

NEIGHBORWOODS IS COMING TO YOUR NEIGHBORHOOD

NeighborWoods is an initiative that brings FREE trees to Rancho Cordova neighborhoods. And the Cordova Gardens Neighborhood is IN!

WHAT:

Plant beautiful FREE trees in Cordova Gardens to create tree-lined streets, shaded parks and schools, and tree canopied back and front yards. Hole digging support and irrigation supplies will be provided.

HOW:

The City of Rancho Cordova, in cooperation with the Sacramento Tree Foundation and SMUD, will provide you with the trees, tools, expertise, and education necessary to support your own neighborhood planting.

WHO:

YOU! We need neighbors to sign up to participate by contacting your neighborhood volunteer, Jacobe Caditz, at jccaditz@gmail.com.

WHEN:

We are hosting a tree planting event on April 8, 2017. Please join our team of neighbors committed to the Cordova Gardens NeighborWoods project.

Support Cordova Gardens' inaugural NeighborWoods FREE tree planting event!

In May, we hosted a community tree planting day in Lincoln Village. Over 70 volunteers joined in to plant 100 trees and share in the neighborhood spirit.
