

Statement of Intent for Non-heated and/or Non-air Conditioned Buildings

I, _____, owner of the building to be constructed

as a _____ under building permit No. _____

at the following location: _____,

hereby certify, under penalty of perjury, that I **do not** intend to heat or cool this building in such a manner as to be subject to the State Energy Code.

I understand that, if I do heat or cool this building in the future, I will be required to have a permit prior to beginning any work, and will be subject to the State-mandated energy requirements in effect at that time.

Also, I understand that if I change the use or occupancy of this building in the future it may be necessary to redesign and/or alter:

1. The building envelope.
2. The insulation requirements.
3. The heating, ventilating, and air conditioning equipment.
4. The service water heating.
5. The building lighting to comply with the State-mandated energy requirements.

I understand that any of the above changes will require me to obtain the necessary permits, inspections, and approval from the City of Rancho Cordova Building & Safety Division.
