## Pet Licensing in the City of Rancho Cordova

### **It's inexpensive**

Pet licensing and vaccination is an inexpensive way to ensure the safety and well-being of your pet. Consider the time and costs that you could pay to find a lost pet, or to treat a sick unvaccinated animal. Licensing and vaccination is required by law, and there are penalties if your pet is not licensed.

### **Lost pets are more likely to be reunited with owners**

Pet licensing improves the likelihood that a lost pet is reunited with its owner. Your pets can't speak for themselves; their license does. If a pet is brought into the shelter with a license, the owner will be notified by phone and by mail, and the pet will be given more time to be reclaimed.

### **It's easy**

Just fill out the form or call for information. All you need for the license is a **copy of your pet's current rabies certificate** and a **copy of the spay/neuter certificate** if applicable.

Please note we can only issue a license through the expiration date of the rabies.

If the rabies shot is not good for at least a year, you may want to consider getting an updated vaccine.

### **It's the right, responsible thing to do**

Licensing and vaccination is the first step towards being a responsible pet guardian, and is important to your pet's, and your family's overall health and safety. When you take your pet to be vaccinated you establish a relationship with a local vet. It's a comfort to know that if your pet becomes ill, or injured, there will be someone there to help right away.
