfaction and the delivery of services.
- Facilitate a successful and seamless integration of Building and Safety in the newly restructured Public Works organization.

Ensure a Safe Community – Goal #6

- The Building and Safety Division will continue to work to remove the backlog of building code violations and work without permit cases. Property owners who choose not to respond appropriately will be issued notices and orders and followed up with additional enforcement such as citations, notices to appear, etc.

ADOPTED FISCAL YEAR 2009-2010 BUDGET

FACILITIES MANAGEMENT

DESCRIPTION

Facilities Management is responsible for all electrical, mechanical, structural, custodial and related repairs and maintenance to City facilities. The buildings served by Facilities Management include all buildings on the City Hall property, the Kilgore property and, to a limited extent, the City services housed at the Rancho Cordova Neighborhood Center (RCNC).

Facilities Management provides the following services for the City:

- Management of the maintenance and repair of facilities and grounds through contract and employee services.
- Meets requests for maintenance and supplies.
- Collaborates with leasing activities.
- Management of the improvements for and maintenance of City leased or owned space.
- Meeting space to the community which is not only an extra revenue source to the City, but a source of revenue to local hotels and restaurants.

FISCAL YEAR 2008 – 2009 GOAL STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Facilities Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Facilities Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Ensure a Safe Community - Goal # 6

- Create an Emergency Operations Center (EOC) in City Hall to allow staff to provide continued operations and communications in the event of an emergency. Collaborate with other departments to support the development of an emergency operation plan that allows the City to manage its resources to assist with any emergency incident or event, when needed.

Completed. *This The City's EOC is ready for activation in the event of an emergency. Supplies and equipment were purchased or dedicated from existing equipment and are on hand to furnish and operate the City's EOC. Contractors completed the necessary power, data and voice in specific locations to support the EOC layout(s).*

- In order to reduce possible cross-contamination, establish Hazardous Assessment for Critical Control Points (HACCP) system for sanitary facilities and pest management. Develop plan, by June 2009, to identify potential food handling safety or sanitation hazards and establish procedures to reduce or eliminate potential incidents.

Completed. *We will have it underway in April 2009, with an anticipated completion date of no later than June 2009.*

- Install a backup power system for use in supporting an Emergency Operations Center for the City. Include coverage by providing support to the City's existing communications backbone. In conjunction with the IT Department, provide backup support to allow key systems to remain operational at City Hall during future natural disasters or power outages. Estimated cost of \$150,000 is anticipated to be offset by a \$75,000 grant.

***Completed.** This task is complete. The Sacramento Air Quality Management District issued a permit allowing us to operate and the generator is online, providing back up power to the EOC.*

- The City would like to maintain its ability to provide services to its citizens during power outages. Therefore, we will prioritize and provide back up the power to necessary functions in City Hall to allow city staff to provide continued operations and communications in the event of power outages.

***In progress.** The City's new backup generator is capable of providing backup power for City office space at City Hall. A plan is being developed to add outage protection to additional City offices and equipment. The scope includes adding additional items for the EOC, along with a list of staff functions. Facilities staff is meeting with the electrical contractor to develop the most economically feasible means for adding these items. Once a scope is determined, a cost estimate can be provided for the City's review and implementation. Estimated completion date is September 2009.*

Ensure the Availability of the Best Public Services in the Area - Goal # 4

- The Facilities division will conduct a survey of its Community Room rental customers in order to receive feedback to identify services or improvements that can be made to our customers.

***Ongoing.** This task is ongoing to ensure our customers are served with a level of service that meets or exceeds their expectations. Facilities would like to continue this survey, as we reorganize, to ensure that we continue to serve our customers over the next fiscal year.*

Sustain a Livable Community - Goal # 8

- Residents of Rancho Cordova and throughout the world are increasingly demanding that organizations, companies and public entities adopt sustainable business practices to ensure the viability of the world's resources into the future. Toward this goal, the City will:
 - Improve the sustainability of building operational practices for City Hall by June 30, 2009.
 - Develop a plan and prioritize the potential funds needed for the possible submittals for attaining recertification with the United States Green Building Council (USGBC). The City is required to recertify with the USGBC, by June 2011.

Similarly, the City will begin a two-year project to study the feasibility and attain the next "Silver" level of Leadership in Energy and Environmental Design (EED) USGBC certification for City Hall. Potential actions could include upgrading, modifying or changing methods used, or finding alternative measures or substances that result in a reduction of natural resources consumed or harmful pollutants added to our environment.

In progress. *Facilities staff is currently working towards attaining LEED Accreditation and will test by June 30, 2009. We applied for recertification in July 2008 and are currently collecting points for items such as water and electricity conservation, as well as instituting green policies towards the Silver level of LEED certification.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Provided project management for tenant improvements for altering the Neighborhood Services entryway/lobby for Suite #100, at Rancho Cordova Neighborhood Center at 10665 Coloma Road. Goal #4*
- *Supported Economic Development by providing construction specifications and management services, resulting in the demolition of the Grandee Apartments, at 10545 Folsom Boulevard Goal #4*
- *Water rates increased over 22% from 2007 to 2008. The rates went from 54 cents to 70 cents per centum cubic-feet (CCF) of water. Because of water saving fixtures installed at City Hall, usage went from 7,879 CCF for 2007 to 3,278 CCF for 2008. This resulted in a savings of \$3,225. Goal #11*
- *The City Facilities division was recognized by City Council members and staff for providing exceptional services during the City's 5th anniversary celebration on July 1st 2008. Facilities staff participated in every neighborhood BBQ leading up to the celebration. Goal #6*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Ensure the Availability of the Best Public Services in the Area - Goal # 4

- *Provide project coordination and construction management services for the tenant improvements for the upcoming conversion of office space into the new Rancho Cordova Children's Museum at 2701 Prospect Park Drive.*
- *The Facilities division will conduct a survey of its Community Room rental customers in order to receive feedback to identify services or improvements that can be made to our customers.*

Ensure a Safe Community - Goal # 6

- *The City would like to add backup power to additional City offices and equipment. Therefore, we will prioritize and provide backup power to necessary functions in City Hall to allow City staff to provide continued operations and communications in the event of power outages.*

ECONOMIC AND NEIGHBORHOOD DEVELOPMENT

DESCRIPTION

The Economic and Neighborhood Development Department provides enhanced service delivery in support of comprehensive economic and neighborhood development. In doing so, our mission is twofold:

- To maximize Rancho Cordova's potential as a thriving hub for businesses and jobs.
- To develop and execute revitalization and development strategies that drive growth and investment in the City's existing neighborhoods, commercial corridors and newly developing areas.

STRUCTURE AND SERVICES

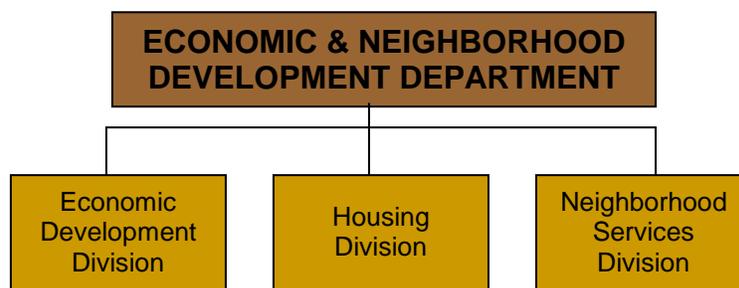

The Economic and Neighborhood Development Department is comprised of the following divisions:

The **Economic Development Division** directs and implements actions identified in the City's Economic and Neighborhood Development Strategy. The Division also provides management oversight of the entire Department, and administers day-to-day operations of the City's Redevelopment Agency.

The **Housing Division** develops and manages a variety of programs that expand housing choices, revitalize neighborhoods and respond to special needs. The Division also administers the City's Community Development Block Grant (CDBG) program and the Very Low-Income Housing Trust Fund.

The **Neighborhood Services Division** administers an enforcement program to correct violations of municipal codes and land use requirements. The Division also provides animal care and control services, and enforces animal laws and ordinances.

Discussion on prior year accomplishments and proposed actions for each Division are detailed in subsequent sections of this budget document.

ECONOMIC DEVELOPMENT

DESCRIPTION

The Economic Development Division provides leadership on developing and implementing key programs that fuel the local economy and improve the standard of living for City residents. Our activities are guided by the Economic Development and Redevelopment Strategies with additional direction provided in our annual work plan. The four key Economic Development strategies and underlying objectives of those documents include:

- **Revitalize Folsom Boulevard**
 - Focus on the Pulse Points (Mather/Folsom, Zinfandel/Folsom, Sunrise/Folsom)
 - Support the business and property owners
 - Address the infrastructure needs
- **Attract, retain and expand business**
 - Monitor the business community
 - Provide a superior level of service
 - Create visibility and promotion
- **Maximize Revenue Opportunities**
 - Improve the capture of household spending
 - Strengthen retail choices
 - Capitalize on business to business and employee spending
- **Foster place making; enhance community amenities**
 - Pursue catalyst projects that create “place”
 - Leverage partnerships to improve community facilities
 - Increase tourism and cultural amenities

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Economic Development Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Economic Development Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Foster a Positive Image of Rancho Cordova – Goal #1

- To address the concerns of the citizens in the 2008 public opinion survey on programs attracting and retaining businesses we will create and publish a variety of professional marketing materials.

***Completed.** Marketing materials now produced include a marketing folder, economic profile, retail profile and community investment report.*

- Assess the needs of businesses along Folsom Boulevard by conducting a survey and initiate programs to address the problems.

Completed. *Surveyed business and property owners and have initiated the formation of a Folsom Boulevard business and property owners group that meets monthly.*

- Improve the image of Rancho Cordova through advertising and article placement.

Completed. *Ads placed in Comstock's and SACTO's economic profile with 12 positive articles on Economic Development initiatives.*

- Participate in producing information on tourism and entertainment to be used for distribution to local employers and hotels in order to market visitors to the City of Rancho Cordova.

In progress. *Staff is working with the hotels to determine the most appropriate uses for funds.*

Ensure the Availability of the Best Public Services in the Region – Goal #4

- Facilitate the development of a comprehensive fee booklet and fee estimator to provide a better level of customer service to the development community.

Completed. *A residential fees estimator was completed by the Building Department.*

- Initiate program or process that provides customers with a single point of contact throughout the development process.

Completed. *Formed the Development Services Team and it is providing ongoing customer service to the development community.*

Drive Diverse Economic Opportunities Goal – #9

- Begin to address the infrastructure needs along Folsom Boulevard by completing a Folsom Boulevard Infrastructure analysis.

Completed. *Infrastructure study completed for Folsom Boulevard.*

- Hold a Folsom Boulevard Business event focused on establishing a Business Improvement District (BID) to spur the businesses and property owners toward improving the look and feel of Folsom Boulevard.

Completed. *Surveyed business and property owners and have initiated the formation of a Folsom Boulevard business and property owners group that meets monthly.*

- Produce a Demographic Profile for the City of Rancho Cordova to provide quality statistics for marketing and distribution.

Completed. *Sacramento Regional Research Institute completed a demographic profile for the City of Rancho Cordova.*

- In order to be successful in business attraction and retention, hold an event with local commercial brokers to understand location needs and analysis.

Completed. *Held bus tour with our Highway 50 regional partners focused on brokers and developers.*

- Develop a quarterly business recognition program to highlight local success stories.

Completed. *Four companies have been recognized through the business recognition program.*

- Provide incentives for the attraction and retention of businesses by initiating the opportunity to establish an Enterprise Zone in Rancho Cordova.

Completed. *Joint jurisdictional application submitted on March 27, 2009.*

- Create business growth opportunities by conducting targeted business visits to our business community as part of the Economic Development work plan.

Ongoing. *The department made over 20 business visits in 2008.*

- Asses the needs of our business community by conducting a business roundtable with our top revenue creating businesses.

Ongoing. *Staff made contact with 10 out of the top 50 business to business sales tax revenue producers.*

- Facilitate a business roundtable with our local development community focused on the development process to evaluate how we can improve our customer service for development review.

Ongoing. *Staff is working with developers, property owners and brokers as part of the Development Services Team.*

- Redevelop portions of Rancho Cordova by financially participating in a project at the Mather/Folsom pulse point.

Ongoing. *Staff completed conceptual plan for 12 acre project on the corner of Mather/Folsom Boulevard and began the acquisition process for related property.*

- Redevelop portions of Rancho Cordova by financially participating in a project at the Sunrise/Folsom pulse point.

Ongoing. *Agency Board approved \$4.5 million investment in infrastructure for proposed Embassy and Candlewood Suites development project.*

- Redevelop portions of Rancho Cordova by financially participating in a project at the Zinfandel/Folsom pulse point.

Ongoing. *Agency Board approved participation in property acquisition and financial participation for Olson Island repositioning.*

- Market specific retail opportunities at the International Conference of Shopping Centers (ICSC) to address the 22% of the residents surveyed in the 2008 public survey that want more shopping options.

Ongoing. *Attended three ICSC events and met with various potential retailers.*

- Evaluate the strategic direction to attract more retail stores by providing quarterly review and analysis on retail opportunities.

