

NEIGHBORWOODS IS COMING TO YOUR NEIGHBORHOOD

NeighborWoods is an initiative that brings FREE trees to Rancho Cordova neighborhoods. And the Sunriver Neighborhood is IN!

WHAT:

Plant beautiful FREE trees in Sunriver to create tree-lined streets, shaded parks and schools, and tree canopied back and front yards. Hole digging support and irrigation supplies will be provided.

HOW:

The City of Rancho Cordova, in cooperation with the Sacramento Tree Foundation and SMUD, will provide you with the trees, tools, expertise, and education necessary to support your own neighborhood planting event.

WHO:

YOU! We need neighbors to sign up to participate by contacting Pam Britton at imbritton@yahoo.com or 916-768-2125.

WHEN:

We are hosting a tree planting event on April 22, 2017. Please join our team of neighbors committed to the Sunriver NeighborWoods project.

Support Sunriver's inaugural NeighborWoods FREE tree planting event!

In May, we hosted a community tree planting day in Lincoln Village. Over 70 volunteers joined in to plant 100 trees and share in the neighborhood spirit.