Ongoing. Staff developed ongoing reports for presentation to the management team on revenue sources.

- Develop comprehensive business information on our local business community to provide as a resource for initiatives and information distribution.

Ongoing. Staff has collected valuable information and has been able to provide business information for multiple requests.

- Assist in the formation and growth of businesses in Rancho Cordova by initiating a program to attract local start-up companies through incentives and business consulting.

Ongoing. Staff is working with Techoire (local entrepreneurial resource) to develop a strategy to incentivize start-up companies.

- Meet the needs of the business community by initiating a feasibility analysis on constructing a Convention Center in the Convention Overlay Zone

In Progress. Initial competitive analysis completed and phase two feasibility process has begun.

- Determine the future utilization of the Grandee Apartment site to redevelop portions of Folsom Boulevard.

In Progress. Completed demolition of the apartments and working with Sacramento Metro Fire District on the expansion of Fire Station 61.

- Begin to meet the needs of the 2008 customer survey requesting more recreational facilities by evaluating the viability of a regional sports complex in Rancho Cordova.

Not completed. Current focus is on conference center analysis.

- In order to provide funding to make Rancho Cordova attractive and viable, execute redevelopment financing to provide a source of funds for projects and programs.

Not completed. With the volatile financial markets we are focused on individual project financing and not overall bonding at this time.

- Create a façade improvement program for Folsom Boulevard to address the issues in the 2008 public survey of making Rancho Cordova “attractive and viable”.

Not completed. Delayed due to the need for an implementation strategy for Folsom Boulevard Specific Plan

Continue To Provide Regional Leadership – Goal #13

- Participate in regional economic development efforts to provide input and direction to make Rancho Cordova a leader in the region.

Completed. Staff has served on the steering committee for Fabulous 50 Corridor Regional Marketing group and chair for the Economic Development team for Metro Chamber 2009 Cap to Cap trip.

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Entered into an MOU with a wireless phone provider to pilot microwave phone technology that will provide service options to our business community. Goal #4*
- *Provided assistance to businesses that have invested in Rancho Cordova with over 3,000 jobs: Immuno Concepts, Volcano Corporation, Stewart Tool, Pearson, Catholic Healthcare West, Progressive Insurance, Verizon Wireless, CVC Construction, Ed Fund, Maximus, and Western Blue. Goal #9*
- *Held a transportation workshop with our major employers to discuss alternative transportation methods. Goal #9*
- *Provided assistance to potential development projects looking to invest in Rancho Cordova: Zinfandel/Sunrise retail center, Rancho Cordova Cardroom, MacMillan Industrial Park, Capitol Village Entertainment Center, Sacramento Children's Museum, Parlin Development, Sunrise Events Center, and Village Professional Center. Goal #9*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Foster a Positive Image of Rancho Cordova – Goal #1

- Create and publish new marketing materials for the new Enterprise Zone and Clean/Green targeted industries.
- Improve the image of Rancho Cordova through advertising and article placement.
- Work with the Communications Department on marketing the new shuttle program to our major employers.
- Develop and distribute a biannual e-newsletter to brokers, developers, business community, and regional partners, highlighting the development success and opportunities in the City.

Ensure the Availability of the Best Public Services in the Region – Goal #4

- Continue to provide excellent customer service by facilitating the Development Services Team and a single point of contact throughout the development process.

Drive Diverse Economic Opportunities Goal – #9

- In order to deliver quality education in our community, complete an agreement with Los Rios Community College District in the development of a new satellite campus as part of the Mills Station Crossing Project.
- Provide Enterprise Zone marketing and training to both existing and new businesses.

- Facilitate monthly business and property owners meetings in an effort to establish a Business Improvement District (BID) to spur the businesses and property owners toward improving the look and feel of Folsom Boulevard.
- Create business growth opportunities by conducting targeted business visits to our business community as part of the Economic Development work plan.
- Market specific retail opportunities at the International Conference of Shopping Centers (ICSC) to address the 22% of the residents surveyed in the 2008 public survey that want more shopping options.
- Redevelop portions of Rancho Cordova by financially participating in a project at the Mather/Folsom pulse point.
- Redevelop portions of Rancho Cordova by financially participating in a project at the Sunrise/Folsom pulse point.
- Redevelop portions of Rancho Cordova by financially participating in a project at the Zinfandel/Folsom pulse point.
- Evaluate proposal to create a new movie studio to create a more diverse entertainment industry.
- In order to provide funding to make Rancho Cordova attractive and viable, execute redevelopment financing to provide a source of funds for projects and programs
- Asses the needs of our business community by conducting a business roundtable with our top revenue creating businesses.
- Work with the local development community on the development process to evaluate how we can improve our customer service for development review.
- Develop comprehensive business information on our local business community to provide as a resource for initiatives and information distribution.
- Continue to meet the needs of the brokers and site selectors by promoting and updating RanchoCordovaProspector.com.
- Assist in the formation and growth of businesses in Rancho Cordova by initiating a program to attract local start-up companies through incentives and business consulting.
- Work with the Rancho Cordova Chamber of Commerce in deploying a “Buy Rancho” campaign.
- Develop an implementation strategy for the Folsom Boulevard Specific Plan.
- In order to be successful in business attraction and retention, work with local commercial brokers to understand location needs and analysis.

Continue To Provide Regional Leadership – Goal #13

- Participate in regional economic development efforts to provide input and direction to make Rancho Cordova a leader in the region.

HOUSING

DESCRIPTION

The Housing Division has primary responsibility for the maintenance and implementation of the Housing Element of the City's General Plan. Major responsibilities include the preservation, improvement and expansion of housing opportunities for those who reside and work in this City, as well as responding to the challenge of our special needs populations which include the elderly, disabled and homeless. The Housing Division works to identify and solve local housing and neighborhoods issues while maintaining a responsible regional commitment to house those expected to reside in this city.

In addition to the General Fund, work efforts of this Division are funded from several other separate funding sources. Annually, the City receives Federal Community Development Block Grant (CDBG) funds directed to public improvements and services in our older existing neighborhoods. The Very Low Income Housing Fund (VLIHF) is a non-residential impact fee used to produce very low income housing especially for our special needs populations (elderly, disabled, etc.). Funds from the Redevelopment Agency's Low/Moderate Income Housing Fund (20% set-a-side) are used to address housing issues in the Redevelopment Area.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Housing Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Housing Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Improve the Quality of Housing in Rancho Cordova - Goal #7

- Retain a consultant to review best practices for a "front door" Handicapped Access study and to make program recommendations.

***Completed.** Program is to be included in the Comprehensive Residential Rehabilitation Program design.*

- Complete a rental housing stock census necessary for a rental vacancy survey, "Condominium Conversion" program and information required for various subsidy programs.

***Completed.** Information developed from this effort has also been applied to the identification of businesses required to pay business license fees as well as the Housing Stock Conservation Fee.*

- Coordinate efforts to acquire land and structures associated with distressed properties, demolish surface and subsurface structures, relocate tenants and develop plans for residential and or mixed-use residential on at least two sites in the Redevelopment Project area

***Partially implemented.** The Grandee Apartments has been purchased, demolished and tenants have been relocated. A developer agreement has been signed to study the redevelopment potential of a second site (the Stagger Inn site and various surrounding parcels). Depending upon the successful fulfillment of Redevelopment Agency*

requirements, a Development Disposition Agreement (DDA) may be signed and acquisition activities commenced. Considerable financial “gap” exists which will require considerable effort to attract additional sources of funding.

- Identify, prioritize and develop strategies to address the needs of troubled rental projects within the older neighborhoods in the City.

Ongoing. As part of the strategy, the identification of all rental projects (multifamily and single family) in the City has been completed. There are ongoing efforts involving The Housing Division and Neighborhood Services to identify acquisition opportunities associated with larger, troubled rental developments. With new Federal funding, special emphasis is being placed on working with the Public Housing Division of the Sacramento Housing and Redevelopment Agency (SHRA), to upgrade existing public housing units found in this City.

- Complete an update of the City’s General Plan Housing Element and continue to implement its action programs.

In progress. The City has completed an extensive examination of its housing policy and programs and has submitted the draft Updated Housing Element to the State Department of Housing and Community Development for its review and comment. The initial response from the State has been received and staff is proceeding with response to those comments. Upon completion of the environmental assessment, Planning Commission review and City Council adoption, the State will certify the Housing Element.

- Develop a Comprehensive Residential Loan and Grant program as a compliment to the City’s Strong Neighborhoods efforts.

In progress. The Request for Proposal (RFP) has been completed and has been mailed to interested consultants. Much effort has been spent on developing a request which will result in a comprehensive program design for all aspects of a residential rehabilitation program. Consultant selection and program design are to follow.

- Make at least one application to an affordable housing grant or loan program to assist a developer in the acquisition and rehabilitation of an existing older apartment complex and/or the acquisition and redevelopment of a troubled multi-use site within the Folsom Corridor.

In progress. An initial public hearing has been held as required by the Neighborhood Stabilization Program (NSP), to permit submittal for more than 1 million dollars of “stimulus” funding to preserve, acquire or redevelop troubled and foreclosed properties. The City is awaiting the release from the State of California, of the application forms which will guide our additional required actions. Additionally, the Housing Division is preparing to request authorization to proceed with the application for HOME and CalHOME grants to complement existing City funding of its residential rehabilitation program.

- Coordinate efforts to plan, financially structure and develop affordable housing opportunities on at least two sites in the Redevelopment Project area.

In progress. Two sites involving different non-profit partners are being analyzed for possible affordable housing development. Initial agreements for planning, design, and financial analysis, have been authorized. If redevelopment is found to be possible for the Stagger Inn sites (Urban Housing Communities) and the Investment Circle site

(Habitat for Humanity), Development disposition agreements will be negotiated to formalize the development program for each of these efforts.

- Develop a division filing and project tracking system required to ensure work efficiency and accountability.

On hold. *The loss of staff and the protracted Housing Element Update effort required that this effort be delayed.*

- Complete the definition and Council adoption of the Strong Neighborhood Initiatives Incentives Program (SNIIP). Program will encourage and reward neighborhoods to organize and to develop strategies for the maintenance and upgrading of their areas.

Canceled. *Staff is recommending that SNIIF funding be rolled into the Comprehensive Residential Rehabilitation Program. Delay in the expenditure of the Community Development Block Grant funds (CDBG) for SNIIF is compromising the City's ability to satisfy Federal rate of expenditure requirements for CDBG funds. An ongoing effort to develop a "mini-grant" program would effectively provide a less restrictive way to incentivize or reward community involvement in community betterment.*

Sustain a Livable Community - Goal # 8

- Coordinate predevelopment and development efforts to result in 65 affordable rental units on the Anatolia Fire Station site.

In progress. *Economic conditions have delayed significant progress in the consideration of this site. Relocation of the Fire Station to a permanent site is required for the success of this effort. Staff will continue to work with the Fire District to identify such a move.*

- As a follow-up to an initial CDBG best practices study, hire a consultant to assist in the development of a comprehensive Housing Trust program including organization, homeownership regulations, resource identification, document creation, records maintenance, etc.

In progress. *A Request for Proposals to develop a Housing Trust program is being developed and will be distributed before the end of the current fiscal year.*

- Support of Youth Facility Planning Group which will be charged with developing a sustainable youth facilities program. This effort was begun in FY 2008-09.

In progress. *A report with recommendations was prepared and presented to the management team which agreed with the recommendations. Staff is now facilitating the creation of a Youth Facility Planning Group and is planning to support its activities.*

- Hire an economic consultant to assist in the preparation of an in lieu fee program and to provide assistance in the preparation of Mixed Income Housing regulations and ordinance.

On hold. *The Mixed Income Housing policy has been removed from the Housing Element of the City's General Plan thereby removing the need to develop a program to establish area wide rules for inclusionary requirements.*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Improve the Quality of Housing in Rancho Cordova - Goal #7

- Identify, prioritize and develop strategies to address the needs of troubled rental projects within the older neighborhoods in the City
- Complete an update of the City's General Plan Housing Element and continue to implement its action programs.
- Hire a consultant to assist in the preparation of an Existing Neighborhood Rehabilitation Loan and Grant program as a compliment to the city's Strong Neighborhoods efforts.
- Make at least one application to an affordable housing grant or loan program to assist a developer in the acquisition and rehabilitation of an existing older apartment complex and/or the acquisition and redevelopment of a troubled multi-use site within the Folsom Corridor.
- Coordinate efforts to plan, financially structure and develop affordable housing opportunities on at least two sites in the Redevelopment Project area.
- Develop a comprehensive Housing reporting program responsive to Redevelopment Agency reporting, State reporting and Federal reporting requirements.
- Administration of new Housing related grants. It is expected that the City will receive several new grants (Rd 2 NSP, HOME, EEBG, etc). Each grant has use/monitoring/accounting and other reporting responsibilities.
- Work with non-profit partner to rehabilitate an existing 95 unit "at-risk" development. (Sunrise Meadows – Coloma Road)

Sustain a Livable Community - Goal # 8

- Develop a comprehensive "Housing Ordinance" which provides the rationale for all City housing activities and identifies the "why" and "how" these activities are carried out.
- Coordinate predevelopment and development efforts to result in 65 affordable rental units on the Anatolia Fire Station site.
- As a follow-up to an initial CDBG best practices study, hire a consultant to assist in the development of a comprehensive Housing Trust program including organization, homeownership regulations, resource identification, document creation, records maintenance, etc.
- Support of Youth Facility Planning Group which will be charged with developing a sustainable youth facilities program. This effort was begun in FY 2008-09.

NEIGHBORHOOD SERVICES

DESCRIPTION

The Neighborhood Services Division was organized in late FY 2005-06 by combining the two divisions of Code Enforcement and Animal Services. All services were physically moved to operate out of the Rancho Cordova Neighborhood Center (RCNC). This partnership allows for seamless service between the two programs allowing for better customer service.

Code Enforcement

The Code Enforcement Division plays a major role in improving Rancho Cordova's community image and strives to ensure that all residents reside, recreate and work in a safe and healthy community. The program includes enforcement of the Zoning, Housing, Abandoned Building, Foreclosures, scavenging and Municipal Codes as well as public education and other proactive enforcement programs. The major issues addressed by this program are: a) ensuring safe housing; and, b) eliminating nuisances that either present a danger to the community or are sources of significant blight. Code Enforcement partners with police efforts by proactively eliminating "attractive" nuisances which, if left unaddressed, could potentially become areas of high crime.

The City believes that a successful community (in terms of "quality of life") is one in which the residents take an active part and enter into collaborative efforts with their City's programs. Code Enforcement, in its routine day-to-day activities, emphasizes:

- Providing assistance to residents and businesses.
- Soliciting knowledge and creativity from residents and businesses to enhance Division efforts. This is done in part through the Volunteers in Neighborhood Services (VINS) program.
- The identification of needed revisions and/or ordinances to enhance the quality of life and viability of keeping retail dollars in Rancho Cordova.

The Code Enforcement Division compliments the City's Strong Neighborhood Initiative by actively participating in Blight Busters, the Vacant Building and Foreclosure Monitoring Program, commercial enforcement, a proactive Rental Housing Inspection Program and Neighborhood Cleanups. These initiatives are the first in a series of changes the Division is implementing as it strives to better serve the residents and strengthen our community. Code Enforcement continues to focus on education and strives to obtain compliance without taking legal action.

The Code Enforcement Division focuses efforts on producing the following desired outcomes:

- Improved overall community image
- Improved substandard housing conditions through the Rental Housing Inspection Program, education, property owner cooperation and abatement
- Abatement of abandoned vehicles
- Improved safety and enhanced visual effects in commercial/industrial districts

- Encourage property owners to take responsibility for their property and neighborhoods
- Reduce the negative effects of vacant buildings and foreclosures on neighborhoods

The above outcomes are produced through effective execution of the following ongoing activities:

- Work collaboratively with the Rancho Cordova Police Department and the community in a Federal Weed & Seed grant program designed to improve distressed neighborhoods by moving from “Weeding” (elimination of crime and other threats) to “Seeding” (empowered residents working to improve their quality of life)
- Conduct public outreach and education efforts by attending numerous public events
- Review, revise and create needed City Codes and Ordinances
- Effectively enforce codes utilizing the appropriate enforcement tools

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Neighborhood Services Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Neighborhood Services Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren’t identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Foster a Positive Image of Rancho Cordova - Goal #1

- Participate in at least 26 community outreach events such as Kid’s Day in the Park, neighborhood associations meetings, police zone meetings and other forums to continue to provide education to residents and assist them with their concerns.

***Completed.** Staff has participated in 26 meetings including neighborhood associations, Weed and Seed, police zone meetings, Five year anniversary neighborhood celebrations, Kids Day in the park and business outreach meetings.*

Establish a Vibrant Downtown - Goal #5

- Assist the Economic Development Division with business outreach efforts to retain current businesses and encourage new businesses that will potentially provide new jobs and more retail choices for residents.

***Ongoing.** Participated in the Business Walk to provide outreach to local businesses and regularly attended the Folsom Boulevard Business Association meetings. Encouraged blighted businesses to clean and paint their properties through the commercial inspection program.*

- Collaborate with the Housing and Redevelopment Divisions to identify private investment and revitalization opportunities. Residents will benefit from potential housing stock improvements.

Ongoing. Assisted the Housing and Redevelopment Divisions to identify properties that could benefit from revitalization (e.g. The Grandee Apartments) and potential properties for the Neighborhood Stabilization Program.

Ensure a Safe Community - Goal #6

- Implement a proactive rental housing taskforce as part of “Project Crackdown” in the Croetto/Woodberry area using all code enforcement officers. The 12 targeted apartment complexes generated over 300 calls for police service in a one year period. This program will be a collaborative effort with the Neighborhood Response Team (District Attorney, RCPD, Sac Metro Fire and Building and Safety). This will benefit the residents by improving the quality of housing in the neighborhood and a potential reduction in crime.

Ongoing. All the rental properties in the area have been completed or are currently being inspected. Serious Health and Safety violations were found in all but one complex that had recently been purchased by a new owner. The violations have either been corrected or are in progress. This collaborative program has drastically improved the living standards in the neighborhood.

- Ensure all non-maintained or unsecured vacant buildings are identified and either abated by the property owner or place on the vacant building monitoring program so they do not become a public nuisance and ensure a safe community. Staff anticipates abated at least 150 additional vacant residences.

Ongoing. Staff receives regular reports on new foreclosures from the Geographic Information Systems (GIS), which allows them to proactively monitor and abate unsecured or non-maintained foreclosed properties, staff has inspected over 200 properties.

- Amend chapter 9.98 of the Rancho Cordova Municipal Code “Display of Harmful Matter to Minors” to add additional protections for minors when they enter convenience stores.

Not completed. This item is being reviewed by the City Attorney.

Sustain a Livable Community - Goal # 8

- Participate in ten Blight Buster events to proactively identify and resolve code violations.

Completed. All residential neighborhoods in Rancho Cordova have been swept by the Blight Buster program as of March 2009. Each Blight Buster event generated an average of 100 proactive code enforcement cases.

- Prepare and implement a “foreclosure ordinance” in order to mitigate negative impacts caused by foreclosures in the community by forcing banks to register their vacant property and to comply with property maintenance standards.

Completed. The ordinance requires banks to keep all foreclosed properties secured and blight free. The ordinance did not require registration because there is a statewide push for a comprehensive database that will provide the necessary information for local city to locate the appropriate bank.

Practice Sound Fiscal Management – Goal # 11

- Implement an alternative hearing officer program with the assistance of the City Attorney's Office. This will significantly reduce the cost of hearings while maintaining a fair and unbiased process for property owners.

***Completed.** The Building Board of Appeals has agreed to take on the additional responsibility of hearing all types of Administrative Hearings. This will save revenue as the current hearing process can cost the City and/or resident \$1,500 - \$4,000 per hearing.*

Continue To Provide Regional Leadership – Goal #13

- Host at least two California Association of Code Enforcement Officers (CACEO) classes in Rancho Cordova to ensure available education to all code enforcement organizations throughout the Sacramento Region.

***Not completed.** CACEO had to cancel classes due to their fiscal issues.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Organized and participated in two neighborhood cleanups in conjunction with Weed & Seed and Lincoln Village Neighborhood Association (LVNA). This resulted in the removal of the following: Goal #8*
 - *420 Cubic yards of garbage*
 - *120 Cubic Yards of metal*
 - *11,280 LBs of e-waste.*
- *Participated as a Steering Committee member for Weed & Seed. Goal # 8*
- *Implemented the Hansen Code Enforcement Module. The program allows staff to look up citywide information such as building permits, planning permits and business licenses as part of a code enforcement investigation. This will make staff more efficient and allow them to assist other departments more easily. Goal # 10*
- *Implemented a contract with local collection agency to ensure all fines and fees are recuperated. This process strengthens the enforcement tools of the division. Goal # 11*
- *Implemented an in-house billing program with the assistance of the Information Technology (IT) Department which allowed Code Enforcement to send bills and reminders on unpaid fines and fees. This resulted in the collection of \$103,622. Goal # 11*
- *Utilized volunteers to assist staff in numerous projects, including neighborhood cleanups, blight busters, graffiti abatement. In addition, Heald College interns have assisted in providing administrative support to the Neighborhood Service Center. Goal # 11*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Foster a Positive Image of Rancho Cordova - Goal #1

- Participate in at least 20 community outreach events such as Kid's Day in the Park, neighborhood associations meetings, police zone meetings and other forums to continue to provide education to residents and assist them with their concerns.

Sustain a Livable Community - Goal # 8

- Participate in three commercial Blight Buster events to proactively identify and resolve code violations.
- Organize and participate in two neighborhood cleanups in conjunction with community partners such as Weed and Seed, or neighborhood associations.

Improve the Quality of Housing in Rancho Cordova – Goal # 7

- Implement a comprehensive training program for property owners and landlords in conjunction with the Rental Housing Association (RHA), Fair Housing, Rancho Cordova Police Department and other partners to compliment the Rental Housing Inspection Program (RHIP). The training should improve the efficiency of the RHIP as property owners will better understand the expectations of the program.

Practice Sound Fiscal Management – Goal #11

- Implement a process to add large unpaid fines and fees to the tax rolls. This will provide the Code Enforcement Division with an additional tool to collect outstanding revenues from property owners who fail to maintain their properties.
- Proactively enforce business licenses and tobacco sales licenses as part of the ongoing Commercial Enforcement Program. The implementation of the citywide Hansen database will assist with this endeavor.

ADOPTED FISCAL YEAR 2009-2010 BUDGET

EXPENDITURES:

	FY 2007 Actual	FY 2008 Actual	FY 2009 Budget	FY 2009 Estimated Actual	FY 2010 Adopted Budget

Other Fines and Forfeitures	60,000
Other Charges for Services	3,000
Transfers In	306,500
TOTALS	\$ 697,700

Animal Services

Animal Services ensures the protection, promotion of, respect for, and the enhancement of the well being of all animals in our community. Animal Services continues to promote responsible pet ownership by providing the best possible professional services and ensuring that residents are educated on licensing and vaccinations. Staff also promotes responsible pet ownership and the reduction in pet overpopulation by encouraging residents to utilize low cost spays/neuter clinics.

Standard ongoing responsibilities of Animal Services include:

- Investigating animal cruelty and neglect.
- Educating the community about humane care and treatment of animals.
- Encouraging residents to be responsible pet owners by spaying/neutering their pets.
- Enforcing all animal related local, state and federal laws.

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Animal Services Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Animal Services Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Ensure a Safe Community - Goal #6

- Participate in 12 outreach meetings including bite prevention training and spay/neuter outreach programs for residents and businesses.

Completed. *These outreach efforts include Kids Day in the Park, Bark & Splash, neighborhood association meetings and bite prevention training to all U.S. Postal workers in Rancho Cordova.*

Practice Sound Fiscal Management - Goal #11

- Implement a contract with local collection agency to ensure all fines and fees are recuperated. This process will strengthen the enforcement tools of the division.

Completed. *A contract has been secured with a collection agency to assist with the collection of fines and fees.*

- Collaborate with local rescue organizations to offset the fiscal contract with Society for Prevention and Cruelty to Animals (SPCA) These rescue groups take stray cats and dogs during the state mandated hold period. They also take kittens that need personal attention that may otherwise be euthanized.

Completed. *Partnered with local rescues, such as Itsy Bitsy Rescue and the Wildlife Rescue to offset costs associated with animal care.*

Other Accomplishments Not Identified as a Project in Fiscal Year 2008-2009 Budget

- *Negotiated new contract with Sacramento Society for Prevention of Cruelty to Animals (SSPCA) to continue high quality shelter services. Goal #1*
- *Increase animal licensing fees for unaltered pets to encourage spay and neuter and reduce pet overpopulation. Goal #10*
- *Discontinued trapping non injured or abandoned cats which offset SSPCA contract costs. Goal #11*
- *Implemented an in-house billing program with the assistance of the Information Technology (IT) Department which allowed Animal Services to send bills and reminders on unpaid fines and fees. This resulted in the collection of \$11,745. Goal #11*

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Ensure a Safe Community - Goal #10

- Participate in eight outreach meetings including bite prevention training and spay/neuter outreach programs for residents and businesses.

Practice Sound Fiscal Management – Goal #11

- Implement a process to add large unpaid fines and fees to the tax rolls. This will provide the Animal Services Division with an additional tool to collect outstanding revenues from pet owners who fail to vaccinate and license their pets pursuant to State law.

PUBLIC WORKS

DESCRIPTION

The Public Works Department provides services that will safeguard public health, safety and welfare, and ensure a higher quality of life for our citizens by facilitating or providing engineering support for the Capital Improvement Plan (CIP) project development and implementation, construction management and inspection, road maintenance, traffic safety, solid waste management, plan review and development services, infrastructure financing and special projects.

Many of the daily activities and ongoing programs of Public Works support the City's Strong Neighborhoods Initiative. Some examples are the street safety program, the neighborhood traffic management program, sidewalk replacement and repair program, landscape and lighting maintenance, the elderly and disabled access program, the pedestrian improvement program, streetscape improvement projects, the bikeway improvement program, lighted crosswalk projects, the Rancho Cordova transit shuttle project, many intersection improvements, and roadway maintenance. Additionally, Public Works has continued the "Dial Before You Pile" program to ensure timely pickup of trash piles in many neighborhoods and works very closely with Code Enforcement and the community to reduce illegal dumping within the City.

Effective April 1, 2009, the formula for allocation of funding from New Measure A funds is very different from the old Measure A allocation method. Although the new Measure A allocates more dollars to road maintenance, less funding is available because this fund has seen an overall major decline in revenues from sales tax due to the current economic crisis. Additionally, New Measure A allocation of construction dollars has been restructured to provide project specific funding for regional projects listed in the Measure A Expenditure Plan. As a result, the Measure A construction funds which have traditionally been used to fund transportation projects such as sidewalk and ADA improvements, traffic signals, and neighborhood traffic management have been reduced under the new formula. This will result in reduced services available for these programs. Public Works will need to focus funding available on core services absent funding for special projects.

Standard ongoing responsibilities of the Public Works Department include:

- Management and construction of transportation improvements
- Construction, repair, maintenance and operation of all City streets, sidewalks, street lights, traffic signals, traffic signs, traffic legends, crosswalks, pavement markers, lane line striping, and landscaping
- Street sweeping
- Graffiti removal in the public right of way
- Engineering and project management services for Capital Improvement Projects and permits
- Issuance of street use, encroachment, transportation and grading permits
- Plan review for improvements in the public right-of-way

- Construction management services for both public and private improvements in the public right of way
- Regulating the work of utilities and contractors in the public right-of-way
- Refuse collection services
- Storm water and drainage management
- Transportation Development Impact Fee Program management
- Kilgore Cemetery management
- Management of the Building and Safety Division
- Oversight of the Facilities Management Division

FISCAL YEAR 2008 – 2009 PROJECT STATUS AND ACCOMPLISHMENTS

The City has thirteen overall goals as stated on page 2. The budget for fiscal year 2008-2009 listed the Public Works Departments projects for the fiscal year. Those tasks are grouped below by the overall goal that they served and a status is provided to update the public on the Public Works Departments progress in completing the project or task. Sometimes accomplishments are achieved throughout the year that weren't identified as a project in the budget document. These accomplishments are grouped together and listed at the bottom of this section.

Foster a Positive Image of Rancho Cordova – Goal #1

- Public Works staff will complete construction on the following Capital Improvement Projects:
 - 2007 Road Rehabilitation - Coloma Road (Folsom Boulevard to McGregor Road) pavement overlay and Mather Field Road (Peter A. McCuen to US 50) including pavement repairs at intersections of Mather Field Road/Rockingham and Rockingham/Old Placerville. Construction is expected to be complete by December 2008.

Completed. *Construction completed and improvements under warranty. Project closeout documentation estimated to be finalized by December 2009.*

- ADA and Sidewalk Improvements at various locations. Construction is expected to be completed by June 2009.

Completed. *ADA and curb, gutter and sidewalk repair and improvements were completed at 31 various locations throughout the City. The work was completed through the Pedestrian Improvement Program.*

- 2008 Traffic Calming Project – install speed bumps, a raised crosswalk, and striping on La Loma, West La Loma, and Georgetown. Construction is expected to be completed by June 2009.

Completed. *Project completed in October 2008.*

- White Rock Neighborhood Pedestrian Safety Improvement Project – Pedestrian improvements and pavement rehabilitation along Mills Station Road, White Rock Road, and Mills Park Drive. Construction is expected to be completed by June 2009.

Completed. *Project under construction with estimated completion by June 2009.*

- 2008 Road Rehabilitation - Coloma Road (McGregor Road to Sunrise Boulevard) and McGregor Road (Coloma Road to Ambassador Drive). Construction is expected to be complete by June 2009.

In progress. *Due to a project design modification to include a traffic signal, the timeline was extended. Design completed, estimated bid date June 2009.*

- Staff will complete the Preliminary Engineering phase of the Folsom Boulevard Enhancements - Phase II project by June 2009.

Significantly completed. *Preliminary engineering and right-of-way acquisition significantly complete. Work session was conducted with Council in April 2009 to finalize design concepts and limits.*

Improve Transportation & Connectivity – Goal #2

- Implement the first year of the pilot shuttle service as part of the overall Transit Master Plan by fall 2008.

In progress. *Based on the results of a competitive selection process, staff is currently negotiating a contract with Regional Transit to provide shuttle services through their Community Bus Service Division. Implementation of the first year of the pilot shuttle is listed as a current year goal.*

- Complete or continue environmental and design work for the following Capital Improvement Projects:

- Complete design of the International Drive connection to Sunrise Boulevard by June 2009.

Completed. *Design is complete. Staff anticipates to bid the project by July 2009. Construction is listed as a current year goal.*

- Complete design and award the construction contract for the Douglas Road from Sunrise Boulevard to Americanos project by June 2009.

Partially completed. *Due to the slowdown in development and current litigation issues, the project scope has been reduced to include limited improvement on Douglas Road from Rancho Cordova Parkway to the east end of Sunridge Park development area. Completion of design has been established as a current year goal.*

- Complete design and award construction contract for Zinfandel/Douglas Extension project by June 2009.

In progress. *City staff has reached an agreement with Sacramento County to fund a project to construct a 2-lane extension of Zinfandel Drive south to Douglas Road and a traffic signal at the intersection of Zinfandel Drive/Eagles Nest Road*

and Douglas Road. The project is scheduled to go to construction in Summer 2010.

- Complete design for the Sunrise Widening from Kiefer Road to State Route 16 to four lanes including intersection improvements at Sunrise Boulevard and State Route 16. This phase of the project is expected to be completed by June 2009.

***In progress.** Due to the slowdown in development, the project has been delayed. Staff has revised the goal to obtain environmental clearance which is listed as a current year goal.*

- Continue design for the Rancho Cordova Parkway Interchange Project. The Design, Environmental, and Right-of-Way (ROW) phases of this project are expected to be complete by June 2011.

***In progress.** Design is 30% complete and have received CALTRANS approval of structure type selection in January 2009. Environment Impact Report (EIR) document in progress and is listed as a current year goal. Future Goal: Circulate EIR in summer and certify by end of 2009. Initiate 65% design.*

- Complete design and award the construction contract for the Douglas Road from Americanos Boulevard to Grant Line Road project by June 2009.

***On hold.** Based on the reduced development projections in the immediate area the timeline for this project has been extended to future years. The project is not funded in FY 2009-10.*

- Work with the development community to complete design and award the construction contract for the Rancho Cordova Parkway from Douglas Road to Chrysanthy Boulevard project by June 2009. This project will be paid for by the developers and City Staff will execute credit reimbursement agreements after contract awards.

***On hold.** Due to the reduced development projections and wetlands litigation in the immediate area, the timeline for this project has been extended to future years.*

- Complete construction on the following Capital Improvement Project(s):
 - Traffic signal at the intersection of Data Drive at International Drive by June 2009.

***Completed.** Traffic signal installation completed November 2008.*

- Complete construction of the Sunrise Boulevard, north of White Rock Road missing frontage improvements project by June 2009.

***In progress.** Bid documents for construction under preparation. Estimated construction award August 2009.*

- Public Works staff will continue to development, update and/or maintain the following:
 - Create a Phasing Plan which identifies project costs, projects timelines for construction of the core projects, and creates an implementation plan for the delivery of critical core backbone infrastructure to support new development. By partnering with others and

working with the development community, staff will facilitate the ongoing process with major milestones completed by June 2009.

In progress. Working with our development partners in the community, cash flow issues with delivering the transportation projects necessary to support new development were identified and discussed. An agreement in concept was reached in summer 2008 and presented to the Council on August 4, 2008. With the downturn in the economy, the discussions were suspended in Fall 2008. Staff is resuming the discussions with Building Industry Association (BIA) to revisit project cost and development assumptions.

- Staff will update the Citywide Transportation Capital Improvement Plan project list and update the Transportation Development Impact Fee Program by June 2009.

On hold. The Citywide Transportation Capital Improvement Plan project list has been updated with revised cost estimates but the Nexus Study has not been fully completed for purposes of bringing an updated Transportation Development Impact Fee Program to Council. This effort is currently on hold due to downturn in development.

- Continue to actively participate in the Joint Powers Authority (JPA) to design the Elk Grove/Rancho Cordova/El Dorado County connector road.

In progress. The JPA has hired an Executive Director who is building a management team who has initiated the environmental process. The JPA has been renamed the Capital Southeast Connector. Continued participation and support as a member jurisdiction is listed as a current year goal.

- Complete and have Council adopt the Pedestrian and Bicycle Master Plan by June 2009.

In progress. The bicycle and pedestrian master plans were initiated focusing on the development of both on-street and off-street trail systems. Completion of these master plans is estimated by the end of calendar year 2009.

Establish a Vibrant Downtown – Goal #5

- Finalize conceptual design for The Promenade by fall 2008.

Completed. Conceptual design completed. Further action on this project is dependent upon future funding becoming available.

Practice Sound Fiscal Management – Goal #11

- By working with partners and seeking additional grants, complete a balanced 5-year Capital Improvement Plan (CIP) budget including a funding strategy for core backbone infrastructure.

In progress. The 5-Year CIP is revised each year as part of the annual budget process for the department. The work on the funding strategy for core backbone infrastructure is continuing. This is an ongoing goal each year.

- To produce additional funds, staff will execute agreements with Sacramento County to secure portions of the Mather Specific Plan Development Impact Fees for several City transportation projects by June 2009.

In progress. The City has negotiated and is finalizing the terms of a Cooperative Funding Agreement with the County for the disbursement of the current Mather Specific Plan Development Impact Fees for specific projects in the City. Execution of the agreement is expected by July 2009.

- Staff will continue to pursue additional State and Federal Grant funding opportunities that will leverage local transportation funds and help fund critical backbone infrastructure. This is an ongoing goal to be completed each year in time to program new funding received in the annual CIP budget.

In progress. Public Works staff has developed a comprehensive strategy for securing State and Federal funding that weighs important City projects with Sacramento regional priorities, Congressional appropriations requirements, local match availability, multi-agency support, and project readiness. Staff has pursued cooperation and support from other agencies, and was successful in placing the City's priority transportation funding requests on the Cap-to-Cap advocacy platform. Staff assisted members of the City Council and City Manager's Office in lobbying Congress for federal funding. Staff has also been working to secure funds for critical backbone infrastructure through the American Recovery and Reinvestment Act (ARRA) and also referred to as Economic Stimulus) and for earmarks through the FY 2009-1010 Appropriations process and Surface Transportation reauthorization.

Progress during FY 2008-09 includes:

- Public Works worked with the State Controller's Office and Finance Department to secure \$877,947 in Proposition 1B funding for Local Street and Road Maintenance during the very short window in which funds were available during December 2008.
- Congressional Support and Funding – The House of Representatives passed HR 1105 on February 25, 2009, which included a FY 2009 Appropriation of \$237,500 for the International Drive Extension and Bridge over the Folsom South Canal project as supported by Congressman Lungren. The Senate passed the bill without amendment on March 10, 2009 and it was signed by the President on March 11, 2009.
- Sacramento Area Council of Governments (SACOG) awarded the City \$1,121,360 in ARRA funding for a road rehabilitation project on Coloma Road.
- SACOG awarded the City \$1,287,500 in ARRA Phase II funding allocation for the International Extension and Folsom South Canal Bridge project.
- Form a comprehensive Road Maintenance CFD under new provisions in the Mello-Roos Act to help fund existing and new street lighting and roadway infrastructure by June 2009.

Completed. In fall 2008, the City Council established Community Facilities District No. 2008-1 (Street Lighting and Road Maintenance) to levy a special tax to pay for street lighting and road maintenance services for projects approved for development in the developing infill areas of the City.

- Continue to work with the City Attorney's Office to negotiate and execute the franchise agreement with the remaining private water purveyor in the City by June 2009.

In progress. Negotiations are currently in progress. Execution of the Franchise Agreement is listed as a current year goal.

FISCAL YEAR 2009 – 2010 PROJECTS

The City has thirteen overall goals as stated on page 2. Listed below are the projects, above and beyond our normal operations, targeted for initiation or completion in the upcoming fiscal year. The projects are grouped by the overall goal that they serve.

Foster a Positive Image of Rancho Cordova – Goal #1

- Complete construction on the following Capital Improvement Projects:
 - 2008 Road Rehabilitation – Coloma Road (McGregor Road to Sunrise Boulevard) and McGregor Road (Coloma Road to Ambassador Drive). (Estimated cost: \$3,790,000)
 - Laurelhurst Drive Traffic Calming Project – install a rubberized cape seal on Laurelhurst Drive including installation of median bulb outs at the intersections at South White Rock and Rockingham Drive. (Estimated cost: \$140,000)
 - Construction of landscape and frontage improvements on International Drive near Capital Center Drive. (Estimated cost: \$70,000)
- Initiate or complete design and environmental clearance on the following Capital Improvement Projects:
 - 2009 Road Rehabilitation – Complete design and environmental clearance for various streets within the City of Rancho Cordova to a project ready status. Project may also include cape seal of various residential streets. (Estimated cost: \$900,000)
 - 2010 Road Rehabilitation – Begin design and environmental clearance for additional streets within the City of Rancho Cordova. (Estimated cost: \$100,000)
- Award construction contracts for the following Capital Improvement Projects:
 - Folsom Boulevard Enhancements - Phase II (Estimated cost: \$5,325,000)
 - Begin construction of Folsom Boulevard Water Line Improvement. This project will be coordinated with the Golden State Water Company with funding from Redevelopment Agency bonds. (Estimated cost: \$1,035,000)
- Kilgore Cemetery Phase 2 – complete site renovations to provide for casket burials and to allow services to begin at the site. (Estimated cost: \$212,000)

Improve Transportation & Connectivity – Goal #2

- Award contracts and commence construction for the following Capital Improvement Projects:
 - Begin construction of the International Drive connection to Sunrise Boulevard by July 2009. (Estimated cost of this phase: \$11,155,000)

- Complete construction on the following Capital Improvement Projects:
 - Complete construction of the Sunrise Boulevard, North of White Rock missing frontage improvements project by June 2009. (Estimated project cost: \$260,000)
- Complete or continue environmental and design work for the following Capital Improvement Projects:
 - Continue design for the Rancho Cordova Parkway Interchange Project. Circulate EIR in fall 2009 and certify by Spring 2010. Initiate 65% design by June 2010. (Estimated cost of this phase: \$2,650,000)
 - Complete environmental permitting and complete design of the Sunrise Widening from Kiefer Road to Jackson Road. (Estimated cost of this phase: \$2,225,000)
 - Work with County engineering staff on the design and funding for the intersection improvements at Sunrise Boulevard and Jackson Road. (Estimated cost of this phase: \$200,000)
 - Initiate design and certify environmental document for improvements to White Rock Road from Sunrise Boulevard east to City Limits. (Estimated cost for initial phase: \$600,000)
 - Initiate design and environmental clearance for bike and pedestrian safety improvement on Douglas Road between the western City limit and Sunrise Boulevard. (Estimated cost for initial phase: \$200,000)
 - Complete design and award the construction contract for the Douglas Road Phase I Improvements from Rancho Cordova Parkway to the eastern limits of Sunridge Park subdivision project by June 2010. (Estimated cost: \$7,200,000)
- Implement the first year of the pilot shuttle service as part of the overall Transit Master Plan. (Estimated cost for first year: \$300,000)
- Obtain environmental clearance for the Sunrise Widening Project from Kiefer Road to State Route 16. This phase of the project is expected to be completed by June 2010. (Estimated cost for this phase: \$650,000)
- Complete the Bicycle Master Plan focusing on prioritized gap completion in existing neighborhoods and guiding developer funded construction of bicycle facilities in newly developing areas. (Estimated project cost: \$70,000)
- Complete the Pedestrian Master Plan focusing on prioritized gap completion in existing neighborhoods and guiding developer funded construction through the preparation of standards for pedestrian facilities design. (Estimated project cost: \$70,000)
- Continue to actively participate as a member jurisdiction in the JPA for the design of the Capital Southeast Connector.

Practice Sound Fiscal Management – Goal #11

- By working with partners and seeking additional grants, complete a balanced 5-year Capital Improvement Plan (CIP) budget including a funding strategy for core backbone infrastructure.
- Staff will continue to pursue additional State and Federal Grant funding opportunities that will leverage local transportation funds and help fund critical backbone infrastructure. This is an ongoing goal to be completed each year in time to program new funding received in the annual CIP budget.
- Form a comprehensive Road Maintenance CFD in the newly developing areas of the City under the provisions in the Mello-Roos Act to help fund new street lighting and roadway infrastructure by June 2010.
- Execute the franchise agreement with the remaining private water purveyor in the City by June 2010.

(This page intentionally left blank)

NON DEPARTMENTAL

DESCRIPTION

This activity accounts for the costs of support services needed to run the general City Hall operations. It also accounts for the cost of various items which are not directly attributable to a specific department.

Revenue neutrality's impact on the City has been mitigated to an extent by the settlement with Sacramento County reached during FY 2006-07. These fixed payments will replace the formula approach previously used and provide a much more stable tax base for the City.

Transition costs represent the repayment to Sacramento County for the services (Police, Street Maintenance and Animal Services) they provided to the City during the first year of operation. This was being paid back in five equal annual installments and FY 2008-09 represented the fifth and final year of payments.

Transfers Out is an accounting method to locate resources in the fund that actually is incurring the expense.

HOUSING SPECIAL REVENUE FUNDS

CDBG Fund

CDBG funds represent annual federal grants received under the Housing and Community Development Act of 1974 (as amended). Funds may be used to respond to a variety of neighborhood, economic development and community facilities and service needs primarily to benefit low and moderate-income persons. Prior to FY 2006-07, the City received pass-through funds from the Sacramento Housing and Redevelopment Agency (SHRA). In FY 2006-07 the City became an “entitlement” city which allowed us to receive funds directly from the federal government. The FY 2009-10 award is expected to be \$692,058 of regular annual allocation plus an additional one-time “stimulus” award of \$185,416.

Very Low Income Housing Fund

In 2003 the City of Rancho Cordova adopted an ordinance implementing the Housing Trust Development Impact Fee as created by the County of Sacramento. All such impact fees are collected by the City and deposited into the Very Low Income Housing Fund. This fund accounts for the collection of impact fees charged for the issuance of non-residential construction building permits. The purpose of the fund is to offset some of the increased burden of need for very low income housing, created by the construction of non-residential uses which employ a significant number of low wage earners.

Total	<u>\$ -</u>	<u>\$ 4,051</u>	<u>\$ 226,600</u>	<u>\$ 226,600</u>	<u>\$ 718,100</u>

Rental Code Compliance Program Fund

The City of Rancho Cordova assesses a \$10 per door fee on all rental properties in the City. This revenue is legally required to be received into its own fund. These monies are used to fund the Rental Inspection Program via a transfer out to Code Enforcement in the General Fund. The primary goal of the program is to improve the quality of rental housing and the quality of life in the City of Rancho Cordova.

SPECIAL REVENUE IMPACT FEE FUNDS

The Impact fees are fees imposed on new development to pay for new developments impact on service delivery, infrastructure needs and capital projects. The City has the following impact fees:

- Villages of Zinfandel
- Traffic Mitigation
- Community Facilities
- Sunrise Douglas
- General Plan
- Environmental
- Park Development and Renovation
- Capital Village Park Development Fee

Villages of Zinfandel

These specific plan fees are imposed on new development in the Villages of Zinfandel (VOZ) special planning area. It includes fees for library and offsite roadway improvements. These funds can only be spent on facilities identified in the VOZ Development Impact Fee Program to mitigate impact as a result of develop in the VOZ special planning area.

ADOPTED FISCAL YEAR 2009-2010 BUDGET

EXPENDITURES:

Community Facilities Fees

These fees were established by the City to cover the costs of municipal facilities required to serve an increased population as a result of new development. These facilities include a city hall, a police station and equipment, a community center, a corporation yard, a library, a city museum, a parking structure, animal services, telecommunications and computer systems, and a records management system.

Sunrise Douglas Impact Fee

These specific plan development impact fees are imposed on development in the Sunridge Specific Plan (SRSP) which is part of the Sunrise Douglas Community Plan (SDCP) development area. It includes additional fees for roadway improvements, transit shuttles, supplemental offsite water facilities, interim sewer facilities, park development improvements, library facilities and fee program updates. These funds can only be spent on facilities in the SDCP Capital Improvement Program to mitigate impact as a result of development in the SDCP area.

General Plan Impact Fee

This fee is imposed on all new development to defray the costs of completing the City's first General Plan and pay for the maintenance of that plan over the next ten years. The General Plan Impact Fee reflects the actual cost of the General Plan and implementing studies. The City will need to revisit this fee as there are not sufficient revenues being generated from the existing fee to cover current and anticipated costs.

ADOPTED FISCAL YEAR 2009-2010 BUDGET

STATE AND FEDERAL GRANTS

Federal Transportation Capital Grants

Safe, Accountable, Flexible, and Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU): This is the current five-year program for federal funding of transportation projects. The five-year CIP shows the projected expenditure and revenue budgets for the SAFETEA-LU based on receipt of fund authorization and the project delivery schedule.

State Transportation Improvement Program (STIP) and Other Transportation Capital Grants

This program, adopted by the California Transportation Commission (CTC), is the programming tool for state approved capital improvements. Seventy-five percent of the funding goes to the local regions as a competitive process for local projects. Twenty-five percent of the statewide funding goes to Caltrans for projects of interregional significance.

Federal Appropriations

Public Works received \$237,500 in Federal FY 2009 for the International Drive Extension and Bridge over the Folsom South Canal project as supported by Congressman Lungren. The project has regional significance, as it will improve mobility and relieve congestion on Sunrise Boulevard at US 50 by providing a bypass to US 50 between Sunrise Boulevard and Mather Field Road.

American Recovery and Reinvestment Act (ARRA) Funding

Public Works received \$1,121,360 in American Recovery and Reinvestment Act (ARRA) funding for road rehabilitation on Coloma Road. Additionally, Public Works received \$1,050,000 in ARRA funding for the International Drive Extension and Bridge over the Folsom South Canal project.

SACOG Funding

The SACOG funding cycle for Surface Transportation Improvement Program (STIP) funding occurs every other year. The next cycle will occur in Fall 2009 and will be reported in next year's budget.

Safe Routes to School

Public Works has been authorized to receive \$679,860 in State Safe Routes to School (SR2S) funding to build approximately 2,025 linear feet of new sidewalk.

Public Works has been awarded \$46,000 from the Rubberized Asphalt grant for the 2009 Road Rehabilitation project.

SACOG Community Design Funds

The SACOG funding cycle for Community Design funding occurs every other year. The next cycle will occur in the Fall 2009 and will be reported in the budget for next year.

State Beverage Container Recycling Program

The City has received a grant from the State's Beverage Container Recycling Program. This grant will increase beverage container recycling opportunities at 100 multifamily complexes within the City.

State Environmental Protection Agency

The City has received Used Oil Grants for the last four years from the State Environmental Protection Agency. Public Works is programming funding in the amount of \$32,000 for FY 2009-10.

Weed and Seed

A community-based strategy sponsored by the U.S. Department of Justice (DOJ), Weed and Seed is an innovative, comprehensive multiagency approach to law enforcement, crime prevention and community revitalization. The strategy involves a two-pronged approach: law enforcement agencies and prosecutors cooperate in "weeding out" violent criminals and drug abusers and public agencies and community-based private organizations collaborate to "seed" much-needed human services, including prevention, intervention, treatment and neighborhood restoration programs. A community-oriented policing component bridges the weeding and seeding elements.

Selective Traffic Enforcement Program and Occupant Protection

This program's goal is to increase compliance with safety restraint laws including the correct and consistent use of infant and child safety seats.

DUI Enforcement and Awareness Program

This program is to provide for DUI/Driver's License check points and DUI saturation patrols in the community, along with providing for officers to concentrate on repeat DUI offenders.

COPS

The Citizens' Option for Public Safety Program provides monies to local law enforcement entities to provide enhanced public safety services.

STATE & COUNTY SUBVENTION FUNDS

Gas Tax

Gas Tax revenue is generated from the 18 cents per gallon state tax on fuel used to propel a motor vehicle or aircraft. Approximately 30% of Gas Tax revenues are allocated to cities and counties as directed by the Streets and Highways Code Sections 2106, 2107, and 2107.5. Gas Tax funds can be used for construction, improvements, studies and/or maintenance of public streets and must be in the Public Right of Way. Currently all the Gas Tax funds are allocated to maintenance and rehabilitation of the existing roadways.

\$1,100,000 of Gas Tax funding is allocated in FY 2009-10 for Capital Improvement Projects.

Measure A

Measure A is a voter approved, 1/2% sales tax in Sacramento County to be levied over a 20-year period (1989-2009). The proceeds of the tax are used to fund a comprehensive program of roadway and transit improvements. In 2004, voters approved a 30-year extension of this program that will go into effect in April 2009.

The new Measure A program calls for the implementation of the Sacramento County Transportation Mitigation Fee Program (SCTMFP) as a condition of receiving local road maintenance formula funds and use tax imposed by the Sacramento Transportation Authority (STA). It also demonstrates to the financial markets that the SCTMFP represents a legitimate revenue stream on which to extend credit. The fee, effective April 1, 2009, will be charged to new development and does not impact the existing residents.

Measure A revenues are earmarked for the following types of improvements: highway, street, and road construction; highway, street, and road maintenance; bus and light rail capital and operations; improved transportation services for elderly and disabled persons; and transportation-related air quality programs. Measure A construction revenues are typically used to fund transportation and traffic safety improvements. Measure A maintenance revenues are used to fund ongoing operation and maintenance of the City's transportation system.

This is the first year of new Measure A allocations. Our construction portion for FY 2009-10 is \$278,900, down by approximately \$1.1 million from the previous measure. The reason for the decrease is due to the economy, new formulas and funding programs, and allocations to specified projects within the measure. Some of the overall loss in funding will be offset by the specific projects listed in the new measure. The projects in the City that are listed in the new measure include Sunrise Boulevard, Folsom Boulevard, and the Connector Project. The City has received funding from the issuance of bonds by STA for Folsom Boulevard and Sunrise Boulevard totaling \$9,166,720. Additional funding is remaining for both of these projects. In addition, the City will continue to accrue interest on the remaining funds held at STA.

The new Measure A maintenance funding for FY 2009-10 is \$1,211,100, up from \$1,088,800. The City should continue to receive the additional funding in maintenance due to the new formula allocations. Additionally, when the economy improves our allocations for both maintenance and construction should increase accordingly.

FY 2009-10 New Measure A Construction funding of \$278,900, is allocated to the two new programs established by the new measure, Traffic Control and Safety Program and Safety, Streetscaping, Pedestrian and Bicycle Facilities Program. Prior year funding that is rebudgeted to ongoing Capital Improvement projects totals \$2,881,600. Additional rebudgeting of New Measure A bond funding is \$4,758,400. The total for Measure A Construction is \$7,919,000.

Proposition 42

Proposition 42 (Assembly Bill 2928 Maintenance of Effort Program), passed in August 2000 establishing the Traffic Congestion Relief Fund (TCRF) in the State Treasury to allocate funds to cities and counties for the purpose of street or road maintenance or reconstruction. The City will receive an allocation of \$576,751 in FY 2009-10.

\$576,751 from Proposition 42 is allocated to a Capital Improvement Project identified in the CIP budget.

Transportation Development Act

The Transportation Development Act (TDA), administered by the California Department of Transportation provides two major sources for the funding of public transportation in California through regional planning and programming agencies such as the Sacramento Area Council of Governments (SACOG). The first, the county Local Transportation Fund (LTF), has been in existence since 1972. The second, the State Transit Assistance (STA) fund, came into being in 1979. The TDA creates in each county an LTF for the transportation purposes specified in the Act. Revenues to the LTF are derived from 1/4¢ of the retail sales tax collected statewide. The 1/4¢ is returned by the State Board of Equalization to each county according to the amount of tax collected in that county.

Nearly all of Rancho Cordova's TDA funds (both LTF and STA) are allocated by SACOG to Sacramento Regional Transit. There is, however, a countywide set aside of 2% of available funds to be allocated for pedestrian and bicycle facilities anywhere in the county. These funds are distributed to each jurisdiction based on a fair share formula. The FY 2009-10 allocation of LTF bicycle and pedestrian funds is \$37,400. Prior year allocations totaling \$245,000 have been reserved by SACOG for use by the city.

\$245,000 FY 2009-10 funding is rebudgeted to CIPs.

ASSESSMENT DISTRICTS, SPECIAL TAX DISTRICTS AND LANDSCAPING AND LIGHTING DISTRICTS

Assessment Districts, Special Districts and Landscaping and Lighting Districts are formed under the California General Government Code, in compliance with California State Constitution Articles XIII A and XIII D. The City of Rancho Cordova established these districts to finance public services by levying an assessment or special tax which appears on the property tax bill of the parcels receiving benefit. There are five services related assessment and special districts in the City of Rancho Cordova, as outlined below.

Special Police Tax

On April 19, 2004, the City Council established the City of Rancho Cordova Special Police Tax to provide additional funds to pay for police services. There are currently 26 tax zones, for which the revenue collected by this tax is to be used solely for the purposes of obtaining, furnishing, operating, and maintaining police protection equipment or apparatus, for paying the salaries and benefits of police protection personnel, and for such other police protection service expenses as are deemed necessary for the benefit of the residents of each zone. These taxes are recorded directly in the General Fund to offset police service costs, rather than being recorded in a separate fund.

Landscaping and Lighting District No. 2005-1

This District was formed in 2005 for the purpose of providing ongoing maintenance and local landscaping improvements within the District, previously funded in whole or in part by the County of Sacramento as part of the Sacramento Landscape Maintenance District (SLMD), now the responsibility of the City. The improvements include streetscape and parkway landscaping, and do not currently include street lighting. The District was formed with four benefit zones encompassing all lots and parcels of land within the boundaries of the City that were included in Zone 4 and Zone 5 of the SLMD in FY 2004-05. The District area is approximately 512 acres, centrally located within the City, generally south of US 50 and north of the City limits as identified in the district boundary maps.

Transit Related Services Special Tax

On January 17, 2006, the City Council Ordinance No. 31-2005 establishing a special tax for the Capital Village subdivision, (Tax Zone 3), establishing a special tax for transit related services within the boundaries of Zone 3. The special tax is levied on new development in the City to mitigate the impacts of new development on transit and other related services. The services to be funded include: transit shuttle, "Guaranteed Ride Home Program", transit subsidies, education programs and infrastructure support. Additional tax Zones 5, 7, 9, 10, 13, and 14 have been annexed to the district. As additional development occurs, additional separate Zones will be created to fund transit related services.

Transit Related Services Benefit District

The Transit Related Services Benefit District assessments fund transit related services benefitting the Zinfandel and Sunridge Specific Plan areas (Benefit Zones 1 and 2). The Transit Related Services Benefit District (former County Service Area 10) was detached from the County of Sacramento by the City of Rancho Cordova to administer beginning the 2008-09 tax year. The services to be funded include: transit shuttle, "Guaranteed Ride Home Program",

transit subsidies, education programs and infrastructure support. The district boundary is irregularly shaped and includes the Villages of Zinfandel, Sunridge and Mather Field.

Road Maintenance Assessment District

The Road Maintenance Assessment District was formed in June 2006 to create a financial mechanism to provide street and lighting operations and road maintenance for public improvements created as a result of new development. The funds are used to pay for routine maintenance and operations costs as well as to build a reserve to periodically replace slurry seal and eventual overlay and replacement costs. Current new development subdivisions included in the district are Capital Village, Sundance and Anthology at Anatolia.

OTHER SPECIAL REVENUE FUNDS

DESCRIPTION

Street Trench Fee

The City has an established Street Trench Fee and associated fund for the purposes of collecting a trench restoration fee at the time a permit is issued for work performed that causes excavation of a paved City street. Funds may be expended for the resurfacing, maintenance, administration, and protection of City streets where excavation has occurred. Currently, there are no expenditures planned.

Mather Field Impact Fee

Specific plan development impact fees are imposed on development in the Mather Commerce Center which is part of the overall Mather Field Specific Plan Area administered by the County of Sacramento. The Mather fees include additional fees for roadway improvements located in the City of Rancho Cordova. The City has been in the process of negotiating the transfer of fee fund balances from the County to the City for specific improvements.

Roadway Improvement Fund

The Public Works Department has obtained certain additional contributions related to supplemental roadway fees. The negotiations are non-nexus based and are not directly associated with the existing traffic fees collected in the Special Revenues Funds. These funds may be used at the City's discretion for a variety of roadway improvement projects included in the City's Capital Improvement Program.

Included in this fund are revenues received from the State as part of the Proposition 1B allocation. This state funding program was approved by California voters in November 2006. During FY 2007-08 Public Works received \$949,876. In FY 2008-09, Public Works received the second half of this one-time allocation for Proposition 1B Local Streets and Roads funding in the amount of \$878,000. The funding is being allocated to residential road rehabilitation on several City streets.

FY 2009-10 funding of \$878,000 is being allocated to a Capital Improvement Project identified in the CIP document.

Storm Water Utility Tax

The Public Works Department has negotiated the annual transfer of funds to the City from utility taxes collected by the County of Sacramento for storm water utility. These funds may be used at the Public Works Director's discretion for any drainage related expenses including staff costs.

In FY 2009-10, \$611,400 is programmed to Public Works Miscellaneous projects (PM) and to Capital Improvement Projects. Prior year funding in the amount of \$488,000 is being reprogrammed in current projects for a total of \$1,099,400.

Asset Forfeiture Fund

Assets seized in the course of arrests or investigations are turned over to the District Attorney until case resolution. The District Attorney apportions the assets to the applicable jurisdictions and the funds are used to purchase public safety equipment and supplies.

DEBT SERVICE FUNDS

DESCRIPTION

City Hall Facility Certificates of Participation

On August 1, 2005, \$20,835,000 Certificates of Participation were issued by the City of Rancho Cordova Financing Corporation to finance the acquisition and improvement of the 2701 – 2729 Prospect Park Drive campus. The original debt was restructured and refunded in January 2007. The new debt is comprised of \$12.1 million Series A and \$8.3 million Series B (taxable).

Debt service payments are due on August 1 and February 1 of each year. To provide for repayment of the certificates, the City entered into an agreement to lease the facilities from the Corporation, requiring the City to make rental payments to the Corporation equal to the debt principal and interest payments. City Hall Community Facilities Fees, Community Center Community Facilities Fees and General Fund monies are the source for repayment of this bond. However, if the Community Facility Fee sources are not sufficient to make their portion of the payment, the City's General Fund will be responsible. A debt service schedule is included in the "supporting schedules" section of this document.

City Operations Facility Certificates of Participation

The City of Rancho Cordova Financing Corporation issued \$6.8 million in Certificates of Participation (COPs) in August 2006. These funds provided resources to purchase the Kilgore site. This site includes developable vacant land, a 30,000 square foot office building and a historic cemetery (Kilgore Family Cemetery). The purchase price for this acquisition was \$6,000,000 with the cemetery and approximately 3 ½ acres of vacant land donated as part of the acquisition. Although the office building is partially leased, the City is studying the feasibility of relocating the Police Department operations there in the near future.

The debt service is due in September 1 and March 1 of each year. To provide for repayment of the certificates, the City entered into an agreement to lease the facilities from the Corporation, requiring the City to make rental payments to the Corporation equal to the debt principal and interest payments. Police Facilities Community Facilities Fees and the City General Fund are the source for repayment of this bond. A debt service schedule is included in the "supporting schedules" section of this document.

ENTERPRISE FUNDS

DESCRIPTION

The Kilgore Cemetery Enterprise Fund will receive revenues from the sale of burial rights and burial services at the cemetery. In addition, the Endowment Care Fund will receive endowment funds paid by all cemetery customers. A portion of the burial rights and services revenues will compensate the Fair Oaks Cemetery District for cemetery management services, and the interest income on the remainder of the burial revenues and the endowment will fund ongoing facility maintenance costs.

INTERNAL SERVICE FUNDS

DESCRIPTION

These funds were established to finance and account for services and commodities furnished by a designated department of the City to other departments of the City. These services and commodities are only supplied within the City structure and are not furnished to the general public. The funds that the City maintains include:

Insurance Fund

The Insurance Fund accounts for the accumulation of resources to provide for long-term financing of potential litigation, insurance costs and claims, and the payment of losses up to the City's self-insured retention limit. The major insurance programs in the fund are worker's compensation, property, and liability coverage.

Vehicle and Equipment Replacement Fund

The Vehicle & Equipment Replacement Fund accumulates funds to pay for the replacement of vehicles and equipment used by all City departments.

Technology Enhancement and Replacement Fund

The Technology Enhancement and Replacement Fund is used to account for the purchase and replacement of critical desktop, software and infrastructure. Transfers occur each year from the General Fund to finance the scheduled replacement and enhancement of the City's technology system.

Capital Facilities Fund

The Capital Facilities Fund is a new fund. It is used to account for accumulation of resources and the acquisition, construction, maintenance and remodeling of city owned buildings and facilities.

REDEVELOPMENT AGENCY

DESCRIPTION

The City Council approved the formation of the Rancho Cordova Redevelopment Agency in FY 2006/2007. The project area was approved in 2006. The Redevelopment Agency began to collect tax increment revenues in FY 2008. Due to the current volatility in the financial markets, funding for the Redevelopment Agency will be made through ongoing tax increment received and advances from the General Fund. In the event that there are projects that over extend the General Fund beyond appropriate levels the Redevelopment Agency will pursue alternative financing sources at that time. Expenditures are concentrated on identifying projects for redevelopment assistance.

Redevelopment Administration

This fund accounts for monies received from tax increment funds for administration of the district and for major capital projects.

Redevelopment Capital Projects

The Redevelopment Agency is required to place a certain amount of tax increment into a capital projects fund. These dollars will ultimately be passed through to the Sacramento Metro Fire District for the acquisition and/or construction of capital facilities.

Debt Service Fund

The Debt Service Fund is used to receive the tax increment revenue and apportion 80% to the Administration Fund and 20% to the Low/Moderate Income Housing Fund. Additionally and prior to apportionment of the tax increment, the Debt Service Fund pays principal and interest on any outstanding agency debt.

Low/Moderate Income Housing

California law requires that not less than twenty percent (20%) of the redevelopment tax increment must be set aside for increasing, improving, and preserving the community's supply of low and moderate-income housing. These Tax Increment Set-Aside funds are held by the agency in a separate Low and Moderate Income Housing Fund until used.

AGENCY FUNDS

DESCRIPTION

Mello-Roos Community Facilities Districts (CFDs) are formed to finance the construction and acquisition of authorized capital facilities (infrastructure) and/or to finance public services, including street improvements, wastewater system improvements, water system improvements, drainage system improvements, and other public facility improvements. Special taxes are levied which appear on the property tax bill of the parcels included in the CFD. These special taxes are used to pay debt service on bonds issued by the CFD (for infrastructure CFD's) and to pay for annual maintenance of public improvements within the CFD (services CFDs). There are several Mello-Roos Community Facilities Districts (CFDs) in the City of Rancho Cordova.

Below is a list of the City of Rancho Cordova's CFD's.

Sunridge Anatolia CFD No. 2003-1

Property in Sunridge Anatolia CFD No. 2003-1 consists of approximately 654 acres located in the southwestern part of the City. Development is planned for approximately 3,111 single family residences, a multi-family residential component encompassing 12.01 acres, a commercial component comprising five separate sites totaling 46.10 acres, and a recreation center of approximately 3.83 acres. On August 4, 2003, the City Council established the City of Rancho Cordova Sunridge Anatolia Community Facilities No. 2003-1 and authorized bonded indebtedness of \$75,000,000. The land owners at the time of formation then voted to authorize the levy of a Mello-Roos special tax on properties within the CFD. Three series of bonds have been sold to date, for a total principal amount of \$58,770,000. On October 6, 2003, December 5, 2005, and August 6, 2007, the Council adopted Resolutions approving the issuance of Series 2003, Series 2005 and Series 2007 Special Tax Bonds.

Sunridge Park CFD No. 2004-1

Property in Sunridge Park CFD No. 2004-1 consists of approximately 325 acres located in the southwestern part of the City. Development is planned for approximately 1,319 single family residential lots, as well as a number of parks, a new elementary school and various facilities for public utilities. On July 19, 2004, the City Council established the City of Rancho Cordova Sunridge Park Community Facilities No. 2004-1 and authorized total bonded indebtedness of \$42,000,000. The land owners at the time of formation then voted to authorize the levy of a Mello-Roos special tax on properties within the CFD. On April 2, 2007, Council voted to reduce the authorized bonded indebtedness to \$34,200,000 and add a Services Special Tax component to fund the additional cost of police services to benefit the residents in the CFD. In September 2007, special tax bonds in the principal amount of \$13,485,000 were issued on behalf of the CFD.

Sunridge North Douglas CFD 2005-1

On October 17, 2005, the City Council established the City of Rancho Cordova North Douglas CFD 2005-1 and authorized total bonded indebtedness of \$20,000,000. The land owners at the time of formation then voted to authorize the levy of a Mello-Roos special tax on properties within the CFD. The City has not yet issued bonds.

CFD No. 2005-2 (Landscape Maintenance)

Property in City of Rancho Cordova CFD No. 2005-1 encompasses approximately 117 acres located in the development known as Capital Village. On December 19, 2005, the City Council passed Resolution No. 154-2005, establishing the CFD. The special tax funds authorized services to maintain public landscape areas, including litter removal, irrigation, pruning, weed control and sound wall repairs. A total of 562 single family detached units and 265 single family attached units are planned for development in the current CFD boundary. However, the City plans to annex other development areas into the CFD, and therefore the CFD's boundaries will grow as future annexations occur.

CFD 2008-1 (Street Lighting and Road Maintenance)

On October 6, 2008, the City Council established the Community Facilities District No. 2008-1 (Street Lighting and Road Maintenance) to levy a special tax to pay for street lighting and road maintenance services for projects approved for development in the developing infill areas of the City.

Each of the projects included in the CFD future annexation area has a condition of approval which requires that the property owner participate in a funding mechanism for maintenance services for the fair share of existing and all new public improvements associated with the project including streets, bridges/culverts, traffic signals, traffic signs, striping and legends, ITS operations, and street lights. This condition will be satisfied by the annexing into the CFD.

CFD No. 2008-1 initially includes projects generally known as the Environmental Management Depart Office Building, the EdFund Office Building, the BloodSource Laboratory Building, the Mather Office Campus, and the Aerotec Court project, plus annexed projects including 10655 Coloma Road, 3581 Mather Field Road and portions of the Target Store, and will continue to expand in the future areas as other projects in need of maintenance of public improvements annex to the district. The initial levy area for projects which have been annexed into the CFD is 2009-10.

Tax Allocation Bonds

None

Notes Payable

The City has not issued any notes

Proposition 13, and subsequent constitutional amendments, severely limits the type of debt the City can issue. General obligation debt requires two-thirds voter approval to increase taxes, which support this type of debt. Other debt options available to the City include those listed above. Debt issues such as revenue bonds, certificates of participation and notes do not require voter approval if there is a dedicated source for repayment. However, the City still maintains a legal debt limit, which is also governed by law. The calculation of that limit is as follows:

Assessed Value	\$ 6,503,297,496
Debt Limitation - 15% of Total Assessed Value	975,494,624
Debt Applicable to Limitation	
General Obligations Bonds Outstanding	-
Less Amounts Available for Repayment	-

TRANSFERS IN AND TRANSFERS OUT

Transfers in and out represent accounting methods to allocate the resource to the fund, which will provide the mechanism to pay for the project. The majority of these transfers in the City relate to Capital Improvement projects which receive funds from a variety of sources to provide funding for the overall project. Transfers in represent funds being brought into the fund, whereas transfers out represent funds being taken from that fund.

CITY OF RANCHO CORDOVA

RESOLUTION NO. 44-2009

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA
ADOPTING AN OPERATING BUDGET FOR THE CITY FOR THE FISCAL YEAR JULY 1,
2009 THROUGH JUNE 30, 2010, AND PROVIDING FOR THE APPROPRIATIONS AND
EXPENDITURES OF ALL SUMS SET FORTH THEREIN**

RECITALS

WHEREAS, the City Manager has submitted to the City Council of Rancho Cordova a Fiscal Year 2009/2010 Proposed Budget; and

WHEREAS, after conducting a workshop and a public hearing on the proposed budget, the City Council has approved the same; and

WHEREAS, it is the intention of the Council to adopt the proposed budget as submitted by the City Manager; and

WHEREAS, with respect to providing an appropriation to the Cordova Community Council, the City Council has considered a proposal from the Cordova Community Council to the City dated May 15, 2006, which outlines a partnership approach between the City of Rancho Cordova and the Cordova Community Council, and finds that providing funds to the Cordova Community Council will serve a public purpose by aiding the City in its ongoing effort to improve the image of the community and the quality of life for all Rancho Cordova citizens;

DECISION

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of Rancho Cordova as follows:

1. That certain document referred to as "The City of Rancho Cordova Proposed Budget Fiscal Year 2009-2010" presented by the City Manager is hereby adopted and the appropriations for the annual budget of the City of Rancho Cordova for the fiscal year beginning on July 1, 2009 and ending on June 30, 2010, is hereby adopted; and
2. That the amounts stated in the proposed budget shall become and thereafter be appropriated to the offices, departments, activities, objects, and purposes stated therein and said monies are hereby authorized to be expended for the purposes and objects specified in said budget; and
3. The City Manager is authorized to approve expenditure adjustments within individual funds so long as the total appropriated within each major fund is not exceeded.

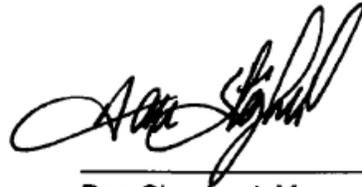

PASSED AND ADOPTED by the City Council of the City of Rancho Cordova on the 1st day of June, 2009 by the following vote:

AYES: Budge, McGarvey, Sander, Cooley and Mayor Skoglund

NOES: None

ABSENT: None

ABSTAIN: None

CITY OF RANCHO CORDOVA

AGENCY RESOLUTION NO. 6-2009

A RESOLUTION OF THE COMMUNITY REDEVELOPMENT AGENCY OF THE CITY OF RANCHO CORDOVA ADOPTING AN OPERATING BUDGET FOR THE AGENCY FOR THE FISCAL YEAR JULY 1, 2009 THROUGH JUNE 30, 2010, AND PROVIDING FOR THE APPROPRIATIONS AND EXPENDITURES OF ALL SUMS SET FORTH THEREIN

WHEREAS, the Executive Director has submitted to the Agency Board a Fiscal Year 2009/2010 Proposed Budget; and

WHEREAS, after conducting a workshop and a public hearing on the proposed budget, the Agency Board has approved the same; and

WHEREAS, it is the intention of the Board to adopt the proposed budget as submitted by the Executive Director; and

WHEREAS, under Section 33334.2(a) of the California Community Redevelopment Law (Health and Safety Code Section 33000 et seq.), not less than 20% of all taxes allocated to the Community Redevelopment Agency must be set aside by the Agency in a Housing Reserve Fund and used for the purpose of increasing, improving and preserving the community's supply of low and moderate income, and

WHEREAS, under section 33334.3(d) of the California Community Redevelopment Law (Health and Safety Code section 33000 et seq.), the amount of money spent for planning and general administration from the Housing Reserve Fund must not be disproportionate to the amount actually spent for the cost of production;

NOW, THEREFORE BE IT RESOLVED by the Board of the Community Redevelopment Agency of the City of Rancho Cordova as follows:

1. That certain document referred to as "The City of Rancho Cordova Proposed Budget Fiscal Year 2009-2010" presented by the Executive Director is hereby adopted and the appropriations for the annual budget of the Community Redevelopment Agency of the City of Rancho Cordova for the fiscal year beginning on July 1, 2009 and ending on June 30, 2010, is hereby adopted.
2. That the amounts stated in the proposed budget shall become and thereafter be appropriated to the offices, departments, activities, objects, and purposes stated therein and said monies are hereby authorized to be expended for the purposes and objects specified in said budget.
3. The Executive Director is authorized to approve expenditure adjustments within individual funds so long as the total appropriated within each major fund is not exceeded.
4. The Agency hereby determines that it is necessary to use \$282,200 of the \$697,200 2008/2009 Low to Moderate Income Housing Fund budget for planning and administrative expenses for the production, improvement or preservation of low and moderate housing during the 2009/2010 fiscal year.

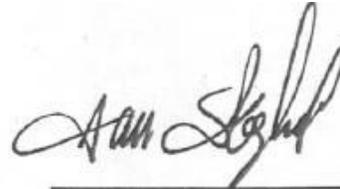

PASSED AND ADOPTED at a meeting of the Community Redevelopment Agency of the City of Rancho Cordova held on the 1st day of June, 2009 by the following vote:

AYES: Budge, McGarvey, Sander, Cooley and Mayor Skoglund

RESOLUTION NO. 43-2009

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RANCHO CORDOVA
ADOPTING THE APPROPRIATIONS LIMIT FOR FISCAL YEAR 2009/2010 AND MAKING
THE ANNUAL ELECTION FOR ADJUSTMENT FACTORS**

WHEREAS, the people of California on November 6, 1979, added Article XIII-B to the State Constitution placing various limitations on the appropriations of state and local governments; and

WHEREAS, the State Legislature adopted Chapters 1205 and 1342 of the 1980 Statutes which implemented Article XIII-B; and

WHEREAS, the people of California on June 5, 1990 amended Article XIII-B effective July 1, 1990; and

WHEREAS, the provisions of the amendments have been interpreted by a coalition of statewide organizations, and the organizations have issued through the League of California Cities revised guidelines to calculate the appropriations limit; and

WHEREAS, section 7910 of the Government Code requires cities to adopt a resolution setting the annual appropriations limit at a regularly scheduled meeting or a noticed special meeting; and

WHEREAS, the City of Rancho Cordova has complied with the provisions of Article XIII-B in calculating the Appropriations Limit for Fiscal Year 2009/2010.

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of Rancho Cordova and shown on Schedules No. 1 through 8 (**Exhibit A**), that:

1. The Fiscal Year 2009/2010 Appropriations Limit shall be \$49,062,242,
2. The Fiscal Year 2009/2010 Appropriations subject to the Limit is \$21,764,562,
3. The annual election for Adjustment Factors shall be to use the growth in City population and the increase in the per-capita personal income for the State of California.

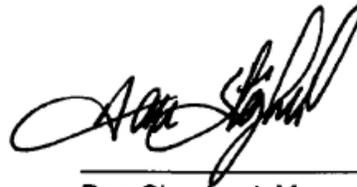

PASSED AND ADOPTED by the City Council of the City of Rancho Cordova on the 1st day of June, 2009 by the following vote:

AYES: Budge, McGarvey, Sander, Cooley and Mayor Skoglund

NOES: None

ABSENT: None

ABSTAIN: None

Dan Skoglund, Mayor

ATTEST:

Mindy Cuppy, City Clerk

FREQUENTLY ASKED QUESTIONS

The City of Rancho Cordova designed the Annual Budget to offer citizens an understandable and meaningful budget document. This guide, along with the Glossary of Terms, will provide assistance to those unfamiliar with Rancho Cordova's budgeting and financial processes.

WHAT IS A "FISCAL YEAR (FY)" AND WHEN DOES IT BEGIN AND END?

The City of Rancho Cordova follows a Fiscal Year (FY) that starts on July 1 and ends on June 30. A Fiscal Year is the period designated by the City for the beginning and ending of financial transactions or a budget cycle. For example, the "2010 Annual Budget" or "Fiscal Year 2009–2010" refers to the period that begins on July 1, 2009 and concludes on June 30, 2010.

WHAT DOES IT MEAN TO "ADOPT THE BUDGET?"

Budget adoption is a formal action taken by the City Council that sets the City's priorities and spending limits for the next year. The budget for each fiscal year is formally adopted by the passage of the "Appropriating Resolution."

WHAT IS AN "APPROPRIATING RESOLUTION"?

The City of Rancho Cordova adopts the annual budget with the "appropriating resolution". The resolution requires a majority of the Council to approve.

WHAT IS MEANT BY "BUDGET APPROPRIATIONS?"

Budget appropriations refer to authorizations made by the City Council that permit the City to incur obligations and expend resources. When the City Council appropriates funds, they are saying the community should, for example, spend its money on public safety, or make investments that improve the quality of life in Rancho Cordova. The City cannot collect or spend money unless it is appropriated, and this ensures the public's money is spent according to the public's needs as expressed by the democratically elected City Council.

WHAT IS DEBT SERVICE?

A family's debt service is the payments they make on loans, such as a mortgage or credit cards. Principal and interest payments on outstanding bonds are referred to as debt service. Just like a family cannot skip a mortgage payment or credit card payment, the City must keep up on its debt service, so this will always be part of the City's budget.

WHAT IS AN ENCUMBRANCE?

An encumbrance refers to the formal accounting recognition of commitments to expend resources in the future. For example, when a purchase order is issued for equipment, that fund is encumbered until delivery. Once the equipment arrives the invoice is paid and the encumbrance becomes an expenditure.

WHAT IS AN EXPENDITURE?

Expenditures represent a decrease in fund resources or, stated simply, a recorded expense.

WHAT IS A FULL-TIME EQUIVALENT POSITION (FTE)?

An FTE refers to one or more employees working a total of 40 hours per week, or 2,080 hours per year. For example, a part-time employee working 20 hours per week would be considered a 0.5 FTE.

WHAT IS THE DEFINITION OF A BUDGET FUND?

Rancho Cordova has numerous budget funds to help keep track of and focus resources. These include the General Fund, Gas Tax Fund and Debt Service Fund, to name just a few. A family might use several funds, too, in order to help manage their finances and determine how close they are to reaching certain goals. For instance, a family might have a children's college fund, a retirement fund, a vacation fund and household expenses fund. A budget fund, then, is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources. Rancho Cordova uses separate funds in order to correctly and legally track revenues and expenditures by program.

WHAT IS A FUND BALANCE?

Fund balance refers to the remainder or carryover that occurs when actual revenues exceed budgeted revenues and/or when actual expenditures are less than budgeted expenditures at the end of the fiscal year (June 30). If the City budgets (plans to spend) \$3 million on roads next year, but only spends \$2 million, there is a \$1 million increase to the fund balance.

WHERE DOES THE CITY'S REVENUE COME FROM?

Rancho Cordova's revenue comes from a variety of sources, including sales taxes, property taxes, and user charges and from other units of governments such as the State of California. A visual depiction of all revenue sources as well as how the money is spent is shown in the Summary Section.

WHAT ARE "STATE SUBVENTIONS"?

The State of California shares a portion of its tax revenues (gas tax and motor vehicle in-lieu taxes) with California cities and towns. This funding is divided amongst the local governments by various formulas, generally population. State subventions enable local governments to continue to provide basic services, such as police and fire protection, without burdening the residents with additional local taxes.

WHAT IS A BUDGET TRANSFER?

A budget transfer moves budget appropriations between programs or funds. Transfers within funds may be done with the City Manager's authority as the City Manager position is appointed by the City Council to act as the City's chief executive officer. Transfer between funds requires City Council approval.

WHAT ARE USER CHARGES?

User charges are fees paid in direct receipt of a public service by the party who benefits from the service.

The above are some of the more frequently asked questions concerning the City of Rancho Cordova's budget. Additional definitions of terms used in the budget document are provided for in the Glossary of Terms and Acronyms. All questions concerning the City of Rancho Cordova's budget should be directed to the Finance Department at 2729 Prospect Park Drive, Rancho Cordova, CA 95670, phone number (916) 851-8700. This report will also be provided on the City's website at: www.cityofranhocordova.org under the Finance Department's page. You can also log onto our website and click on "*Submit a Question, Complaint, Comment or Suggestion*" to submit your question/request.

GLOSSARY OF TERMS

ADOPTED BUDGET	The City Council approved annual budget establishing the legal authority for the expenditure of funds as set forth in the Appropriation Resolution.
ACCRUAL/ACCRUAL BASIS OF ACCOUNTING	A method of accounting that recognizes the financial effect of transactions, events and inter-fund activities when they occur, regardless of the timing of related cash flows.
ANNUAL FINANCIAL REPORT	A financial report applicable to a single fiscal year.
APPROPRIATION	An authorization made by the City Council, which permits officials to incur obligations against and to make expenditures of resources. Appropriations are usually made to fixed amounts and are typically granted for a one-year period.
ASSESSED VALUATION	A valuation set upon real estate or other property by a government as a basis for a tax levy.
AUDIT	A view of the City accounts by an independent auditing firm to substantiate year-end fund, salaries, reserves and cash on hand.
BEGINNING/ENDING FUND BALANCE	Appropriated resources available in a fund from the prior/current year after payment of the prior/current year's expenses. This is not necessarily cash on hand.
BOND	A City may raise capital by issuing a written promise to pay a specific sum of money, called the face value or principal amount, at a specified date or dates in the future, together with periodic interest at a specified rate.
BUDGET	A plan of financial operation embodying an estimate of proposed appropriations for a given period of time and the proposed means of financing them.
BUDGETARY BASIS	The method of accounting applied to the budgetary accounts and process.
BUDGETARY CONTROL	The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of appropriations and available resources.
BUDGET MESSAGE OR BUDGET TRANSMITTAL LETTER	A general discussion of the proposed budget as presented in writing by the City Manager to the City Council. The message contains an explanation of principal budget items and summaries found in the prepared budget relative to the current year adopted budget.

BUDGETARY BASIS	The form of accounting utilized throughout the budget process.
DEBT SERVICE	Payment of interest and repayment of principal to holders of the City's debt instruments (bonds).
DEBT SERVICE FUND	Governmental fund type used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.
DEFICIT	An excess of expenditures or expenses over resources.
DEPARTMENT	An operational and budgetary unit designated by the City Council to define and organize City operations.
DEPRECIATION	The portion of the cost of a fixed-asset charged as an expense prorated over the estimated life of the asset.
ENCUMBRANCE	An amount of money committed for the payment of goods and services not yet received or paid for. A purchase order is a common encumbrance.
ESTIMATED REVENUES	The budgeted, projected revenues expected to be realized during the budget (fiscal) year to finance all or part of the planned expenditures.
EXPENDITURE	The actual payment for goods and services.
EXPENSES	The incurrence of liabilities or the consumption of assets arising from the delivery or production of goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operation. The term applies to the City's Enterprise and Internal Service Funds.
FISCAL YEAR (FY)	A 12-month period of time to which the budget applies. For the City of Rancho Cordova it is July 1 st through June 30 th .
FIXED ASSET	A long-lived tangible asset obtained or controlled as a result of past transactions, events or circumstances. Fixed assets include land, buildings, equipment, improvements to other assets and infrastructure (i.e., streets, highways, bridges, etc.).
FULL TIME EQUIVALENT (FTE) POSITION	The amount of time a position has been budgeted for in terms of the amount of time a regular, full-time employee normally works in a year (2,080 hours).
FUND	An accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities, or balances and changes therein are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

FUND BALANCE	The difference between the assets (revenues and other resources) and liabilities (expenditures incurred or committed to) for a particular fund. It also represents the accumulated net resources of a fund available for reservation, designation or for appropriation.
GANN	Refers to the last name of the individual who championed Proposition 13 and secured the passage of the constitutional amendment that led to the property tax rollback in the 1970's.
GASB	Governmental Accounting Standards Board.
GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP)	Uniform minimum standards and guidelines for accounting and reporting. These standards govern the form and content of the annual financial statements of an entity. The primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board (GASB).
GENERAL FUND	The primary governmental fund used to account for all financial resources, except those required to be accounted for in another fund.
GENERAL PLAN	A comprehensive, long-range policy guide intended to promote efficient and desirable growth in the community.
GOVERNMENTAL FUNDS	Distinguished by their measurement focus on determining financial position and changes in financial position.
GRANTS	Contributions of gifts or cash or other assets from another government to be used or expended for a specific purpose, activity or facility.
INFRASTRUCTURE	Facilities that support the continuance and growth of a community. Examples include roads, water lines, sewers, public buildings, parks and airports.
INTERFUND TRANSFERS	Monies moved from one fund to another. The money is transferred to finance the operations of another fund or to reimburse the fund for expenses.
LINE ITEM	The description of an object of expenditure, i.e. salaries, supplies, professional services and other operational costs.
MAINTENANCE & OPERATION (M&O) COSTS	The day-to-day operating and maintenance costs of a municipality. These costs include personnel, gas, electric utility bills, telephone expense, reproduction costs, postage and vehicle maintenance

MODIFIED ACCRUAL	An adaptation of the accrual basis of accounting for governmental funds types. Revenues and other financing resources are recognized when they become available to finance expenditures of the current period. Expenditures are recognized when the fund liability is incurred.
NOTES	A paper that acknowledges a debt and promises payment to a specified party of a specific sum, describing a time of maturity that is either definite or will become definite.
OBJECT	An individual expenditure account.
OBJECTIVE	A measurable output that an organization strives to achieve within a designated time frame. The achievement of the objective advances an organization toward a corresponding goal.
OPERATING BUDGET	Plans of current expenditures and the proposed means of financing them. The annual operating budget, as distinguished from the capital program budget, is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled.
OPERATING DEFICIT	The deficiency of operating revenues under expenditures.
OPERATING EXPENSES	Expenditures for materials, supplies and services which are ordinarily consumed within a fiscal year and which are not included in the program inventories.
OPERATING SURPLUS	The excess of operating revenues over operating expenditures.
ORDINANCE	A formal legislative enactment by the City Council. It is the full force and effect of law within the City boundaries unless preempted by a higher form of law.
PERFORMANCE MEASURES	Measurement of service performance indicators that reflect the amount of money spent on services and the resulting outcomes at a specific level of services provided.
PROGRAM	A group of related activities performed by one or more organizational units for the purpose of accomplishing a City responsibility.
PROPOSED BUDGET	This refers to the status of an annual budget, which has been submitted to the City Council by the City Manager and is pending public review and City Council adoption. Also referred to as the "Preliminary Budget".

RESERVE	An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriations.
RESOLUTION	A special order of the City Council, which has a lower legal standing than an ordinance.
RESOURCES	Total amounts available for appropriation including estimated revenues, fund transfers and beginning fund balances.
RETAINED EARNINGS	An equity account reflecting the accumulated earnings of an enterprise or internal service fund.
REVENUE	Income received through such sources as taxes, fines, fees, grants or service charges that can be used to finance operations or capital assets.
RISK MANAGEMENT	An organized attempt to protect an organization's assets against accidental loss in the most cost effective manner.
SELF INSURANCE	A term often used to describe the retention by an entity of a risk of loss arising out of the ownership of property or the activity of the agency. It is distinguished from the transfer of risk to a third party (insurance company).
SERVICE EFFORT	A measure of expected output by a budgetary program.
SPECIAL REVENUE FUNDS	A governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.
SUBVENTIONS	Revenues collected by the State (or other level of government), which are allocated to the City on a formula basis. The major subventions received by the City come from the State of California and include motor vehicle in-lieu and gas tax.
TAX ALLOCATION BONDS	A bond issued that has a specific tax revenue source that backs the payment of the debt. In the City, these are not issued for General Fund purposes.
TRANSFER IN/OUT	Movement of resources between two funds. Example: An interfund transfer would include the transfer of operating resources from the General Fund to an Enterprise Fund.
TRANSIENT OCCUPANCY TAX (TOT)	This revenue source originates in a tax placed on lodging facilities for the occupancy of a room. Rancho Cordova has a 12% tax for such occupancies.
TRUST FUNDS	Funds held by the City that are subject to the terms of the trust that created the source of funding.

USER CHARGES	The payment of a fee in direct receipt of a public service by the party who benefits from the service.
WORKLOAD INDICATORS	Statistical information that indicates the demands for services within a given department or division. Workload indicators are a type of performance measure utilized by departments or divisions to assess its level of service.

ACRONYMS

Throughout the budget, acronyms are used that are familiar to those in government but are quite unfamiliar to those who do not work in that setting. Efforts were made to list as many of those that were used in the budget document and follow:

ABC	Alcohol Beverage Control
AIA	American Institute of Architects
ADA	Americans with Disabilities Act
CACED	California Association of Code Enforcement Officers
CSAC	California Association of Counties
CEQA	California Environmental Quality Act
CIP	Capital Improvement Plan
